## Overview

Minnesota math corps is one of the programs operated by ServeMinnesota. ServeMinnesota is the name of a state grant program designed to work in concert with federal youth service programs. ServeMinnesota is the statutorily designated recipient of federal AmeriCorps funds, and these funds are supplemented with state money for literacy and numeracy programs. Minnesota Math Corps members provide math tutoring services to students at 175 elementary and middle schools in Minnesota. Minnesota's annual ongoing state appropriation for the program was increased from \$500,000 to \$1,000,000 for fiscal years 2022 and 2023 and returns to \$500,000 per year under the base budget for fiscal year 2024 and later.

H.F. 694 proposes to increase the funding for the Minnesota Math Corps to \$3,500,000 per year for fiscal year 2024 and later.
