

Winning Minnesota's Food Fight  
June 23, 2021

State Government Finance and Elections Committee  
585 State Office Building  
100 Dr. Rev. Martin Luther King Jr. Blvd  
St. Paul, MN 55155

Chairs and members of the committee,

On behalf of the many partners listed below that have stood with us in supporting the Healthy Eating Here at Home program, otherwise known as Market Bucks, we are writing to express our gratitude for your inclusion of the program's funding in your committee's final budget.

We were grateful for the recent opportunity to shine a light on the critical role Market Bucks plays helping low-income Minnesotans stretch their buying power at farmers markets with a \$10 match—supporting those struggling to put food on the table, farmers, and local economies alike.

Thanks to your support:

- Farmers markets around the state have been assured that Market Bucks will continue to operate without interruption during the current market season.
- SNAP participants will be able to show up to their local markets in July and continue to leverage Market Bucks to afford healthy, local foods.
- Farmers that have benefited from the program bringing in approximately 13,000 new customers annually will be able to continue growing their customer base.
- When we receive award notice next month from the USDA about our Federal matching grant application, we will have the funds needed to meet the award requirements—positioning us to leverage \$3 into local economies for every \$1 the state invested.

Thank you for your commitment to Market Bucks and for providing the funds necessary to ensure access to healthy, local foods for low-income Minnesotans around the state.

Please contact Leah Gardner [lgardner@hungersolutions.org](mailto:lgardner@hungersolutions.org) or 651-789-9850 with any questions.

Sincerely
