

1.1 moves to amend H.F. No. 1996 as follows:

1.2 Page 3, after line 27, insert:

1.3 "(f) Permits with a testing route that includes railroad crossings may be approved where
1.4 grade separated railroad crossings are available. When grade separated crossings are not
1.5 available, a highly automated vehicle must be capable of interacting properly with at-grade
1.6 railroad crossing signalization and operations. Prior to granting a permit with a testing route
1.7 that includes an at-grade railroad crossing, the commissioner must consult with the railroad
1.8 companies operating the railroad and include necessary restrictions within the permit."
