## Overview

This bill appropriates \$109,000,000 in fiscal year 2024 for the commissioner of management and budget to make payments for settling litigation related to the retention of tax-forfeited lands, surplus proceeds from the sale of tax-forfeited lands, and mineral rights in those lands. Payment under the terms of the settlement may be made from the appropriation for properties located in participating counties. Participating counties must elect to participate in the settlement, agree to provide the commissioner with necessary property tax data, agree to make a good faith effort to sell any remaining properties that forfeited prior to 2024, and remit to the state a portion of the proceeds from those sales.
