Summary

Section	Description
---------	-------------

- | | |
|---|--|
| 1 | Additional duties and powers.
Modifies reporting requirements of the DNR to require a report, submitted January 15 in even-numbered years, on DNR administered land, including an inventory of DNR lands held in fee title and a list of state outdoor recreation units (e.g. state parks, wildlife management areas, and state forests), that have been acquired or conveyed out of DNR ownership in the previous biennium. |
| 2 | Annual report.
Requires the DNR's report on the production of planting stock at state nurseries to be submitted biennially instead of annually. |
