Overview

Modifies the contents of the proposed property tax statement. This bill would require that each jurisdiction's website be listed on the statement, remove the summary budget information from the statement, and require that the overall change in levy for the county, each city in the county, and each school district in the county be included on the statement.

This bill also gives counties the option to require local jurisdictions to reimburse the county for costs related to preparing and mailing the proposed property tax statement that are not reimbursed by the Department of Revenue, if the county chooses to do so. Under current law, local jurisdictions must reimburse the county for these costs.

Effective date: This section is effective beginning with property taxes payable in 2024.
