We recognize that the task before you is a difficult one and that this task comes at a difficult time. The last eighteen months have been a challenge for us all. Yet, we need to continue to serve our communities and constituencies the best that we can.

Locally, we continue to work on behalf of local businesses and taxpayers as the pandemic has affected some more than others. The local health care facilities are struggling to provide services and to find qualified staff. In particular, our county owned nursing home is operating at a 50% occupancy due to the continuing impact of the pandemic.

State and Federal relief efforts have been critical in helping our businesses and communities navigate the pandemic response, and those efforts have been championed and supported by our representatives at the state and federal level. These representatives know and understand that the needs of rural Minnesota are different than the needs of the metro area. These representatives have also taken the time to create relationships with local constituents and local elected leaders.

While we understand that some changes in districting may be necessary, we ask that you find solutions that respect the needs of rural Minnesota and the existing boundaries as much as possible to maintain the quality representation that we currently enjoy.

Sincerely,

Hubbard County Board of Commissioners  
David De La Hunt, District 1, Board Chair  
Ted Van Kempen, District 5, Board Vice Chair  
Charlene Christianson, District 2  
Tom Krueger, District 3
