22.29 Subd. 3b. **Change in employee and employer contributions in certain instances.**

22.30 (a) For purposes of this section:

22.31 (1) a contribution sufficiency exists if the total of the employee contribution under
 22.32 subdivision 2, the employer contribution under subdivision 3, the additional employer
 22.33 contribution under subdivision 3a, and any additional contribution previously imposed

23.1 under this subdivision exceeds the total of the normal cost, the administrative expenses,
23.2 and the amortization contribution of the general employees retirement plan as reported in
23.3 the most recent actuarial valuation of the retirement plan prepared by the actuary retained
23.4 under section 356.214 and prepared under section 356.215 and the standards for actuarial
23.5 work of the Legislative Commission on Pensions and Retirement; and

23.6 (2) a contribution deficiency exists if the total of the employee contributions under
23.7 subdivision 2, the employer contributions under subdivision 3, the additional employer
23.8 contribution under subdivision 3a, and any additional contribution previously imposed
23.9 under this subdivision is less than the total of the normal cost, the administrative expenses,
23.10 and the amortization contribution of the general employees retirement plan as reported in
23.11 the most recent actuarial valuation of the retirement plan prepared by the actuary retained
23.12 under section 356.214 and prepared under section 356.215 and the standards for actuarial
23.13 work of the Legislative Commission on Pensions and Retirement.

23.14 (b) Employee and employer contributions to the general employees retirement plan
23.15 under subdivisions 2 and 3 must be adjusted:

23.16 (1) if, ~~on or after July 1, 2010,~~ the regular actuarial valuation of the general employees
23.17 retirement plan of the Public Employees Retirement Association under section 356.215
23.18 indicates that there is a contribution sufficiency under paragraph (a) greater than one
23.19 percent of covered payroll and that the sufficiency has existed for at least two consecutive
23.20 years, the coordinated program employee and employer contribution rates must be
23.21 decreased as determined under paragraph (c) to a level such that the sufficiency is no
23.22 greater than one percent of covered payroll based on the most recent actuarial valuation; or

23.23 (2) if, ~~on or after July 1, 2010,~~ the regular actuarial valuation of the general
23.24 employees retirement plan of the Public Employees Retirement Association under section
23.25 356.215 indicates that there is a contribution deficiency equal to or greater than 0.5 percent
23.26 of covered payroll and that the deficiency has existed for at least two consecutive years,
23.27 the coordinated program employee and employer contribution rates must be increased
23.28 as determined under paragraph (d) to a level such that no deficiency exists based on the
23.29 most recent actuarial valuation.

23.30 (c) If the actuarially required contribution of the general employees retirement plan is
23.31 less than the total support provided by the combined employee and employer contribution
23.32 rates under subdivisions 2, 3, and 3a, by more than one percent of covered payroll,
23.33 the general employees retirement plan coordinated program employee and employer
23.34 contribution rates under subdivisions 2 and 3 must be decreased incrementally over one or
23.35 more years by no more than 0.25 percent of pay each for employee and employer matching
23.36 contribution rates to a level such that there remains a contribution sufficiency of at least one

24.1 percent of covered payroll. No contribution rate decrease may be made until at least two
24.2 years have elapsed since any adjustment under this subdivision has been fully implemented.

24.3 (d) If the actuarially required contribution exceeds the total support provided by the
24.4 combined employee and employer contribution rates under subdivisions 2, 3, and 3a,
24.5 the employee and matching employer contribution rates must be increased equally to
24.6 eliminate that contribution deficiency. If the contribution deficiency is:

24.7 (1) less than two percent, the incremental increase may be up to 0.25 percent for the
24.8 general employees retirement plan employee and matching employer contribution rates;

24.9 (2) greater than 1.99 percent and less than 4.01 percent, the incremental increase
24.10 may be up to 0.5 percent for the employee and matching employer contribution rates; or

24.11 (3) greater than four percent, the incremental increase may be up to 0.75 percent for
24.12 the employee and matching employer contribution.

24.13 (e) The general employees retirement plan contribution sufficiency or deficiency
24.14 determination under paragraphs (a) to (d) must be made without the inclusion of the
24.15 contributions to, the funded condition of, or the actuarial funding requirements of the
24.16 MERF division.

24.17 (f) Any recommended adjustment to the contribution rates must be reported to the
24.18 chair and the executive director of the Legislative Commission on Pensions and Retirement
24.19 by January 15 following the receipt of the most recent annual actuarial valuation prepared
24.20 under section 356.215. If the Legislative Commission on Pensions and Retirement does
24.21 not recommend against the rate change or does not recommend a modification in the rate
24.22 change, the recommended adjustment becomes effective on the first day of the first full
24.23 payroll period in the fiscal year for any salary paid on or after the January 1 next following
24.24 receipt of the most recent actuarial valuation that gave rise to the adjustment the legislative
24.25 session in which the Legislative Commission on Pensions and Retirement did not take any
24.26 action to disapprove or modify the Public Employees Retirement Association Board of
24.27 Trustees' recommendation to adjust the employee and employer rates.

24.28 (g) A contribution sufficiency of up to one percent of covered payroll must be held in
24.29 reserve to be used to offset any future actuarially required contributions that are more than
24.30 the total combined employee and employer contributions under subdivisions 2, 3, and 3a.

24.31 (h) Before any reduction in contributions to eliminate a sufficiency in excess of one
24.32 percent of covered pay may be recommended, the executive director must review any
24.33 need for a change in actuarial assumptions, as recommended by the actuary retained under
24.34 section 356.214 in the most recent experience study of the general employees retirement
24.35 plan prepared under section 356.215 and the standards for actuarial work promulgated by
24.36 the Legislative Commission on Pensions and Retirement that may result in an increase

25.1 in the actuarially required contribution and must report to the Legislative Commission
25.2 on Pensions and Retirement any recommendation by the board to use the sufficiency
25.3 exceeding one percent of covered payroll to offset the impact of an actuarial assumption
25.4 change recommended by the actuary retained under section 356.214, subdivision 1, and
25.5 reviewed by the actuary retained by the commission under section 356.214, subdivision 4.

25.6 (i) No contribution sufficiency in excess of one percent of covered pay may be
25.7 proposed to be used to increase benefits, and no benefit increase may be proposed that
25.8 would initiate an automatic adjustment to increase contributions under this subdivision.
25.9 Any proposed benefit improvement must include a recommendation, prepared by the
25.10 actuary retained under section 356.214, subdivision 1, and reviewed by the actuary
25.11 retained by the Legislative Commission on Pensions and Retirement as provided under
25.12 section 356.214, subdivision 4, on how the benefit modification will be funded.

25.13 **EFFECTIVE DATE.** This section is effective the day following final enactment.

44.7 Sec. 9. Minnesota Statutes 2013 Supplement, section 354.44, subdivision 6, is
 44.8 amended to read:

44.9 Subd. 6. **Computation of formula program retirement annuity.** (a) The formula
 44.10 retirement annuity must be computed in accordance with the applicable provisions of the
 44.11 formulas stated in paragraph (b) or (d) on the basis of each member's average salary under
 44.12 section 354.05, subdivision 13a, for the period of the member's formula service credit.

44.13 (b) This paragraph, in conjunction with paragraph (c), applies to a person who first
 44.14 became a member of the association or a member of a pension fund listed in section
 44.15 356.30, subdivision 3, before July 1, 1989, unless paragraph (d), in conjunction with
 44.16 paragraph (e), produces a higher annuity amount, in which case paragraph (d) applies. The
 44.17 average salary as defined in section 354.05, subdivision 13a, multiplied by the following
 44.18 percentages per year of formula service credit shall determine the amount of the annuity to
 44.19 which the member qualifying therefor is entitled for service rendered before July 1, 2006:

44.20	<u>Period</u>	Coordinated Member	Basic Member
44.21	Each year of service	1.2 percent per year	2.2 percent per year
44.22	during first ten		
44.23	Each year of service	1.7 percent per year	2.7 percent per year
44.24	thereafter		

44.25 For service rendered on or after July 1, 2006, by a member other than a member
 44.26 who was a member of the former Duluth Teachers Retirement Fund Association between
 44.27 January 1, 2006, and June 30, 2015, and for service rendered on or after July 1, 2013, by a
 44.28 member who was a member of the former Duluth Teachers Retirement Fund Association
 44.29 between January 1, 2013, and June 30, 2015, the average salary as defined in section
 44.30 354.05, subdivision 13a, multiplied by the following percentages per year of service credit,
 44.31 determines the amount the annuity to which the member qualifying therefor is entitled:

44.32	<u>Period</u>	Coordinated Member	Basic Member
44.33	Each year of service	1.4 percent per year	2.2 percent per year
44.34	during first ten		
44.35	Each year of service after	1.9 percent per year	2.7 percent per year
44.36	ten years of service		

45.1 (c)(i) This paragraph applies only to a person who first became a member of the
45.2 association or a member of a pension fund listed in section 356.30, subdivision 3, before
45.3 July 1, 1989, and whose annuity is higher when calculated under paragraph (b), in
45.4 conjunction with this paragraph than when calculated under paragraph (d), in conjunction
45.5 with paragraph (e).

45.6 (ii) Where any member retires prior to normal retirement age under a formula
45.7 annuity, the member shall be paid a retirement annuity in an amount equal to the normal
45.8 annuity provided in paragraph (b) reduced by one-quarter of one percent for each month
45.9 that the member is under normal retirement age at the time of retirement except that for
45.10 any member who has 30 or more years of allowable service credit, the reduction shall be
45.11 applied only for each month that the member is under age 62.

45.12 (iii) Any member whose attained age plus credited allowable service totals 90 years
45.13 is entitled, upon application, to a retirement annuity in an amount equal to the normal
45.14 annuity provided in paragraph (b), without any reduction by reason of early retirement.

45.15 (d) This paragraph applies to a member who has become at least 55 years old and
45.16 first became a member of the association after June 30, 1989, and to any other member
45.17 who has become at least 55 years old and whose annuity amount when calculated under
45.18 this paragraph and in conjunction with paragraph (e), is higher than it is when calculated
45.19 under paragraph (b), in conjunction with paragraph (c). For a basic member, the average
45.20 salary, as defined in section 354.05, subdivision 13a, multiplied by 2.7 percent for each
45.21 year of service for a basic member determines the amount of the retirement annuity to
45.22 which the basic member is entitled. The annuity of a basic member who was a member of
45.23 the former Minneapolis Teachers Retirement Fund Association as of June 30, 2006, must
45.24 be determined according to the annuity formula under the articles of incorporation of the
45.25 former Minneapolis Teachers Retirement Fund Association in effect as of that date. For a
45.26 coordinated member, the average salary, as defined in section 354.05, subdivision 13a,
45.27 multiplied by 1.7 percent for each year of service rendered before July 1, 2006, and by 1.9
45.28 percent for each year of service rendered on or after July 1, 2006, for a member other than
45.29 a member who was a member of the former Duluth Teachers Retirement Fund Association
45.30 between January 1, 2006, and June 30, 2015, and by 1.9 percent for each year of service
45.31 rendered on or after July 1, 2013, for a member of the former Duluth Teachers Retirement
45.32 Fund Association between January 1, 2013, and June 30, 2015, determines the amount of
45.33 the retirement annuity to which the coordinated member is entitled.

45.34 (e) This paragraph applies to a person who has become at least 55 years old and first
45.35 becomes a member of the association after June 30, 1989, and to any other member who
45.36 has become at least 55 years old and whose annuity is higher when calculated under

46.1 paragraph (d) in conjunction with this paragraph than when calculated under paragraph
46.2 (b), in conjunction with paragraph (c). An employee who retires under the formula annuity
46.3 before the normal retirement age shall be paid the normal annuity provided in paragraph
46.4 (d) reduced so that the reduced annuity is the actuarial equivalent of the annuity that
46.5 would be payable to the employee if the employee deferred receipt of the annuity and the
46.6 annuity amount were augmented at an annual rate of three percent compounded annually
46.7 from the day the annuity begins to accrue until the normal retirement age if the employee
46.8 became an employee before July 1, 2006, and at 2.5 percent compounded annually if the
46.9 employee becomes an employee after June 30, 2006. Except in regards to section 354.46,
46.10 this paragraph remains in effect until June 30, 2015.

46.11 (f) After June 30, 2020, this paragraph applies to a person who has become at least
46.12 55 years old and first becomes a member of the association after June 30, 1989, and to any
46.13 other member who has become at least 55 years old and whose annuity is higher when
46.14 calculated under paragraph (d) in conjunction with this paragraph than when calculated
46.15 under paragraph (b) in conjunction with paragraph (c). An employee who retires under
46.16 the formula annuity before the normal retirement age is entitled to receive the normal
46.17 annuity provided in paragraph (d). For a person who is at least age 62 or older and has at
46.18 least 30 years of service, the annuity must be reduced by an early reduction factor of six
46.19 percent per year of the annuity that would be payable to the employee if the employee
46.20 deferred receipt of the annuity and the annuity amount were augmented at an annual rate
46.21 of three percent compounded annually from the day the annuity begins to accrue until the
46.22 normal retirement age if the employee became an employee before July 1, 2006, and at 2.5
46.23 percent compounded annually if the employee became an employee after June 30, 2006.
46.24 For a person who is not at least age 62 or older and does not have at least 30 years of
46.25 service, the annuity would be reduced by an early reduction factor of four percent per year
46.26 for ages 55 through 59 and seven percent per year of the annuity that would be payable
46.27 to the employee if the employee deferred receipt of the annuity and the annuity amount
46.28 were augmented at an annual rate of three percent compounded annually from the day
46.29 the annuity begins to accrue until the normal retirement age if the employee became an
46.30 employee before July 1, 2006, and at 2.5 percent compounded annually if the employee
46.31 became an employee after June 30, 2006.

46.32 (g) After June 30, 2015, and before July 1, 2020, for a person who would have
46.33 a reduced retirement annuity under either paragraph (e) or (f) if they were applicable,
46.34 the employee is entitled to receive a reduced annuity which must be calculated using
46.35 a blended reduction factor augmented monthly by 1/60 of the difference between the
46.36 reduction required under paragraph (e) and the reduction required under paragraph (f).

47.1 (h) No retirement annuity is payable to a former employee with a salary that exceeds
47.2 95 percent of the governor's salary unless and until the salary figures used in computing
47.3 the highest five successive years average salary under paragraph (a) have been audited by
47.4 the Teachers Retirement Association and determined by the executive director to comply
47.5 with the requirements and limitations of section 354.05, subdivisions 35 and 35a.

 92.22 designated percentage rate is multiplied by
 92.23 the result of the designated integer minus T,
 92.24 where T is the number of completed years
 92.25 of service, and is added to the applicable
 92.26 future salary increase assumption. The
 92.27 designated select period is ten years and
 92.28 the designated integer is ten for the Duluth

97.3	At least 80 percent but less than 90	
97.4	percent	2 percent

97.5 (b) The amount determined under paragraph (a) is the full postretirement increase
 97.6 to be applied as a permanent increase to the regular payment of each eligible member
 97.7 on January 1 of the next calendar year. For any eligible member whose effective date

 97.11 which the postretirement increase is applied, calculated to the third decimal place.

97.12 (c) If the accrued liability funding ratio based on the actuarial value of assets is at

107.34 investments under paragraphs (g) and (h) and equity investments under paragraph (i),

107.36 the covered plan's market value.

108.1 **EFFECTIVE DATE.** This section is effective the day following final enactment.

108.2 Sec. 4. Minnesota Statutes 2012, section 356A.06, subdivision 7a, is amended to read:

108.3 Subd. 7a. **Restrictions.** Any agreement to lend securities must be concurrently
108.4 collateralized with cash or securities with a market value of not less than 100 percent of the
108.5 market value of the loaned securities at the time of the agreement. For a covered pension
108.6 authorized to purchase put and call options and futures contracts under subdivision 7, any
108.7 agreement for put and call options and futures contracts may only be entered into with a
108.8 fully offsetting amount of cash or securities. Only securities authorized by this section,
108.9 excluding those under subdivision 7, paragraph ~~(g)~~ (h), clause (1), items (i) to (iv), may be
108.10 accepted as collateral or offsetting securities.

108.11 **EFFECTIVE DATE.** This section is effective the day following final enactment.

108.12 Sec. 5. Minnesota Statutes 2012, section 424A.015, is amended by adding a
108.13 subdivision to read:

108.14 Subd. 6. **Governing benefit plan provisions.** A service pension or ancillary benefit
108.15 payable under this chapter is governed by and must be calculated under the general statute,
108.16 special law, relief association articles of incorporation, and relief association bylaw
108.17 provisions applicable on the date on which the member separated from active service with
108.18 the fire department and active membership in the relief association.

108.19 **EFFECTIVE DATE.** This section is effective the day following final enactment.

108.20 Sec. 6. Minnesota Statutes 2012, section 424A.016, subdivision 4, is amended to read:

108.21 Subd. 4. **Individual accounts.** (a) An individual account must be established for
108.22 each firefighter who is a member of the relief association.

108.23 (b) To each individual active member account must be credited an equal share of:

108.24 (1) any amounts of fire state aid received by the relief association;

108.25 (2) any amounts of municipal contributions to the relief association raised from
108.26 levies on real estate or from other available municipal revenue sources exclusive of fire
108.27 state aid; and

108.28 (3) any amounts equal to the share of the assets of the special fund to the credit of:

108.29 (i) any former member who terminated active service with the fire department to
108.30 which the relief association is associated before meeting the minimum service requirement
108.31 provided for in subdivision 2, paragraph (b), and has not returned to active service with
108.32 the fire department for a period no shorter than five years; or

109.1 (ii) any retired member who retired before obtaining a full nonforfeitable interest in
109.2 the amounts credited to the individual member account under subdivision 2, paragraph
109.3 (b), and any applicable provision of the bylaws of the relief association. In addition, any
109.4 investment return on the assets of the special fund must be credited in proportion to the
109.5 share of the assets of the special fund to the credit of each individual active member
109.6 account. Administrative expenses of the relief association payable from the special
109.7 fund may be deducted from individual accounts in a manner specified in the bylaws of
109.8 the relief association.

109.9 (c) If the bylaws so permit and as the bylaws define, the relief association may credit
109.10 any investment return on the assets of the special fund to the accounts of inactive members.

109.11 (d) Amounts to be credited to individual accounts must be allocated uniformly
109.12 for all years of active service and allocations must be made for all years of service,
109.13 except for caps on service credit if so provided in the bylaws of the relief association.
109.14 Amounts forfeited under paragraph (b), clause (3), before a resumption of active service
109.15 and membership under section 424A.01, subdivision 6, remain forfeited and may not be
109.16 reinstated upon the resumption of active service and membership. The allocation method
109.17 may utilize monthly proration for fractional years of service, as the bylaws or articles of
109.18 incorporation of the relief association so provide. The bylaws or articles of incorporation
109.19 may define a "month," but the definition must require a calendar month to have at least 16
109.20 days of active service. If the bylaws or articles of incorporation do not define a "month," a
109.21 "month" is a completed calendar month of active service measured from the member's
109.22 date of entry to the same date in the subsequent month.

109.23 (e) At the time of retirement under subdivision 2 and any applicable provision of the
109.24 bylaws of the relief association, a retiring member is entitled to that portion of the assets
109.25 of the special fund to the credit of the member in the individual member account which is
109.26 nonforfeitable under subdivision 3 and any applicable provision of the bylaws of the relief
109.27 association based on the number of years of service to the credit of the retiring member.

109.28 (f) Annually, the secretary of the relief association shall certify the individual
109.29 account allocations to the state auditor at the same time that the annual financial statement
109.30 or financial report and audit of the relief association, whichever applies, is due under
109.31 section 69.051.

109.32 **EFFECTIVE DATE.** This section is effective the day following final enactment.

109.33 Sec. 7. Minnesota Statutes 2013 Supplement, section 424A.016, subdivision 6, is
109.34 amended to read:

110.1 Subd. 6. **Deferred service pensions.** (a) A member of a relief association is entitled
110.2 to a deferred service pension if the member separates from active service and membership
110.3 and has completed the minimum service and membership requirements in subdivision 2.
110.4 The requirement that a member separate from active service and membership is waived
110.5 for persons who have discontinued their volunteer firefighter duties and who are employed
110.6 on a full-time basis under section 424A.015, subdivision 1.

110.7 (b) The deferred service pension is payable when the former member reaches at
110.8 least age 50, or at least the minimum age specified in the bylaws governing the relief
110.9 association if that age is greater than age 50, and when the former member makes a valid
110.10 written application.

110.11 (c) A defined contribution relief association may, if its governing bylaws so provide,
110.12 credit interest or additional investment performance on the deferred lump-sum service
110.13 pension during the period of deferral. If provided for in the bylaws, the interest must be
110.14 paid:

110.15 (1) at the investment performance rate actually earned on that portion of the assets
110.16 if the deferred benefit amount is invested by the relief association in a separate account
110.17 established and maintained by the relief association;

110.18 (2) at the investment performance rate actually earned on that portion of the assets
110.19 if the deferred benefit amount is invested in a separate investment vehicle held by the
110.20 relief association; or

110.21 (3) at the investment return on the assets of the special fund of the defined contribution
110.22 volunteer firefighter relief association in proportion to the share of the assets of the special
110.23 fund to the credit of each individual deferred member account through the accounting date
110.24 on which the investment return is recognized by and credited to the special fund.

110.25 (d) Unless the bylaws of a relief association that has elected to pay interest or
110.26 additional investment performance on deferred lump-sum service pensions under
110.27 paragraph (c) specifies a different interest or additional investment performance method,
110.28 including the interest or additional investment performance period starting date and ending
110.29 date, the interest or additional investment performance on a deferred service pension
110.30 is creditable as follows:

110.31 (1) for a relief association that has elected to pay interest or additional investment
110.32 performance under paragraph (c), clause (1) or (3), beginning on the date that the
110.33 member separates from active service and membership and ending on the accounting
110.34 date immediately before the deferred member commences receipt of the deferred service
110.35 pension; or

111.1 (2) for a relief association that has elected to pay interest or additional investment
111.2 performance under paragraph (c), clause (2), beginning on the date that the member
111.3 separates from active service and membership and ending on the date that the separate
111.4 investment vehicle is valued immediately before the date on which the deferred member
111.5 commences receipt of the deferred service pension.

111.6 ~~(e) The deferred service pension is governed by and must be calculated under~~
111.7 ~~the general statute, special law, relief association articles of incorporation, and relief~~
111.8 ~~association bylaw provisions applicable on the date on which the member separated from~~
111.9 ~~active service with the fire department and active membership in the relief association.~~

111.10 **EFFECTIVE DATE.** This section is effective the day following final enactment.

111.11 Sec. 8. Minnesota Statutes 2012, section 424A.016, subdivision 7, is amended to read:

111.12 Subd. 7. **Limitation on ancillary benefits.** (a) A defined contribution relief
111.13 association may only pay an ancillary benefit which would constitute an authorized
111.14 disbursement as specified in section 424A.05. The ancillary benefit for active members
111.15 must equal the vested and nonvested amount of the individual account of the member.

111.16 (b) For deferred members, the ancillary benefit must equal the vested amount of
111.17 the individual account of the member. For the recipient of installment payments of a
111.18 service pension, the ancillary benefit must equal the remaining balance in the individual
111.19 account of the recipient.

111.20 (c) If the bylaws permit and as defined by the bylaws, the relief association may pay
111.21 an ancillary benefit to, or on behalf of, a member who is not active or deferred.

111.22 (d)(1) If a survivor or death benefit is payable under the articles of incorporation or
111.23 bylaws, the benefit must be paid:

111.24 (i) as a survivor benefit to the surviving spouse of the deceased firefighter;

111.25 (ii) as a survivor benefit to the surviving children of the deceased firefighter if no
111.26 surviving spouse;

111.27 (iii) as a survivor benefit to a designated beneficiary of the deceased firefighter if no
111.28 surviving spouse or surviving children; or

111.29 (iv) as a death benefit to the estate of the deceased active or deferred firefighter if no
111.30 surviving spouse, no surviving children, and no beneficiary designated.

111.31 (2) If there are no surviving children, the surviving spouse may waive, in writing,
111.32 wholly or partially, the spouse's entitlement to a survivor benefit.

111.33 ~~(d)~~ (e) For purposes of this section, for a defined contribution volunteer fire relief
111.34 association, a trust created under chapter 501B may be a designated beneficiary. If a trust
111.35 payable to the surviving children organized under chapter 501B has been established as

112.1 authorized by this section and there is no surviving spouse, the survivor benefit may be
112.2 paid to the trust, notwithstanding the requirements of this section.

112.3 **EFFECTIVE DATE.** This section is effective the day following final enactment.

112.4 Sec. 9. Minnesota Statutes 2013 Supplement, section 424A.02, subdivision 3, is
112.5 amended to read:

112.6 Subd. 3. **Flexible service pension maximums.** (a) Annually on or before August
112.7 1 as part of the certification of the financial requirements and minimum municipal
112.8 obligation determined under section 424A.092, subdivision 4, or 424A.093, subdivision
112.9 5, as applicable, the secretary or some other official of the relief association designated
112.10 in the bylaws of each defined benefit relief association shall calculate and certify to the
112.11 governing body of the applicable ~~qualified~~ municipality the average amount of available
112.12 financing per active covered firefighter for the most recent three-year period. The amount
112.13 of available financing includes any amounts of fire state aid received or receivable by the
112.14 relief association, any amounts of municipal contributions to the relief association raised
112.15 from levies on real estate or from other available revenue sources exclusive of fire state
112.16 aid, and one-tenth of the amount of assets in excess of the accrued liabilities of the relief
112.17 association calculated under section 424A.092, subdivision 2; 424A.093, subdivisions 2
112.18 and 4; or 424A.094, subdivision 2, if any.

112.19 (b) The maximum service pension which the defined benefit relief association has
112.20 authority to provide for in its bylaws for payment to a member retiring after the calculation
112.21 date when the minimum age and service requirements specified in subdivision 1 are met
112.22 must be determined using the table in paragraph (c) or (d), whichever applies.

112.23 (c) For a defined benefit relief association where the governing bylaws provide for
112.24 a monthly service pension to a retiring member, the maximum monthly service pension
112.25 amount per month for each year of service credited that may be provided for in the bylaws
112.26 is the greater of the service pension amount provided for in the bylaws on the date of the
112.27 calculation of the average amount of the available financing per active covered firefighter
112.28 or the maximum service pension figure corresponding to the average amount of available

118.35 (e) For a defined benefit relief association in which the governing bylaws provide
118.36 for a monthly benefit service pension as an alternative form of service pension payment
118.37 to a lump-sum service pension, the maximum service pension amount for each pension
118.38 payment type must be determined using the applicable table contained in this subdivision.

118.39 (f) If a defined benefit relief association establishes a service pension in compliance
118.40 with the applicable maximum contained in paragraph (c) or (d) and the minimum average
118.41 amount of available financing per active covered firefighter is subsequently reduced
118.42 because of a reduction in fire state aid or because of an increase in the number of active

119.1 firefighters, the relief association may continue to provide the prior service pension
119.2 amount specified in its bylaws, but may not increase the service pension amount until
119.3 the minimum average amount of available financing per firefighter under the table in
119.4 paragraph (c) or (d), whichever applies, permits.

119.5 (g) No defined benefit relief association is authorized to provide a service pension in
119.6 an amount greater than the largest applicable flexible service pension maximum amount
119.7 even if the amount of available financing per firefighter is greater than the financing
119.8 amount associated with the largest applicable flexible service pension maximum.

119.9 (h) The method of calculating service pensions must be applied uniformly for all
119.10 years of active service. Credit must be given for all years of active service except for caps
119.11 on service credit if so provided in the bylaws of the relief association.

119.12 **EFFECTIVE DATE.** This section is effective the day following final enactment.

119.13 Sec. 10. Minnesota Statutes 2013 Supplement, section 424A.02, subdivision 7, is
119.14 amended to read:

119.15 Subd. 7. **Deferred service pensions.** (a) A member of a defined benefit relief
119.16 association is entitled to a deferred service pension if the member separates from active
119.17 service and membership and has completed the minimum service and membership
119.18 requirements in subdivision 1. The requirement that a member separate from active service
119.19 and membership is waived for persons who have discontinued their volunteer firefighter
119.20 duties and who are employed on a full-time basis under section 424A.015, subdivision 1.

119.21 (b) The deferred service pension is payable when the former member reaches at
119.22 least age 50, or at least the minimum age specified in the bylaws governing the relief
119.23 association if that age is greater than age 50, and when the former member makes a valid
119.24 written application.

119.25 (c) A defined benefit relief association that provides a lump-sum service pension
119.26 governed by subdivision 3 may, when its governing bylaws so provide, pay interest on the
119.27 deferred lump-sum service pension during the period of deferral. If provided for in the
119.28 bylaws, interest must be paid in one of the following manners:

119.29 (1) at the investment performance rate actually earned on that portion of the assets
119.30 if the deferred benefit amount is invested by the relief association in a separate account
119.31 established and maintained by the relief association;

119.32 (2) at the investment performance rate actually earned on that portion of the assets
119.33 if the deferred benefit amount is invested in a separate investment vehicle held by the
119.34 relief association; or

120.1 (3) at an interest rate of up to five percent, compounded annually, as set by the
120.2 board of trustees.

120.3 (d) Any change in the interest rate set by the board of ~~directors~~ trustees under
120.4 paragraph (c), clause (3), must be ratified by the governing body of the municipality
120.5 served by the fire department to which the relief association is directly associated, or by
120.6 the independent nonprofit firefighting corporation, as applicable.

120.7 (e) Interest under paragraph (c), clause (3), is payable beginning on the January 1
120.8 next following the date on which the deferred service pension interest rate as set by the
120.9 board of trustees was ratified by the governing body of the municipality served by the fire
120.10 department to which the relief association is directly associated, or by the independent
120.11 nonprofit firefighting corporation, as applicable.

120.12 (f) Unless the bylaws of a relief association that has elected to pay interest or
120.13 additional investment performance on deferred lump-sum service pensions under
120.14 paragraph (c) specifies a different interest or additional investment performance method,
120.15 including the interest or additional investment performance period starting date and ending
120.16 date, the interest or additional investment performance on a deferred service pension
120.17 is creditable as follows:

120.18 (1) for a relief association that has elected to pay interest or additional investment
120.19 performance under paragraph (c), clause (1) or (3), beginning on the first day of the
120.20 month next following the date on which the member separates from active service and
120.21 membership and ending on the last day of the month immediately before the month in
120.22 which the deferred member commences receipt of the deferred service pension; or

120.23 (2) for a relief association that has elected to pay interest or additional investment
120.24 performance under paragraph (c), clause (2), beginning on the date that the member
120.25 separates from active service and membership and ending on the date that the separate
120.26 investment vehicle is valued immediately before the date on which the deferred member
120.27 commences receipt of the deferred service pension.

120.28 (g) For a deferred service pension that is transferred to a separate account established
120.29 and maintained by the relief association or separate investment vehicle held by the relief
120.30 association, the deferred member bears the full investment risk subsequent to transfer and
120.31 in calculating the accrued liability of the volunteer firefighters relief association that pays
120.32 a lump-sum service pension, the accrued liability for deferred service pensions is equal
120.33 to the separate relief association account balance or the fair market value of the separate
120.34 investment vehicle held by the relief association.

120.35 ~~(h) The deferred service pension is governed by and must be calculated under~~
120.36 ~~the general statute, special law, relief association articles of incorporation, and relief~~

121.1 ~~association bylaw provisions applicable on the date on which the member separated from~~
121.2 ~~active service with the fire department and active membership in the relief association.~~

121.3 **EFFECTIVE DATE.** This section is effective the day following final enactment.

121.4 Sec. 11. Minnesota Statutes 2012, section 424A.05, subdivision 3, is amended to read:

121.5 Subd. 3. **Authorized disbursements from special fund.** Disbursements from the
121.6 special fund may not be made for any purpose other than one of the following:

121.7 (1) for the payment of service pensions to retired members of the relief association if
121.8 authorized and paid under law and the bylaws governing the relief association;

121.9 (2) for the purchase of an annuity for the applicable person under section 424A.015,
121.10 subdivision 3, for the transfer of service pension or benefit amounts to the applicable
121.11 person's individual retirement account under section 424A.015, subdivision 4, or to the
121.12 applicable person's account in the Minnesota deferred compensation plan under section
121.13 424A.015, subdivision 5;

121.14 (3) for the payment of temporary or permanent disability benefits to disabled
121.15 members of the relief association if authorized and paid under law and specified in amount
121.16 in the bylaws governing the relief association;

121.17 (4) for the payment of survivor benefits or for the payment of a death benefit to the
121.18 estate of the deceased active or deferred firefighter, if authorized and paid under law and
121.19 specified in amount in the bylaws governing the relief association;

121.20 (5) for the payment of the fees, dues and assessments to the Minnesota State Fire
121.21 Department Association and to the Minnesota ~~Area Relief~~ State Fire Chiefs Association
121.22 ~~Coalition~~ in order to entitle relief association members to membership in and the benefits
121.23 of these associations or organizations;

121.24 (6) for the payment of insurance premiums to the state Volunteer Firefighters Benefit
121.25 Association, or an insurance company licensed by the state of Minnesota offering casualty
121.26 insurance, in order to entitle relief association members to membership in and the benefits
121.27 of the association or organization; and

121.28 (7) for the payment of administrative expenses of the relief association as authorized
121.29 under section 69.80.

121.30 **EFFECTIVE DATE.** This section is effective the day following final enactment.

121.31 Sec. 12. Minnesota Statutes 2012, section 424A.08, is amended to read:

121.32 **424A.08 MUNICIPALITY WITHOUT RELIEF ASSOCIATION;**
121.33 **AUTHORIZED DISBURSEMENTS.**

122.1 (a) Any ~~qualified~~ municipality which is entitled to receive fire state aid but which
122.2 has no volunteer firefighters' relief association directly associated with its fire department
122.3 and which has no full-time firefighters with retirement coverage by the public employees
122.4 police and fire retirement plan shall deposit the fire state aid in a special account
122.5 established for that purpose in the municipal treasury. Disbursement from the special
122.6 account may not be made for any purpose except:

122.7 (1) payment of the fees, dues and assessments to the Minnesota State Fire
122.8 Department Association and to the state Volunteer Firefighters' Benefit Association in
122.9 order to entitle its firefighters to membership in and the benefits of these state associations;

122.10 (2) payment of the cost of purchasing and maintaining needed equipment for the
122.11 fire department; and

122.12 (3) payment of the cost of construction, acquisition, repair, or maintenance of
122.13 buildings or other premises to house the equipment of the fire department.

122.14 (b) A ~~qualified~~ municipality which is entitled to receive fire state aid, which has no
122.15 volunteer firefighters' relief association directly associated with its fire department, which
122.16 does not participate in the voluntary statewide lump-sum volunteer firefighter retirement
122.17 plan under chapter 353G, and which has full-time firefighters with retirement coverage
122.18 by the public employees police and fire retirement plan may disburse the fire state aid as
122.19 provided in paragraph (a), for the payment of the employer contribution requirement with
122.20 respect to firefighters covered by the public employees police and fire retirement plan under
122.21 section 353.65, subdivision 3, or for a combination of the two types of disbursements.

122.22 (c) A municipality that has no volunteer firefighters' relief association directly
122.23 associated with it and that participates in the voluntary statewide lump-sum volunteer
122.24 firefighter retirement plan under chapter 353G shall transmit any fire state aid that it
122.25 receives to the voluntary statewide lump-sum volunteer firefighter retirement fund.

122.26 **EFFECTIVE DATE.** This section is effective the day following final enactment.

122.27 Sec. 13. Minnesota Statutes 2013 Supplement, section 424A.092, subdivision 6,
122.28 is amended to read:

122.29 Subd. 6. **Municipal ratification for plan amendments.** If the special fund of
122.30 the relief association does not have a surplus over full funding under subdivision 3,
122.31 paragraph (c), clause (5), and if the municipality is required to provide financial support
122.32 to the special fund of the relief association under this section, the adoption of or any
122.33 amendment to the articles of incorporation or bylaws of a relief association which
122.34 increases or otherwise affects the retirement coverage provided by or the service pensions
122.35 or retirement benefits payable from the special fund of any relief association to which this

123.1 section applies is not effective until it is ratified by the governing body of the municipality
123.2 ~~in which the relief association is located~~ served by the fire department to which the
123.3 relief association is directly associated or by the independent nonprofit firefighting
123.4 corporation, as applicable, and the officers of a relief association shall not seek municipal
123.5 ratification prior to preparing and certifying an estimate of the expected increase in the
123.6 accrued liability and annual accruing liability of the relief association attributable to the
123.7 amendment. If the special fund of the relief association has a surplus over full funding
123.8 under subdivision 3, paragraph (c), clause (5), and if the municipality is not required to
123.9 provide financial support to the special fund of the relief association under this section,
123.10 the relief association may adopt or amend its articles of incorporation or bylaws which
123.11 increase or otherwise affect the retirement coverage provided by or the service pensions
123.12 or retirement benefits payable from the special fund of the relief association which are
123.13 effective without municipal ratification so long as this does not cause the amount of the
123.14 resulting increase in the accrued liability of the special fund of the relief association to
123.15 exceed 90 percent of the amount of the surplus over full funding reported in the prior year
123.16 and this does not result in the financial requirements of the special fund of the relief
123.17 association exceeding the expected amount of the future fire state aid to be received by
123.18 the relief association as determined by the board of trustees following the preparation
123.19 of an estimate of the expected increase in the accrued liability and annual accruing
123.20 liability of the relief association attributable to the change. If a relief association adopts or
123.21 amends its articles of incorporation or bylaws without municipal ratification under this
123.22 subdivision, and, subsequent to the amendment or adoption, the financial requirements
123.23 of the special fund of the relief association under this section are such so as to require
123.24 financial support from the municipality, the provision which was implemented without
123.25 municipal ratification is no longer effective without municipal ratification and any service
123.26 pensions or retirement benefits payable after that date may be paid only in accordance with
123.27 the articles of incorporation or bylaws as amended or adopted with municipal ratification.

123.28 **EFFECTIVE DATE.** This section is effective the day following final enactment.

123.29 Sec. 14. Minnesota Statutes 2013 Supplement, section 424A.093, subdivision 2,
123.30 is amended to read:

123.31 Subd. 2. **Determination of actuarial condition and funding costs.** A relief
123.32 association to which this section applies shall obtain an actuarial valuation showing the
123.33 condition of the special fund of the relief association as of December 31, 1978, and at
123.34 least as of December 31 every four years thereafter. The valuation shall be prepared in
123.35 accordance with the provisions of sections 356.215, subdivision 8, and 356.216 and any

124.1 applicable standards for actuarial work established by the Legislative Commission on
124.2 Pensions and Retirement, except that the figure for normal cost shall be expressed as a
124.3 level dollar amount, and the amortization contribution shall be the level dollar amount
124.4 calculated to amortize any current unfunded accrued liability by at least the date of full
124.5 funding specified in subdivision 4, clause (b). Each valuation shall be filed with the
124.6 governing body of the municipality ~~in which the relief association is located~~ served by the
124.7 fire department to which the relief association is directly associated or by the independent
124.8 nonprofit firefighting corporation, as applicable, and with the state auditor, not later than
124.9 July 1 of the year next following the date as of which the actuarial valuation is prepared.
124.10 Any relief association which is operating under a special law which requires that actuarial
124.11 valuations be obtained at least every four years and be prepared in accordance with
124.12 applicable actuarial standards set forth in statute may continue to have actuarial valuations
124.13 made according to the time schedule set forth in the special legislation subject to the
124.14 provisions of subdivision 3.

124.15 **EFFECTIVE DATE.** This section is effective the day following final enactment.

124.16 Sec. 15. Minnesota Statutes 2013 Supplement, section 424A.093, subdivision 6,
124.17 is amended to read:

124.18 Subd. 6. **Municipal ratification for plan amendments.** If the special fund of the
124.19 relief association does not have a surplus over full funding under subdivision 4, and
124.20 if the municipality is required to provide financial support to the special fund of the
124.21 relief association under this section, the adoption of or any amendment to the articles of
124.22 incorporation or bylaws of a relief association which increases or otherwise affects the
124.23 retirement coverage provided by or the service pensions or retirement benefits payable
124.24 from the special fund of any relief association to which this section applies is not effective
124.25 until it is ratified by the governing body of the municipality ~~in which the relief association~~
124.26 ~~is located~~ served by the fire department to which the relief association is directly associated
124.27 or by the independent nonprofit firefighting corporation, as applicable. If the special
124.28 fund of the relief association has a surplus over full funding under subdivision 4, and if
124.29 the municipality is not required to provide financial support to the special fund of the
124.30 relief association under this section, the relief association may adopt or amend its articles
124.31 of incorporation or bylaws which increase or otherwise affect the retirement coverage
124.32 provided by or the service pensions or retirement benefits payable from the special fund
124.33 of the relief association which are effective without municipal ratification so long as this
124.34 does not cause the amount of the resulting increase in the accrued liability of the special
124.35 fund of the relief association to exceed 90 percent of the amount of the surplus over full

125.1 funding reported in the prior year and this does not result in the financial requirements of
125.2 the special fund of the relief association exceeding the expected amount of the future fire
125.3 state aid to be received by the relief association as determined by the board of trustees
125.4 following the preparation of an updated actuarial valuation including the proposed change
125.5 or an estimate of the expected actuarial impact of the proposed change prepared by the
125.6 actuary of the relief association. If a relief association adopts or amends its articles of
125.7 incorporation or bylaws without municipal ratification pursuant to this subdivision, and,
125.8 subsequent to the amendment or adoption, the financial requirements of the special fund
125.9 of the relief association under this section are such so as to require financial support from
125.10 the municipality, the provision which was implemented without municipal ratification is
125.11 no longer effective without municipal ratification and any service pensions or retirement
125.12 benefits payable after that date may be paid only in accordance with the articles of
125.13 incorporation or bylaws as amended or adopted with municipal ratification.

125.14 **EFFECTIVE DATE.** This section is effective the day following final enactment.

125.15 Sec. 16. Minnesota Statutes 2013 Supplement, section 424A.094, subdivision 2,
125.16 is amended to read:

125.17 Subd. 2. **Determination of actuarial condition and funding costs.** Each
125.18 independent nonprofit firefighting corporation to which this section applies shall determine
125.19 the actuarial condition and the funding costs of the subsidiary relief association using
125.20 the following procedure:

125.21 (1) An independent nonprofit firefighting corporation which has a subsidiary relief
125.22 association which pays a monthly benefit service pension shall procure an actuarial
125.23 valuation of the special fund of the subsidiary relief association at the same times and
125.24 in the same manner as specified in section 424A.093, subdivisions 2 and 3, and an
125.25 independent nonprofit firefighting corporation which has a subsidiary relief association
125.26 which pays a lump-sum service pension shall determine the accrued liability of the special
125.27 fund of the relief association in accordance with section 424A.092, subdivision 2.

125.28 (2) The financial requirements of the special fund of the subsidiary relief association
125.29 which pays a monthly benefit service pension shall be determined in the same manner
125.30 as specified in section 424A.093, subdivision 4, and the financial requirements of the
125.31 special fund of the subsidiary relief association shall be determined in the same manner as
125.32 specified in section 424A.092, subdivision 3.

125.33 (3) The minimum obligation of the independent nonprofit firefighting corporation on
125.34 behalf of the special fund of the subsidiary relief association shall be determined in the

126.1 same manner as specified in section 424A.092, subdivision 4, or 424A.093, subdivision 5,
126.2 as applicable.

126.3 (4) The independent nonprofit firefighting corporation shall appropriate annually
126.4 from the income of the corporation an amount at least equal to the minimum obligation
126.5 of the independent nonprofit firefighting corporation on behalf of the special fund of
126.6 the subsidiary relief association.

126.7 **EFFECTIVE DATE.** This section is effective the day following final enactment.

126.8 Sec. 17. Minnesota Statutes 2013 Supplement, section 424A.10, subdivision 2, is
126.9 amended to read:

126.10 Subd. 2. **Payment of supplemental benefit.** (a) Upon the payment by a volunteer
126.11 firefighters' relief association or by the voluntary statewide lump-sum volunteer firefighter
126.12 retirement plan of a lump-sum distribution to a qualified recipient, the association must
126.13 pay a supplemental benefit to the qualified recipient. Notwithstanding any law to the
126.14 contrary, the relief association must pay the supplemental benefit out of its special fund
126.15 and the voluntary statewide lump-sum volunteer firefighter retirement plan must pay
126.16 the supplemental benefit out of the voluntary statewide lump-sum volunteer firefighter
126.17 retirement plan. This benefit is an amount equal to ten percent of the regular lump-sum
126.18 distribution that is paid on the basis of the recipient's service as a volunteer firefighter.
126.19 In no case may the amount of the supplemental benefit exceed \$1,000. A supplemental
126.20 benefit under this paragraph may not be paid to a survivor of a deceased active or deferred
126.21 volunteer firefighter in that capacity.

126.22 (b) Upon the payment by a relief association or the retirement plan of a lump-sum
126.23 survivor benefit to a survivor of a deceased active volunteer firefighter or of a deceased
126.24 deferred volunteer firefighter, the association must pay a supplemental survivor benefit to
126.25 the survivor of the deceased active or deferred volunteer firefighter from the special fund
126.26 of the relief association and the retirement plan must pay a supplemental survivor benefit
126.27 to the survivor of the deceased active or deferred volunteer firefighter from the retirement
126.28 fund if chapter 353G so provides. The amount of the supplemental survivor benefit is 20
126.29 percent of the survivor benefit, but not to exceed \$2,000.

126.30 (c) For purposes of this section, the term "regular lump-sum distribution" means the
126.31 pretax lump-sum distribution excluding any interest that may have been credited during a
126.32 volunteer firefighter's period of deferral.

126.33 (d) An individual may receive a supplemental benefit under paragraph (a) or under
126.34 paragraph (b), but not under both paragraphs with respect to one lump-sum volunteer
126.35 firefighter benefit.

127.1 **EFFECTIVE DATE.** This section is effective the day following final enactment.

127.2 Sec. 18. Minnesota Statutes 2012, section 424B.12, is amended to read:

127.3 **424B.12 MIXED CONSOLIDATING RELIEF ASSOCIATIONS; BENEFIT**
127.4 **PLAN; FUNDING.**

127.5 Subdivision 1. **Applicability.** This section applies where one or more of the
127.6 volunteer firefighters' relief associations involved in the consolidation are defined benefit
127.7 relief associations as defined in section 424A.001, subdivision 1b, and one or more of
127.8 the volunteer firefighters' relief associations involved in the consolidation are defined
127.9 contribution relief associations as defined in section 424A.001, subdivision 1c.

127.10 Subd. 2. **Benefit plan.** The articles of incorporation or bylaws of the successor
127.11 relief association must specify whether the relief association is a defined benefit relief
127.12 association or whether the relief association is a defined contribution relief association. If
127.13 the successor relief association is a defined benefit relief association, the relief association
127.14 benefits must comply with sections 424A.02 and ~~424B.11~~, subdivision 1a 424B.10. If
127.15 the successor relief association is a defined contribution relief association, the relief
127.16 association must comply with sections 424A.016 and ~~424B.12~~ 424B.11, subdivision 2.

127.17 Subd. 3. **Funding.** If the successor relief association is a defined benefit relief
127.18 association, the relief association funding is governed by section ~~424B.11~~ 424B.10,
127.19 subdivision 2. If the successor relief association is a defined contribution relief association,

146.12 (3) had employer-paid amounts made to the person's deferred compensation account
146.13 for which contributions were not made to the applicable Public Employees Retirement
146.14 Association plan fund between August 1, 2007, and December 31, 2011, or the date of
146.15 the employee's termination of public service under Minnesota Statutes, section 353.01,
146.16 subdivision 11a, whichever is earlier, due to an erroneous application of law under which
146.17 the Public Employees Retirement Association executive director and board concluded
146.18 that these employer-paid amounts were not salary for pension purposes under Minnesota
146.19 Statutes, section 353.01, subdivision 10.

146.20 (b) A surviving spouse, as defined in this paragraph, is an eligible person for
146.21 purposes of this section. A surviving spouse means:

146.22 (1) the surviving spouse of an eligible person as defined in paragraph (a) who, at
146.23 the time of the eligible person's death, was a deferred annuitant of a Public Employees
146.24 Retirement Association plan specified in this section;

146.25 (2) the surviving spouse of an eligible person as defined in paragraph (a) receiving
146.26 benefits under a joint and survivor annuity from a Public Employees Retirement
146.27 Association plan specified in this section; or

146.28 (3) the surviving spouse of an eligible person as defined in paragraph (a) receiving a
146.29 survivor benefit under Minnesota Statutes, section 353.657.

146.30 Subd. 3. **Employee contributions.** An eligible person may make payment of an
146.31 employee contribution equivalent amount to the fund of the general employees retirement
146.32 plan of the Public Employees Retirement Association or the public employees police
146.33 and fire retirement plan, whichever provided the coverage. The employee contribution
146.34 equivalent amount is the amount of employee contributions that would have been made
146.35 by the employee based on the employer-paid amounts made to the person's deferred

147.1 compensation account for the period specified in subdivision 2, and the employee
147.2 contribution rates to the applicable Public Employees Retirement Association plan during
147.3 that period. If an employee contribution equivalent amount is paid, it must be made in
147.4 full and in a lump sum.

147.5 Subd. 4. **Employer contributions.** (a) If an eligible person makes the employee
147.6 equivalent contribution under subdivision 3, the city of Duluth or the Duluth Airport
147.7 Authority, whichever is the applicable employing unit, may make the corresponding
147.8 employer contributions, plus any employer supplemental and employer additional
147.9 contributions required by law during the applicable time period.

147.10 (b) Any contributions specified under this subdivision must be based on the
147.11 employer-paid amounts referred to in subdivision 2, and the contribution rates applicable
147.12 during the time period for regular employer contributions, and any employer supplemental
147.13 and employer additional contributions, if applicable.

147.14 (c) Within 30 days of receipt by the executive director of the Public Employees
147.15 Retirement Association of employee equivalent contributions under subdivision 3,
147.16 the executive director shall notify the city of Duluth or the Duluth Airport Authority,
147.17 whichever is the applicable employer, of amounts due under this subdivision. If the
147.18 employer chooses to make the payment specified in this subdivision, payment shall be
147.19 remitted by the applicable employer to the executive director for deposit in the applicable
147.20 fund within 30 days of notification. If payment is not made in full within that time period,
147.21 the executive director shall collect the necessary amounts by applying Minnesota Statutes,
147.22 section 353.28, subdivision 6.

147.23 Subd. 5. **Benefit adjustments.** Upon receipt of the applicable employee equivalent
147.24 contribution under subdivision 3 from an eligible person, the executive director shall
147.25 revise the records of the Public Employees Retirement Association and grant the person
147.26 the additional salary credit. If a retirement, disability, or survivor annuity has commenced,
147.27 the executive director must adjust the benefit being paid to include in the calculation the
147.28 additional salary on which contributions were paid, and the adjusted benefit must be paid
147.29 retroactive from the effective date of the initial benefit payment under the annuity.

147.30 Subd. 6. **Restrictions.** This section does not apply if service credit and other rights
147.31 under the plan were forfeited by taking a refund.

147.32 Subd. 7. **Treatment of interest.** Notwithstanding any provision in Minnesota
147.33 Statutes, chapter 353, to the contrary, all payments specified in this section made by an
147.34 eligible person to the executive director for deposit in the applicable Public Employees

148.1 Retirement Association fund are to be made without interest. Any payments required from
148.2 the employer under this section are also without interest, provided the employer makes
148.3 the payment to the executive director within 30 days of notification. Interest shall be
148.4 charged, as specified in Minnesota Statutes, section 353.28, on any employer obligations
148.5 not paid within the 30-day period.

148.6 Subd. 8. **Notification; counseling.** The executive director shall notify all active
148.7 members, deferred members, retirees, and survivors to whom this section may apply and
148.8 shall provide counseling regarding the implications of this section, including payment
148.9 requirements and likely adjustments in current or future benefit amounts if employee
148.10 equivalent contributions as specified in this section are made.

148.11 Subd. 9. **Expiration of salary credit purchase authority.** Payment of employee
148.12 contribution equivalent amounts, as authorized under this section, is prohibited after 180
148.13 days following the date that local approval is provided by the applicable employing unit of
148.14 the current or former employee.

148.15 Subd. 10. **Ratification.** Actions taken before the effective date of this section by
148.16 the executive director and board of the Public Employees Retirement Association, the
148.17 city of Duluth, the Duluth Airport Authority, and eligible persons which are otherwise
148.18 consistent with this section are ratified.

148.19 **EFFECTIVE DATE.** This section is effective the day following final enactment.

148.20 Sec. 3. **PERA-GENERAL; HENNEPIN COUNTY ELECTED SERVICE**
148.21 **CREDIT PURCHASE.**

148.22 (a) Notwithstanding any provision of Minnesota Statutes, chapters 353 and 353D,
148.23 or other law to the contrary, an eligible person described in paragraph (b) is entitled to
148.24 purchase allowable service credit from the coordinated program of the general employees
148.25 retirement plan of the Public Employees Retirement Association for the period of service
148.26 as an elected county commissioner for Hennepin County that is not otherwise covered
148.27 under Minnesota Statutes, chapter 353, if the eligible person makes the payment required
148.28 under paragraph (d).

148.29 (b) An eligible person is a person who:

148.30 (1) was born on November 18, 1946; and

148.31 (2) was first elected as a Hennepin County commissioner in November 1978 and

148.32 was sworn in as a commissioner on January 2, 1979.

149.1 (c) If the eligible person described in paragraph (b) elects to participate in the general
149.2 employees retirement plan of the Public Employees Retirement Association governed by
149.3 Minnesota Statutes, chapter 353, effective on the first day of the month next following the
149.4 effective date of this section, the eligible person may apply to the executive director of
149.5 the Public Employees Retirement Association to make the service credit purchase under
149.6 this section. The application must be in writing and must be accompanied with necessary
149.7 documentation of the applicability of this section and of any other relevant information
149.8 that the executive director may require.

149.9 (d) Allowable service credit under Minnesota Statutes, section 353.01, subdivision
149.10 16, must be granted by the coordinated program of the general employees retirement plan
149.11 of the Public Employees Retirement Association to the eligible person upon the receipt
149.12 of the prior service credit purchase payment amount required under Minnesota Statutes,
149.13 section 356.551. The payment obligation must be offset first by a transfer of the account
149.14 balance to the credit of the eligible person from the defined contribution plan of the Public
149.15 Employees Retirement Association. If that transfer is insufficient, the balance of the
149.16 service credit purchase payment may be made from amounts to the credit of the eligible
149.17 person under Minnesota Statutes, section 352.965 or 383B.46.

149.18 (e) If, before July 1, 2018, the interest rate actuarial assumption, the mortality
149.19 actuarial assumption, or both actuarial assumptions of the general employees retirement
149.20 plan of the Public Employees Retirement Association are modified and the net result of
149.21 any modification is to increase the actuarial accrued liability of the retirement plan, the
149.22 eligible person, as a condition of a continued receipt of an annuity from the retirement
149.23 plan, shall reimburse the retirement fund for the amount of the increase in required
149.24 reserves for the annuity, determined as the difference between the present value of the
149.25 annuity on the effective date of the assumption change or changes before the assumption
149.26 change or changes and after the assumption change or changes. The executive director
149.27 shall certify the amount due, if any, to the eligible person and payment is due 30 days later.

149.28 (f) Authority for an eligible person to make the prior service credit purchase
149.29 under this section expires on December 31, 2015, or upon the termination of service as
149.30 a Hennepin County commissioner, whichever is earlier.

149.31 **EFFECTIVE DATE.** This section is effective the day following final enactment.

150.1 (a) An eligible person described in paragraph (b) is entitled to purchase allowable
150.2 service credit in the public employees police and fire retirement plan for the period
150.3 specified in paragraph (c) by remitting the payment calculated under paragraph (d).

150.4 (b) An eligible person is a person who:

150.5 (1) was born on June 28, 1966;

150.6 (2) was initially employed as a full-time police officer by the Mille Lacs tribal
150.7 police department on October 29, 1998;

150.8 (3) was initially employed as a part-time police officer by the city of Onamia on
150.9 July 28, 2002;

150.10 (4) was initially employed as a part-time police officer by the city of Pierz on March
150.11 14, 2013; and

150.12 (5) is an active member of the public employees police and fire retirement plan.

150.13 (c) The period of Mille Lacs tribal police department employment available for
150.14 purchase is the two-year period of Mille Lacs tribal police department employment
150.15 immediately preceding initial active membership in the public employees police and fire
150.16 retirement plan in that capacity.

150.17 (d) The full actuarial value prior service credit purchase payment amount must be
150.18 calculated under Minnesota Statutes, section 356.551.

150.19 (e) The eligible person must provide the executive director of the Public Employees
150.20 Retirement Association with any relevant requested information pertaining to the service
150.21 credit purchase.

150.22 (f) Authority to make a service credit purchase under this section expires on June 30,
150.23 2015, or upon the eligible person's termination from public employment as defined under
150.24 Minnesota Statutes, section 353.01, subdivision 11a, whichever occurs earlier.

150.25 **EFFECTIVE DATE.** This section is effective the day following final enactment.

150.26 **Sec. 5. TEACHERS RETIREMENT ASSOCIATION; PROSPECTIVE**
150.27 **TEACHERS RETIREMENT ASSOCIATION COVERAGE; PURCHASE OF**
150.28 **PAST SERVICE CREDIT.**

150.29 (a) An eligible person described in paragraph (b) is authorized to become a
150.30 coordinated member of the Teachers Retirement Association and to purchase service
150.31 and salary credit in the Teachers Retirement Association coordinated plan retroactively
150.32 from January 1, 1995, upon making an election under paragraph (c) and upon making all
150.33 required payments under paragraphs (d) and (e).

150.34 (b) An eligible person is a person who:

150.35 (1) was born on October 29, 1957;

151.1 (2) has been employed at Mesabi Range Community and Technical College as
151.2 an instructor since 1993;

151.3 (3) in 1994 was classified in the unlimited part-time category;

151.4 (4) became eligible for and was covered by the higher education individual
151.5 retirement account plan in January 1994; and

151.6 (5) was not offered an election of Teachers Retirement Association coverage, as
151.7 required under Laws 1994, chapter 508, article 1, section 10.

151.8 (c) To be eligible for coverage by the Teachers Retirement Association, an eligible
151.9 person must submit a written application to the executive director of the Teachers
151.10 Retirement Association on a form provided by the Teachers Retirement Association. The
151.11 application must include all documentation of the applicability of this section and any
151.12 other relevant information that the executive director may require. Teachers Retirement
151.13 Association plan membership commences as of September 1, 2014, for an applicable
151.14 eligible person, and past salary and service credit is granted from January 1, 1995,
151.15 as specified in this section, following receipt by the executive director of the written
151.16 application specified in this paragraph and receipt of the payments specified in paragraphs
151.17 (d) and (e). The authority granted by this section is voided if the applicable eligible
151.18 individual terminates from Minnesota State Colleges and Universities system employment
151.19 prior to receipt by the executive director of the Teachers Retirement Association of the
151.20 application specified in this paragraph and amounts specified in paragraphs (d) and (e).
151.21 Coverage by the Teachers Retirement Association is in lieu of coverage by the individual
151.22 retirement account plan.

151.23 (d) If an eligible person makes an election under paragraph (c), the eligible person
151.24 shall make, before September 1, 2014, a contribution equal to the excess, if any, of the
151.25 employee contributions that the individual would have made if the Teachers Retirement
151.26 Association had provided coverage from January 1, 1995, rather than the individual
151.27 retirement account plan. These additional contribution amounts shall include 8.5 percent
151.28 annual compound interest computed from the date the contribution would have been made
151.29 if deducted from salary until paid. The total amount to be paid under this paragraph shall
151.30 be determined by the executive director of the Teachers Retirement Association and
151.31 written notification of the amount required under this paragraph should be transmitted
151.32 to the eligible individual.

151.33 (e) If payment is made under paragraph (d), the value of the applicable eligible
151.34 person's higher education individual retirement account plan account shall be determined
151.35 as of September 1, 2014, and that account value shall be transferred to the Teachers
151.36 Retirement Association on or before September 15, 2014.

152.1 (f) The Teachers Retirement Association shall determine the full actuarial value
 152.2 imposed upon the Teachers Retirement Association under this section due to the salary
 152.3 and service credit purchase.

152.4 (g) From the total amount computed under paragraph (f), the executive director of the
 152.5 Teachers Retirement Association shall subtract the amounts received under paragraphs (d)
 152.6 and (e). The Minnesota State Colleges and Universities system is authorized to transmit the
 152.7 remaining amount, if any, to the executive director of the Teachers Retirement Association.

152.8 (h) Any payment amount specified from the Minnesota State Colleges and
 152.9 Universities system under paragraph (g) shall be transmitted to the Teachers Retirement
 152.10 Association within one month following receipt of amounts transmitted under paragraphs
 152.11 (d) and (e), and following notification from the executive director of the Teachers
 152.12 Retirement Association. If a payment from the Minnesota State Colleges and Universities
 152.13 system specified under paragraph (g) is not made, the executive director of the Teachers
 152.14 Retirement Association must notify the commissioner of Minnesota Management and
 152.15 Budget of this fact and that commissioner must order that amounts specified under
 152.16 paragraph (g) shall be deducted from appropriations or state aid to the Minnesota
 152.17 State Colleges and Universities system and be transmitted to the Teachers Retirement
 152.18 Association.
