"Section 1. Minnesota Statutes 2008, section 116C.779, subdivision 1, is amended toread:

Subdivision 1. Renewable development account. (a) The public utility that owns 1.6 the Prairie Island nuclear generating plant must transfer to a renewable development 1.7 account \$16,000,000 annually \$500,000 each year for each dry cask containing spent fuel 18 that is located at the Prairie Island power plant for each year the plant is in operation, and 19 \$7,500,000 each year the plant is not in operation if ordered by the commission pursuant 1.10 to paragraph (d). The fund transfer must be made if nuclear waste is stored in a dry cask at 1.11 the independent spent-fuel storage facility at Prairie Island for any part of a year. Funds 1.12 in the account may be expended only for development of renewable energy sources. 1.13 Preference must be given to development of renewable energy source projects located 1.14 within the state. The utility that owns a nuclear generating plant is eligible to apply for 1.15 renewable development fund grants. The utility's proposals must be evaluated by the 1 16 renewable development fund board in a manner consistent with that used to evaluate other 1 17 renewable development fund project proposals. 1 18

(b) The public utility that owns the Monticello nuclear generating plant must transfer
to the renewable development account \$350,000 each year for each dry cask containing
spent fuel that is located at the Monticello nuclear power plant for each year the plant is
in operation, and \$5,250,000 each year the plant is not in operation if ordered by the
commission pursuant to paragraph (d). The fund transfer must be made if nuclear waste
is stored in a dry cask at the independent spent-fuel storage facility at Monticello for
any part of a year.

1.26 (c) Expenditures from the account may only be made after approval by order of the
1.27 Public Utilities Commission upon a petition by the public utility.
