

# Arterial Bus Rapid Transit (ABRT) Scoping & Funding

Lisa Cerney, Assistant County Administrator – Hennepin County Public Works

# County Role in ABRT

- Hennepin County is a champion in improving our regional transportation system.
- We fully support partnering on transit
  - Reduce Vehicle Miles Traveled (VMT) and greenhouse gas emissions
  - Improve safety and accessibility
  - Provide more equitable transportation system

# Current ABRT Scope

- Focused on the station area with accessibility upgrades in two intersection quadrants.
- Limits access for all people

D Line – Two of four corners (Chicago and 42<sup>nd</sup>)

# D Line – Two of four corners (Chicago and 42<sup>nd</sup>)

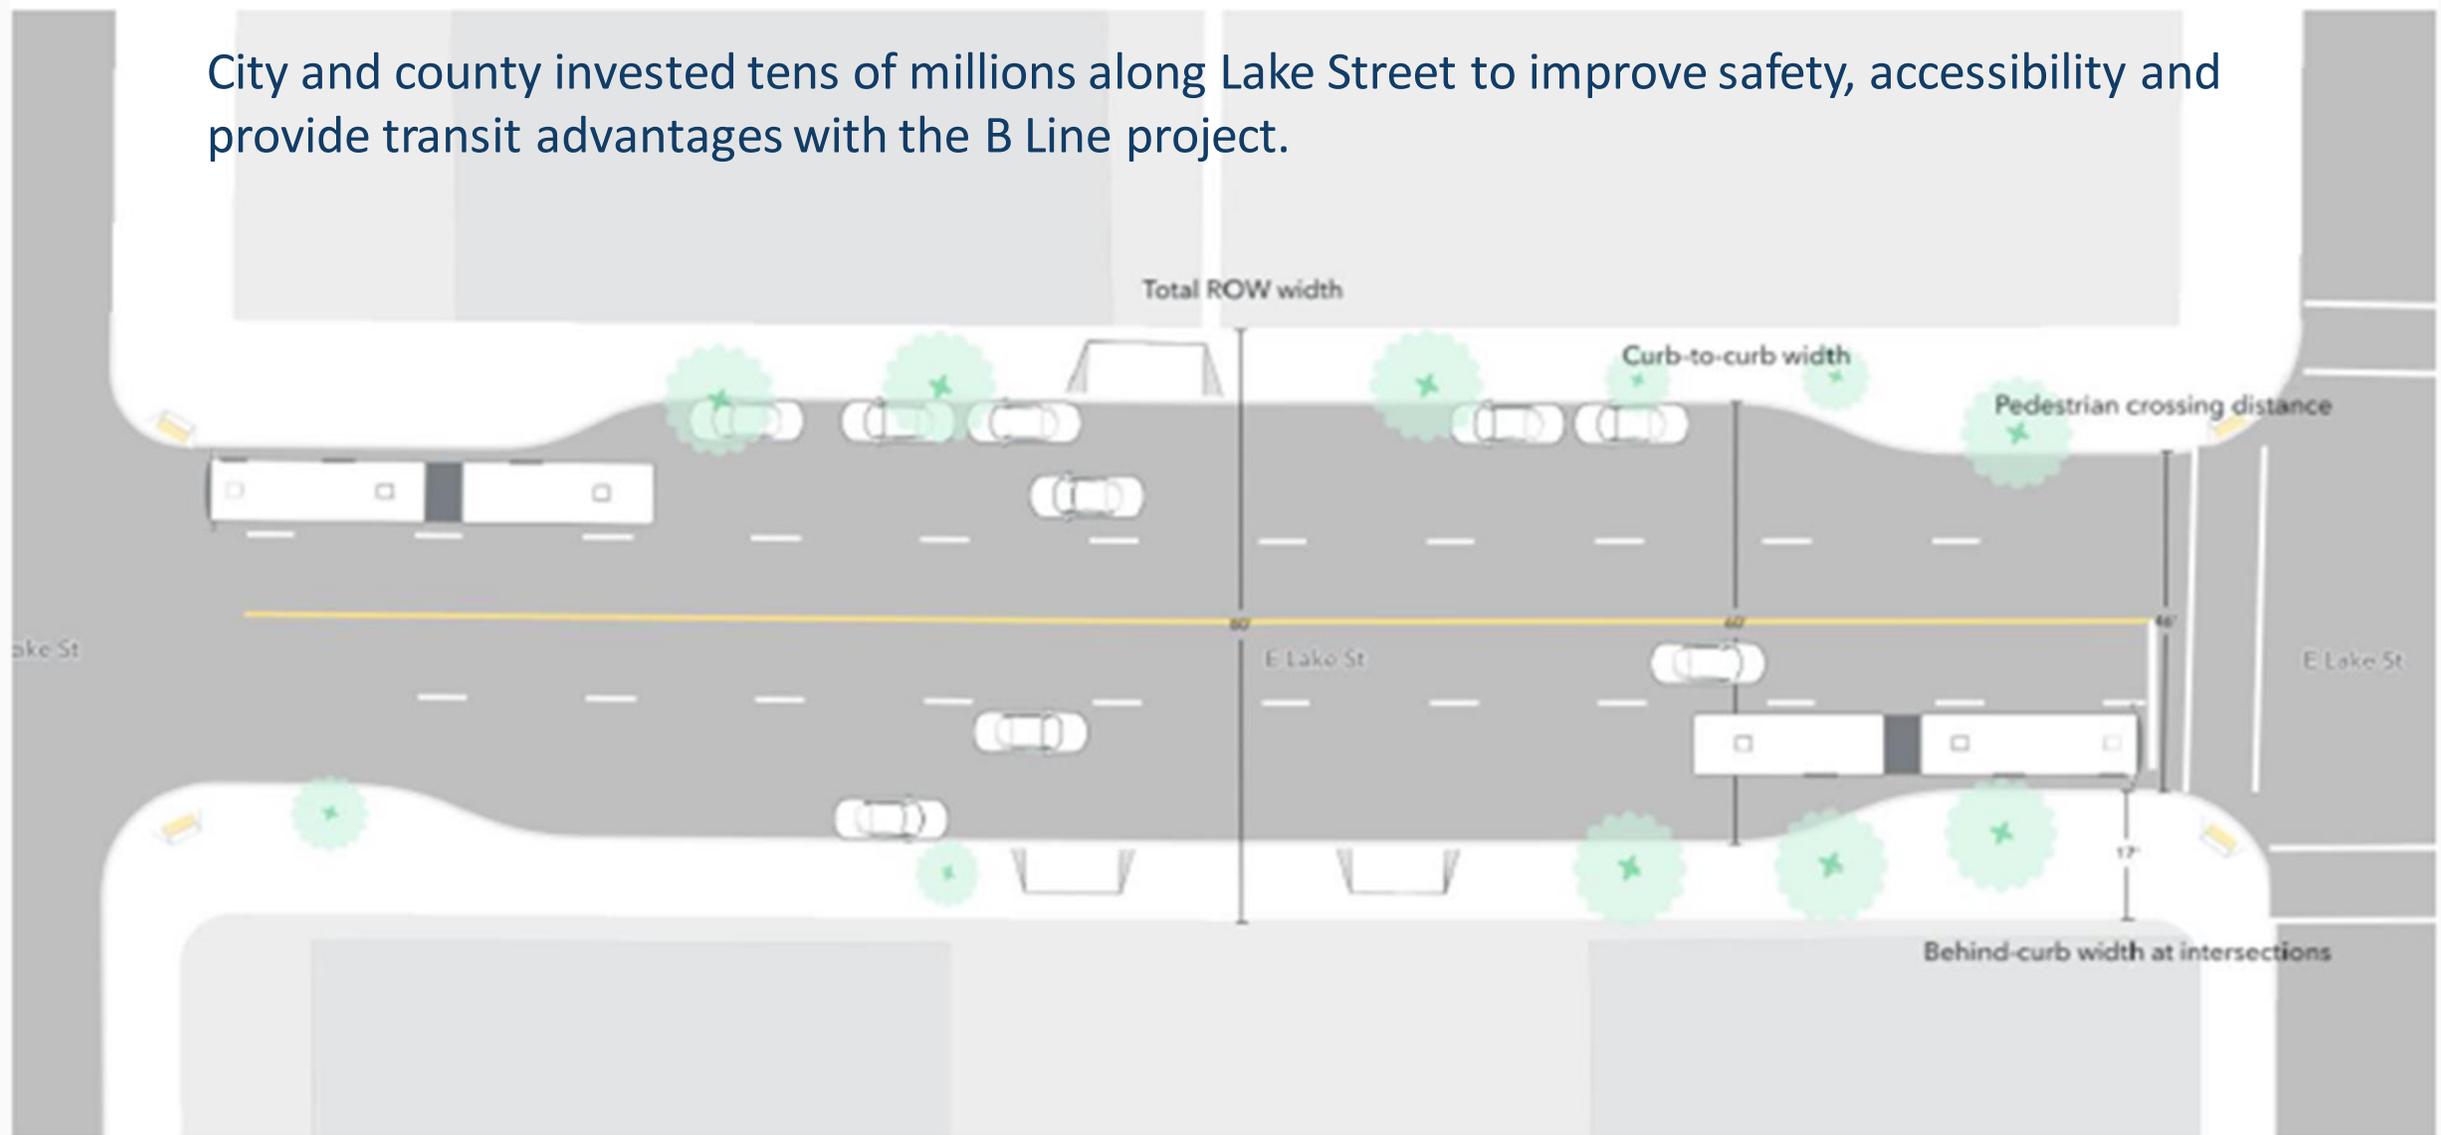

# When we can, local agencies step up to ensure ABRT success

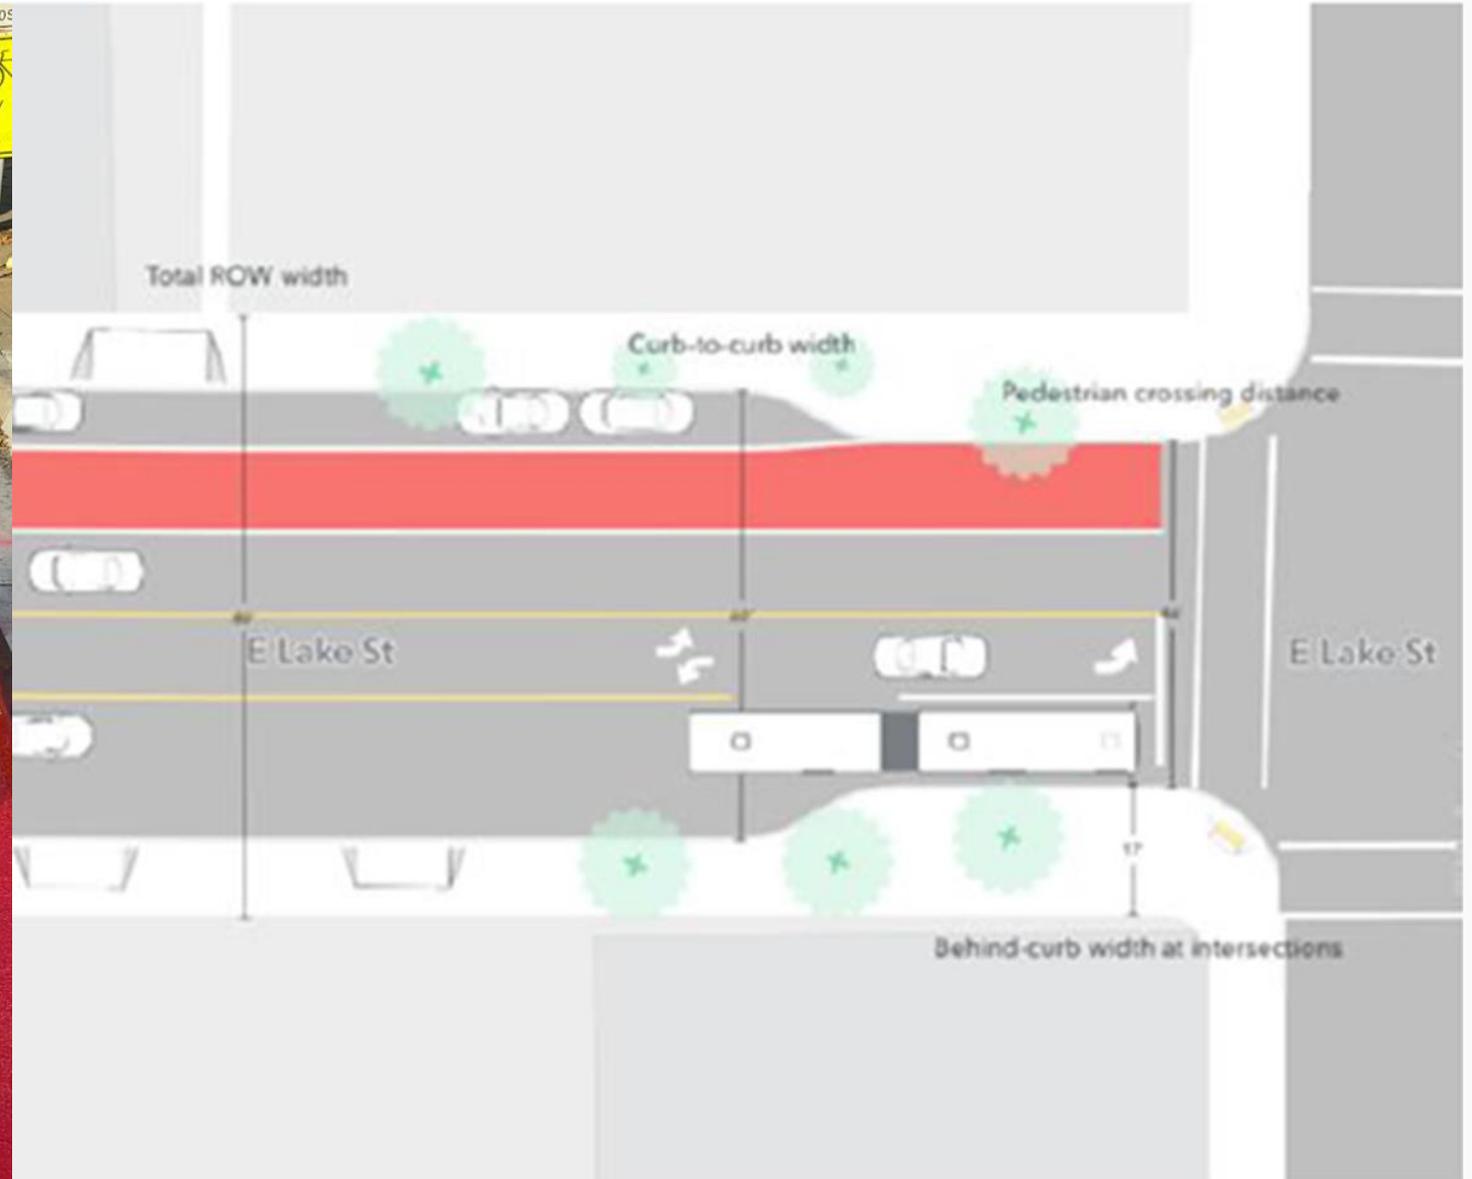

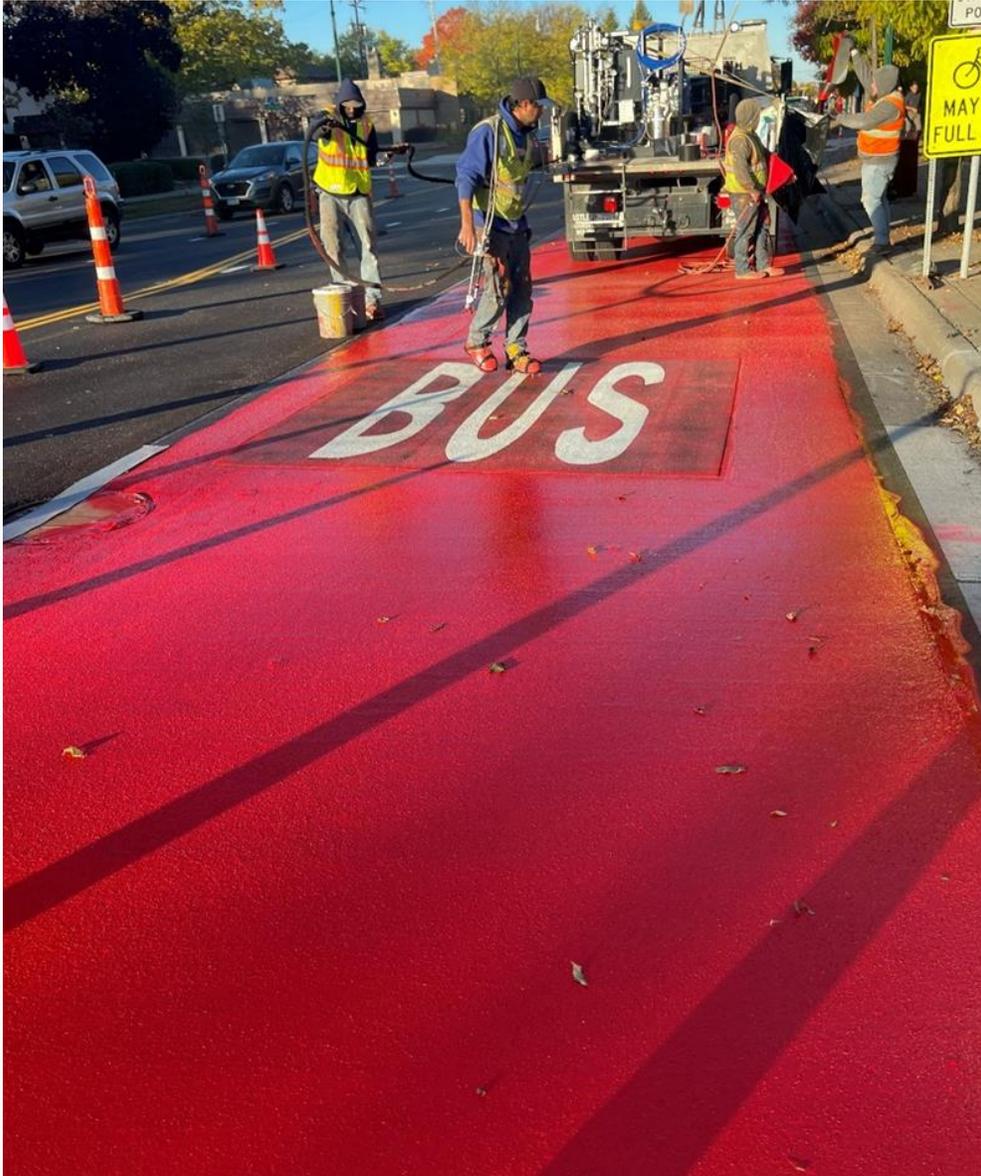

# Lake Street corridor – current configuration

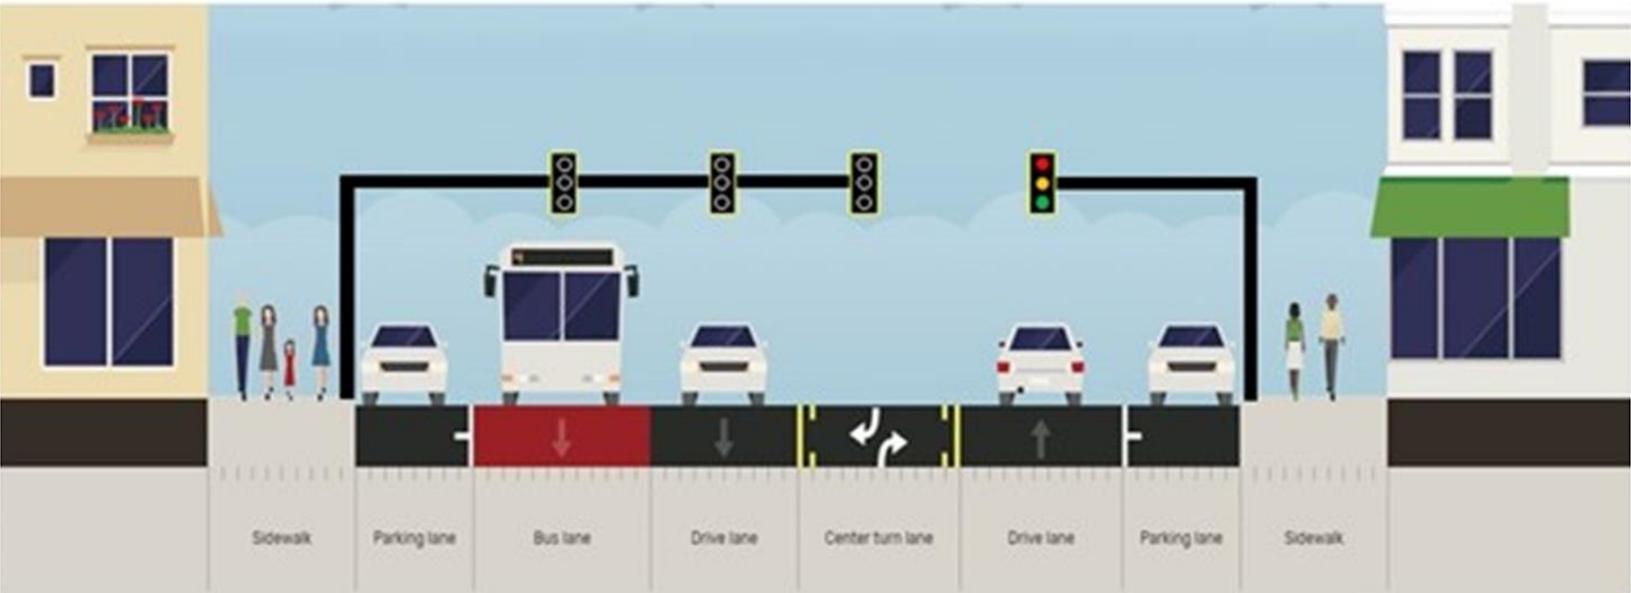

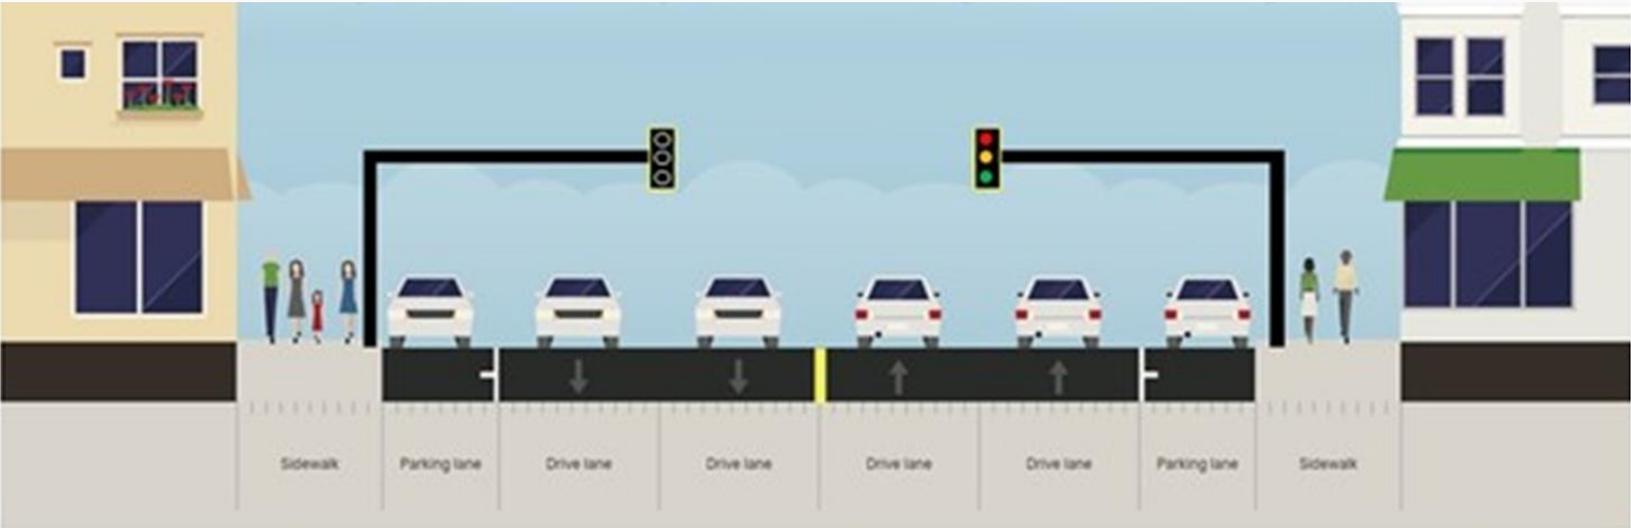

City and county invested tens of millions along Lake Street to improve safety, accessibility and provide transit advantages with the B Line project.

# Lake Street- bus priority lanes

# Additional corridors changes needed

# Leadership for success
