Rep. Bahner,

This is to inform you that the Minnesota Medical Association has reviewed your bill to update the physician assistants' practice act, HF 3989, and the MMA has no concerns with the changes included in the bill.

It is our understanding that the bill updates the existing statutes to conform with changes to the PA practice act over the year and that there are no expansions in what PAs can do in their practice.

Thank you for your work on this bill and for limiting it so that there is not an expansion in their scope of practice.

Sincerely,

Dave Renner  
Director of Advocacy, Minnesota Medical Association
