

CEIMN Testimony on HF 12 Constitutional Amendment Recount Sections

Citizens for Election Integrity Minnesota (CEIMN), a nonpartisan, nonprofit organization working toward verifiable, transparent, and accurate elections, applauds the inclusion of a mechanism for constitutional amendment recounts as Article 4, Sections 12–13 of the DE to HF 12 (A21-0237), lines 58.25 to 59.10.

By including these sections, you are providing all Minnesotans with confidence not only that constitutional amendment ballot questions are correctly decided, but also that this is verified through an automatically invoked process. This is a great improvement over the status quo of requiring ad hoc action by either the Secretary of State or a court.

We are grateful to all who have acted to advance this language. Thank you very much.

–Max Hailperin, Citizens for Election Integrity Minnesota
