35.71 UNCLAIMED AND UNREDEEMED ANIMALS IMPOUNDED; SCIENTIFIC USE OR OTHER DISPOSITION.

Subdivision 1. **Definitions.** As used in this section, "establishment" means any public or private agency, person, society, or corporation having custody of animals which are seized under the authority of the state or any political subdivision of the state and "institution" means a school or college of agriculture, veterinary medicine, medicine, pharmacy, or dentistry, or an educational or scientific establishment properly concerned with investigation or instruction concerning the structure or functions of living organisms or the cause, prevention, control, or cure of diseases or abnormal conditions of human beings or animals.

Subd. 2. **Application for license.** An institution may apply to the board for a license to obtain animals from establishments. If, after investigation, the board finds that the institution requesting a license is a fit and proper agency to receive a license, and that the public interest will be served by granting it a license, the board may issue a license to the institution authorizing it to obtain animals under this section.

Subd. 3. **Stray animals; seizure, disposition.** All animals seized by public authority must be held for redemption by the owner for at least five regular business days of the impounding agency or for a longer time specified by municipal ordinance. For the purpose of this subdivision, "regular business day" means a day during which the establishment having custody of an animal is open to the public not less than four consecutive hours between the hours of 8:00 a.m. and 7:00 p.m. Establishments must maintain the following records of the animals in custody, and preserve the records for at least six months:

- (a) the description of the animal by species, breed, sex, approximate age, and other distinguishing traits;
- (b) the location at which the animal was seized;
- (c) the date of seizure;
- (d) the name and address of the person from whom any animal three months of age or over was received; and
- (e) the name and address of the person to whom any animal three months of age or over was transferred.

The records must be maintained in a form permitting easy perusal by the public. A person may view the records and animals in custody at any time during which the establishment is open to the public. At the end of the five-day period, all animals which remain unredeemed must be made available to any licensed institution which has requested that number of animals. However, if a tag affixed to the animal or a statement by the animal's owner after the animal's seizure specifies that the animal may not be used for research, the animal must not be made available to any institution and may, in the discretion of the establishment, be destroyed after the expiration of the five-day period. If a request is made by a licensed institution to an establishment for more animals than are available at the time of the request, the establishment must withhold from destruction all unclaimed and unredeemed animals until the request has been filled. The actual expense of holding animals beyond the time of notice to the institution of their availability must be borne by the institution receiving them. An establishment which fails or refuses to comply with this section is ineligible for any further public funds from any county or municipality. Upon receipt of a sworn statement by an authorized officer or employee of a licensed institution of noncompliance by any establishment with this section, the treasurer of any municipality or other political subdivision of the state may not pay any public funds to the establishment until the complainant withdraws its statement of noncompliance or until the board either determines that the complaint of noncompliance was without foundation or that the establishment has given adequate assurance of future compliance and the treasurer of the municipality or other political subdivision has been notified of the determination in writing. If it appears upon a person's complaint that an officer, agent, or employee of an establishment is violating or failing to carry out the provisions of this section, the attorney general or county attorney of the county in which the establishment is located, in addition to any other remedies, may bring an action in the name of the state against the establishment, officer, agent, or employee to enjoin compliance with this section.

Subd. 4. **Transportation of animals.** A licensed institution must provide, at its own expense, for the transportation of animals from the establishment to the institution and must use them only in the conduct of its scientific and educational activities.

Subd. 5. **Annual license fee.** Each licensed institution must pay to the board a license fee of \$50 for each calendar year or part of a calendar year. License fees must be deposited in the general fund of the state treasury.

APPENDIX

Repealed Minnesota Statutes: SCS0705A-1

Subd. 6. **Revocation of license.** After 15 days' written notice and an opportunity to be heard, the board may revoke the license granted any institution if the institution has (1) violated this section, or (2) failed to comply with the conditions of the board in respect to the issuance of its license.

Subd. 7. **Rules.** The board may adopt rules consistent with this section necessary to carry out the provisions of this section, and may, if the board considers it advisable or in the public interest, inspect or investigate any institution which has applied for a license or has been granted a license under this section.
