

1.1 ..... moves to amend H.F. No. 2402, the H2402A12 amendment, as follows:

1.2 Page 5, line 21, before the second "Registered" insert "(a)"

1.3 Page 5, after line 30, insert:

1.4 "(b) Registered nurse anesthetists may provide nonsurgical pain intervention  
 1.5 therapies for chronic pain management upon referral of a physician, dentist, podiatrist,  
 1.6 physician assistant, chiropractor, or advanced practice registered nurse to a registered  
 1.7 nurse anesthetist who has acquired the requisite knowledge and skills through (1)  
 1.8 documented completion of post-graduate study in advanced pain management therapies  
 1.9 and image-guided technology acceptable to the board, or (2) national certification from a  
 1.10 certifying body acceptable to the board. Nurse anesthetists providing advanced pain  
 1.11 management therapies prior to December 31, 2015, and who provide documentation to  
 1.12 the board of current practice in the immediate two year period may continue to practice  
 1.13 advanced pain management therapies.

1.14 (c) Registered nurse anesthetist practice does not include:

1.15 (1) surgical implantation of intrathecal infusion pumps or spinal cord stimulators;

1.16 (2) surgical implantation of cements or plastics near or around the spinal column;

1.17 (3) non-traumatic laser disectomy;

1.18 (4) non-traumatic endoscopic disectomy;

1.19 (5) percutaneous vertebroplasties;

1.20 (6) percutaneous vertebral augmentation procedures; or

1.21 (7) percutaneous kyphoplasties.

1.22 "
