1.2 (H2294DE2), as follows:

1.3 Page 7, after line 32, insert:

1.4 "Sec. 11. **MANAGING MEDICAL ASSISTANCE FEE-FOR-SERVICE CARE**
1.5 **DELIVERY.**

1.6 The commissioner of human services shall issue, by July 1, 2012, a request for
1.7 proposals to develop and administer a care delivery management system for medical
1.8 assistance enrollees served under fee-for-service. The care delivery management system
1.9 must improve health care quality and reduce unnecessary health care costs through the:
1.10 (1) use of predictive modeling tools and comprehensive patient encounter data to identify
1.11 missed preventive care and other gaps in health care delivery and to identify chronically
1.12 ill and high-cost enrollees for targeted interventions and care management; (2) use of
1.13 claims data to evaluate health care providers for overall quality and cost-effectiveness
1.14 and make this information available to enrollees; and (3) establishment of a program
1.15 integrity initiative to reduce fraudulent or improper billing. The commissioner shall award
1.16 a contract under the request for proposals to a Minnesota-based organization by October
1.17 1, 2012. The contract must require the organization to implement the care delivery
1.18 management system by July 1, 2013."
