

**Subject** Open meeting participation conditions from nonpublic location  
amended

**Authors** Koegel

**Analyst** Chelsea Griffin

**Date** January 17, 2023

## Summary

Under current law, a member of certain public bodies may participate in an open meeting from a nonpublic location up to three times under certain circumstances, including due to personal or family medical reasons. However, this exception only applies when a state of emergency has been declared under section 12.31. This bill removes the state of emergency limitation on this exception.
