

Stevie Middlebrook

Paraprofessional at Metro Deaf School

Testimony in support of HF2340

House Taxes Hearing

Tuesday, March 7, 2023

Hello, my name is Stevie Middlebrook and I have been a paraprofessional at Metro Deaf School for nine years. I am graduating with my bachelors degree in Urban Early Childhood Education this summer but my limited funds as a single parent will not allow me to complete my masters in Deaf Education. However, with the HF2340 bill being passed, this will allow me to complete my masters in Deaf Education and help gain a large number of Deaf Education teachers.

Thank you for your support and consideration in passing this bill to ensure that Deaf and hard-of-hearing students will have equal and quality education.
