

Pete Stauber:

I am asking you to vote **NO on the up-coming bill on the legalization of physician-assisted suicide.**

This would be disastrous legalization preying on the most vulnerable in society whether it be a new born baby that is not “perfect,” someone who is mentally ill, someone who is depressed or someone with a physical ailment.

God is the creator and giver of life and He ultimately is the one and only one who can take a life.

Listen to your conscience. Again vote down the proposed bill to legalize physician-assisted suicide.

Yours truly,

**Margot Spiess
