County: Winona | Route: CR114 | Mile Post: 5.360 | Direction: Decreasing | Date: 10/30/2018 | Coordinate: 44.106598, -91.877620

A concrete bridge pier with a metal plaque. The pier is made of light-colored concrete and has some orange lichen on its top surface. The plaque is rectangular and mounted on the pier. To the left of the pier is a metal structure, possibly part of a bridge railing. The background shows green foliage and trees.
