Biennial Total				2		

Bill Description

House File 29 - Senate File 44 would designate the bridge on US Hwy 52 over Wentworth Avenue in West Saint Paul as "Private Joseph Marthaler Memorial Bridge". If notified, MnDOT would design and erect the appropriate signs, with the sign costs to be paid by interested groups in accordance with Minnesota Statutes 161.139.

Assumptions

MnDOT assumes there would be a sign required in each direction, or two signs total, and that each sign is 4' x 4', or 16 sq. ft. It is assumed interested groups would pay for the initial fabrication and installation costs.

Expenditure and/or Revenue Formula

Expenditures

Highway signs:

Fabrication cost of memorial highway sign: \$15.90/sq. ft. x 16 sq. ft. = \$254.40 per sign

Structural materials, equipment, and installation labor costs = \$799 per sign

Total cost per sign = \$254.40 + \$799 = \$1,053.40

Total cost = \$1,053.40 per sign x 2 signs = \$2,106.80 **rounded to \$2,000**

These costs are based on a technical memorandum for requester pay signs. The costs include MnDOT staff time for engineering, fabrication, and installation of the signs as well as equipment. These costs would be expenditures from the revolving sign account in the Trunk Highway Fund in FY 2022.

Revenues

Revenue equal to the amounts of the expenditures would be received in the revolving sign account in the Trunk Highway Fund in FY 2022.

There would be no net fiscal impact to MnDOT.

Long-Term Fiscal Considerations

There would be an ongoing cost for any needed maintenance and eventual replacement of the signs; however, these costs would be paid by interested groups.

Local Fiscal Impact

None
