

To whom it may concern:

My name is Donna Johnson and I had the pleasure of meeting LaVon Johnson (Garbar Ahmath) in June of 2019 when he made contact with my niece Aerrea Brown (Rakawnah). To me he has always been a place of balance, light and life that he shares with everyone that he encounters. I observed him with her, he met her at a dark time in her life and he was there helping her to set and accomplish goals and he was a positive male role model for her four children. In August 2020, I had some goals that I needed help obtaining and it gave me an opportunity to work more closely him.

I can see Mr. Johnson being an asset in our community. After 25 years of rehabilitation he isn't the same person who was arrested at the age of 17. He has a loving group of people awaiting his return from his grandfather, grandmother, mother, father, sister, future wife, children and so many more that he is in contact with on a regular bases.

Thank you for you time!
