To: Members of the Minnesota Legislature.

On behalf of the Minnesota Pipe Trades Association, I ask that you support the passage of HF 865/SF 754. This bill has support from a broad cross-section of labor and management.

All parties to a construction contract should be responsible for their decisions and their actions. When all parties take full responsibility for their duties, our members can rest assured that the highest quality of construction will be sought, and the project will be managed with the utmost care for all employees.

We ask that you pass HF 865/SF 754, and thank you for your commitment to ensuring the highest quality and construction standards across the state.

Sincerely,

David M. Ybarra II  
President  
Minnesota Pipe Trades Assn
