Date March 1, 2021

Summary

This bill appropriates \$150,000 in each of fiscal years 2022 and 2023 to the Department of Education for a grant to the Reach Out and Read Minnesota program. The program must use the grant to implement a plan statewide that: (1) integrates children's books and parent education into well-child doctor's visits; (2) creates literacy-rich environments in clinics; (3) works with different types of clinics and health centers, including in underserved areas; and (4) trains medical professional about speaking with parents of young children about the importance of early literacy. The plan must be implemented statewide by 2027.
