State Cost (Savings) Calculation Details

This table shows direct impact to state government only. Local government impact, if any, is discussed in the narrative. Reductions are shown in parentheses.

*Transfers In/Out and Absorbed Costs are only displayed when reported.

State Cost (Savings) = 1-2		Biennium			Biennium	
Dollars in Thousands	FY2023	FY2024	FY2025	FY2026	FY2027	
Total	-	-	-	-	-	-
Biennial Total			-			-
1 - Expenditures, Absorbed Costs*, Transfers Out*						
Total	-	-	-	-	-	-
Biennial Total			-			-
2 - Revenues, Transfers In*						
Total	-	-	-	-	-	-
Biennial Total			-			-

Bill Description

This bill updates language in M.S. Chapters 18G and 18H to remove redundant and confusing terms related to nursery inspection and invasive species. This bill will not have a significant impact on the programmatic operation of the Minnesota Department of Agriculture (MDA). The most significant change in the bill is that non-profit organizations and municipalities that offer plants for planting on public property now need to have a nursery certificate. However, there would be no fee assessed for these certificates.

Assumptions

The MDA assumes that the number of non-profit organizations and municipalities needing nursery certificates to sell trees will not be large enough to have a significant impact on certificate issuance. The MDA assumes that all other proposed changes are technical and will have little impact on program operation.

Expenditure and/or Revenue Formula
