Bill Description

HF 4138 would require social media companies to identify people under the age of 16 on their platforms both through direct age-gating and age estimation based on use and for those users implement special child-specific account settings, including maximum privacy settings, a bar on addictive interface features, and a bar on targeted commercial advertising.

Assumptions

This bill empowers the Attorney General's Office to investigate and enforce violations of this law, both direct through Minn. Stat. 8.31, subd. 1 and by connecting this bill through the Deceptive Trade Practices Act (325D.44), see 325M.40, subd. 9 of the bill.

The Attorney General's Office does not project any defined expenditures, absorbed costs, or revenues from the bill. Investigations of alleged violations of or litigation to enforce the law would be pursued by the Office's existing attorneys and investigators dedicated to consumer protection issues.
