18th February 2023

**Representatives**

Of Minnesota

Dear, Representatives

HF211 (Rep. Keeler) - Establishing Indigenous People's Day as a state holiday and eliminating Christopher Columbus Day as a state holiday.

There are Federal Laws and Minnesota State Laws regarding the Native Americans Of Minnesota. I'm speaking about the Native American Communities, "Dakota"

"The Mdewakanton Sioux"

Treaties of the early territory of Minnesota, evolved into Laws to support indigenous and their Tribal Communities, but they have followed their own admission, advanced and carry a false narrative.

An indigenous day if it were to happen would have to finally tell the truth of division.

The Tribal Communities are not taking care of their own Descendants or giving them a road to success,

It would be shameful if our ancestors were to know, how their family tree has been cut down.

I ask our government to assist us so we can get the housing, education and economic needs met, as those that are in the communities

I ask that you write a letter on behalf of the Descendants to Congress and our Governor of Minnesota, regarding the Sioux Communities to help and or receive Relatives Mitakuyapi Descendants,

We Dakota Mitakuyapi (relatives) are on the same census as they are, The Department of Interior, Indian affairs.

Say No to Indigenous day

---

Thank you
