

Grassy Point Bridge

- Railroad viaduct/bridge that connects Superior WI and Duluth MN
- Center section is a swing bridge that allows navigation

Grassy Point Bridge

- The Grassy Point Bridge is a critical rail connection between WI and MN
- This route also carries rail traffic between Minneapolis and Duluth
- The equipment that operates the swing bridge needs to be upgraded to restore reliability
- \$17.5 million (\$2017)
- A recent failure of the swing bridge paralyzed rail traffic in the region

- Northern Lights Express will use this bridge
- Bridge upgrades are necessary to ensure NLX operates reliably and on schedule
