Date March 2, 2022

Summary

This bill appropriates an unspecified amount from the general fund in fiscal year 2023 to the Board of Water and Soil Resources (BWSR) for the lawns to legumes program. Allows BWSR to establish criteria for the grants/payments. Allows grants to be made for up to 75 percent of the cost of a project, except for projects in areas with a high potential for rusty patched bumble bees where they can be up to 90 percent of the costs.
