14.9 (b) A refund under section 353.651, subdivision 3, paragraph (c), does not result in a

14.11 (c) The rights and benefits of a former member must not be restored until the person
 14.12 returns to active service and acquires at least six months of allowable service credit

15.14 **EFFECTIVE DATE.** This section is effective the day following final enactment.

15.15 Sec. 7. Minnesota Statutes 2012, section 353.65, subdivision 3, is amended to read:

15.17 who were active members of the former Minneapolis Firefighters Relief Association on
15.18 December 29, 2011, or for members other than members who were active members of

15.28 (c) With respect to members who were active members of the former Minneapolis
15.29 Police Relief Association on December 29, 2011, the employer contribution is an amount
15.30 equal to the amount of the member contributions under subdivision 2, paragraph (c).

16.1 Sec. 8. Minnesota Statutes 2012, section 353.651, subdivision 3, is amended to read:

16.2 Subd. 3. **Retirement annuity formula.** (a) The average salary as defined in
16.3 section 353.01, subdivision 17a, multiplied by the percent specified in section 356.315,
16.4 subdivision 6, per year multiplied by years of allowable service, multiplied by the
16.5 applicable vesting percentage indicated in section 353.01, subdivision 47, determines the
16.6 amount of the normal retirement annuity. If the member has earned allowable service
16.7 for performing services other than those of a police officer or firefighter, the annuity
16.8 representing that service must be computed under sections 353.29 and 353.30.

16.9 (b) For a member first enrolled in the public employees police and fire retirement
16.10 plan after June 30, 2014, the average salary as defined in section 353.01, subdivision 17a,
16.11 paragraph (a), includes salary for all years for which contributions have been reported to
16.12 the public employees police and fire retirement plan, but allowable service included in
16.13 the calculation is limited to 33 years and the normal retirement annuity must not exceed
16.14 99 percent of the average salary.

16.15 (c) When the annuity begins for members of the public employees police and fire
16.16 retirement plan enrolled after June 30, 2014, a prorated share of the contributions for
16.17 allowable service exceeding 33 years must be refunded to the member. The prorated
16.18 share of the contributions to be refunded is determined by multiplying the accumulated
16.19 deductions paid by the member to the public employees police and fire retirement plan by
16.20 a percentage determined using the number of months of service in excess of 396 as the
16.21 numerator and the total number of months of allowable service on which contributions
16.22 were reported as the denominator. Interest as defined in section 353.34, subdivision 2,
16.23 is to be applied to the prorated share of contributions from the first of the 397th month
16.24 of allowable service reported to the public employees police and fire retirement plan to
16.25 the first of the month the annuity begins.

16.26 **EFFECTIVE DATE.** This section is effective the day following final enactment.

17.2 other than a county sheriff or upon the termination of public service before January 5,
17.3 2015, if the person is a county sheriff, any public employees police and fire retirement
17.4 plan member who first became a member of the plan before July 1, 2007, and who is
17.5 not specified in paragraph (a), upon attaining at least 50 years of age with at least three
17.6 years of allowable service is entitled upon application to a retirement annuity equal to the
17.7 normal annuity calculated under subdivision 3, reduced by one-tenth of one percent for
17.8 each month that the member is under age 55 at the time of retirement.

17.9 (c) A person other than a county sheriff who is a member of the public employees
17.10 police and fire retirement plan on or after July 1, 2014, or a county sheriff who is a

17.15 entitled upon application to a retirement annuity equal to the normal annuity calculated
17.16 under subdivision 3, reduced for each month the member is under age 55 at the time of
17.17 retirement by applying a blended monthly rate that is equivalent to the sum of:

17.18 (1) one-sixtieth of the annual rate of five percent, prorated for each month the
17.19 person's benefit effective date is after July 1, 2014, or after December 31, 2014, whichever
17.20 applies; and

17.21 (2) one-sixtieth of the annual rate provided under paragraph (a) or (b), whichever
17.22 applies, for each month the person's benefit effective date is before July 1, 2019.

17.23 (d) A person other than a county sheriff who is a member of the public employees
17.24 police and fire retirement plan on or after July 1, 2014, or a county sheriff who is a member

17.28 retirement annuity equal to the normal annuity calculated under subdivision 3, reduced by
17.29 five percent annually, prorated for each month that the member is under age 55.

17.30 **EFFECTIVE DATE.** This section is effective the day following final enactment.

17.31 Sec. 10. Minnesota Statutes 2012, section 353.657, subdivision 2a, is amended to read:

17.32 Subd. 2a. **Death while eligible survivor benefit.** (a) If a member or former member
17.33 who has attained the age of at least 50 years and either who is vested under section
17.34 353.01, subdivision 47, or who has credit for at least 30 years of allowable service,
17.35 regardless of age attained, dies before the annuity or disability benefit becomes payable,

18.1 notwithstanding any designation of beneficiary to the contrary, the surviving spouse may
18.2 elect to receive a death while eligible survivor benefit.

18.3 (b) Notwithstanding the definition of surviving spouse in section 353.01, subdivision
18.4 20, a former spouse of the member, if any, is entitled to a portion of the death while
18.5 eligible survivor benefit if stipulated under the terms of a marriage dissolution decree
18.6 filed with the association. If there is no surviving spouse or child or children, a former
18.7 spouse may be entitled to a lump-sum refund payment under section 353.32, subdivision
18.8 1, if provided for in a marriage dissolution decree but not a death while eligible survivor
18.9 benefit despite the terms of a marriage dissolution decree filed with the association.

18.10 (c) The benefit may be elected instead of a refund with interest under section 353.32,
18.11 subdivision 1, or surviving spouse benefits otherwise payable under subdivisions 1 and
18.12 2. The benefit must be an annuity equal to the 100 percent joint and survivor annuity
18.13 which the member could have qualified for on the date of death, computed as provided in
18.14 sections 353.651, ~~subdivisions 2 and~~ subdivision 3, and 353.30, subdivision 3.

18.15 (d) The surviving spouse may apply for the annuity at any time after the date
18.16 on which the deceased employee would have attained the required age for retirement
18.17 based on the employee's allowable service. Sections 353.34, subdivision 3, and 353.71,
18.18 subdivision 2, apply to a deferred annuity payable under this subdivision.

18.19 (e) No payment accrues beyond the end of the month in which entitlement to
18.20 such annuity has terminated. An amount equal to the excess, if any, of the accumulated
18.21 contributions which were credited to the account of the deceased employee over and
18.22 above the total of the annuities paid and payable to the surviving spouse must be paid to
18.23 the deceased member's last designated beneficiary or, if none, to the legal representative of
18.24 the estate of such deceased member.

18.25 (f) Any member may request in writing, with the signed consent of the spouse, that
18.26 this subdivision not apply and that payment be made only to the designated beneficiary, as
18.27 otherwise provided by this chapter.

18.28 (g) For a member who is employed as a full-time firefighter by the Department of
18.29 Military Affairs of the state of Minnesota, allowable service as a full-time state Military

19.5 (2) 70 percent, if the member's death was not a line of duty death or occurred while
 19.6 the member was receiving a disability benefit that accrued before July 1, 2007.

19.7 (b) The minimum monthly benefit per family, including the joint and survivor
 19.8 optional annuity under subdivision 2a, and section 353.656, subdivision 1a, must not be
 19.9 less than the following percentage of the member's average monthly salary as specified in
 19.10 subdivision 3:

19.11 (1) 60 percent, if the death was a line of duty death; or

19.12 (2) 50 percent, if the death was not a line of duty death or occurred while the member
 19.13 was receiving a disability benefit that accrued before July 1, 2007.

19.14 (c) If the maximum under paragraph (a) is exceeded, the monthly benefit of the
 19.15 joint annuitant, surviving spouse, and dependent children, as applicable, must each be
 19.16 reduced ~~to the amount necessary~~ proportionately so that the total family benefit does
 19.17 not exceed the applicable maximum. The joint and survivor optional annuity, surviving
 19.18 spouse, or dependent children benefit, as applicable, must be restored, plus applicable
 19.19 postretirement adjustments under Minnesota Statutes 2008, section 356.41 or section
 19.20 356.415, as the dependent child or children become no longer dependent under section
 19.21 353.01, subdivision 15, or in the event of the death of the joint and survivor annuity
 19.22 recipient or the surviving spouse.

19.23 **EFFECTIVE DATE.** This section is effective the day following final enactment.

23.29 ARTICLE 4

23.30 TEACHERS RETIREMENT ASSOCIATION EARLY RETIREMENT 23.31 REDUCTION FACTORS

23.32 Section 1. Minnesota Statutes 2012, section 354.44, subdivision 6, is amended to read:

23.33 Subd. 6. **Computation of formula program retirement annuity.** (a) The formula
 23.34 retirement annuity must be computed in accordance with the applicable provisions of the

24.1 formulas stated in paragraph (b) or (d) on the basis of each member's average salary under
24.2 section 354.05, subdivision 13a, for the period of the member's formula service credit.

24.3 (b) This paragraph, in conjunction with paragraph (c), applies to a person who first
24.4 became a member of the association or a member of a pension fund listed in section
24.5 356.30, subdivision 3, before July 1, 1989, unless paragraph (d), in conjunction with
24.6 paragraph (e), produces a higher annuity amount, in which case paragraph (d) applies. The
24.7 average salary as defined in section 354.05, subdivision 13a, multiplied by the following
24.8 percentages per year of formula service credit shall determine the amount of the annuity to
24.9 which the member qualifying therefor is entitled for service rendered before July 1, 2006:

	Coordinated Member	Basic Member
24.10		
24.11	Each year of service during	the percent specified
24.12	first ten	in section 356.315,
24.13		subdivision 1, per year
24.14	Each year of service	the percent specified
24.15	thereafter	in section 356.315,
24.16		subdivision 2, per year
		subdivision 4, per year

24.17 For service rendered on or after July 1, 2006, the average salary as defined in section
24.18 354.05, subdivision 13a, multiplied by the following percentages per year of service credit,
24.19 determines the amount the annuity to which the member qualifying therefor is entitled:

	Coordinated Member	Basic Member
24.20		
24.21	Each year of service during	the percent specified
24.22	first ten	in section 356.315,
24.23		subdivision 1a, per year
24.24	Each year of service after	the percent specified
24.25	ten years of service	in section 356.315,
24.26		subdivision 2b, per year
		subdivision 4, per year

24.27 (c)(i) This paragraph applies only to a person who first became a member of the
24.28 association or a member of a pension fund listed in section 356.30, subdivision 3, before
24.29 July 1, 1989, and whose annuity is higher when calculated under paragraph (b), in
24.30 conjunction with this paragraph than when calculated under paragraph (d), in conjunction
24.31 with paragraph (e).

24.32 (ii) Where any member retires prior to normal retirement age under a formula
24.33 annuity, the member shall be paid a retirement annuity in an amount equal to the normal
24.34 annuity provided in paragraph (b) reduced by one-quarter of one percent for each month
24.35 that the member is under normal retirement age at the time of retirement except that for
24.36 any member who has 30 or more years of allowable service credit, the reduction shall be
24.37 applied only for each month that the member is under age 62.

25.1 (iii) Any member whose attained age plus credited allowable service totals 90 years
25.2 is entitled, upon application, to a retirement annuity in an amount equal to the normal
25.3 annuity provided in paragraph (b), without any reduction by reason of early retirement.

25.4 (d) This paragraph applies to a member who has become at least 55 years old and
25.5 first became a member of the association after June 30, 1989, and to any other member
25.6 who has become at least 55 years old and whose annuity amount when calculated under
25.7 this paragraph and in conjunction with paragraph (e), is higher than it is when calculated
25.8 under paragraph (b), in conjunction with paragraph (c). For a basic member, the average
25.9 salary, as defined in section 354.05, subdivision 13a, multiplied by the percent specified
25.10 by section 356.315, subdivision 4, for each year of service for a basic member shall
25.11 determine the amount of the retirement annuity to which the basic member is entitled.
25.12 The annuity of a basic member who was a member of the former Minneapolis Teachers
25.13 Retirement Fund Association as of June 30, 2006, must be determined according to the
25.14 annuity formula under the articles of incorporation of the former Minneapolis Teachers
25.15 Retirement Fund Association in effect as of that date. For a coordinated member, the
25.16 average salary, as defined in section 354.05, subdivision 13a, multiplied by the percent
25.17 specified in section 356.315, subdivision 2, for each year of service rendered before July
25.18 1, 2006, and by the percent specified in section 356.315, subdivision 2b, for each year of
25.19 service rendered on or after July 1, 2006, determines the amount of the retirement annuity
25.20 to which the coordinated member is entitled.

25.21 (e) This paragraph applies to a person who has become at least 55 years old and first
25.22 becomes a member of the association after June 30, 1989, and to any other member who
25.23 has become at least 55 years old and whose annuity is higher when calculated under
25.24 paragraph (d) in conjunction with this paragraph than when calculated under paragraph
25.25 (b), in conjunction with paragraph (c). An employee who retires under the formula annuity
25.26 before the normal retirement age shall be paid the normal annuity provided in paragraph
25.27 (d) reduced so that the reduced annuity is the actuarial equivalent of the annuity that
25.28 would be payable to the employee if the employee deferred receipt of the annuity and the
25.29 annuity amount were augmented at an annual rate of three percent compounded annually
25.30 from the day the annuity begins to accrue until the normal retirement age if the employee
25.31 became an employee before July 1, 2006, and at 2.5 percent compounded annually if the
25.32 employee becomes an employee after June 30, 2006. Except in regards to section 354.46,
25.33 this paragraph remains in effect until June 30, 2015.

25.34 (f) After June 30, 2020, this paragraph applies to a person who has become at least
25.35 55 years old and first becomes a member of the association after June 30, 1989, and to any
25.36 other member who has become at least 55 years old and whose annuity is higher when

26.1 calculated under paragraph (d) in conjunction with this paragraph than when calculated
 26.2 under paragraph (b), in conjunction with paragraph (c). An employee who retires under
 26.3 the formula annuity before the normal retirement age is entitled to receive the normal
 26.4 annuity provided in paragraph (d). For a person who is at least age 62 or older and has at
 26.5 least 30 years of service, the annuity must be reduced by an early reduction factor of six
 26.6 percent per year of the annuity that would be payable to the employee if the employee
 26.7 deferred receipt of the annuity and the annuity amount were augmented at an annual rate
 26.8 of three percent compounded annually from the day the annuity begins to accrue until the
 26.9 normal retirement age if the employee became an employee before July 1, 2006, and at 2.5
 26.10 percent compounded annually if the employee became an employee after June 30, 2006.
 26.11 For a person who is not at least age 62 or older and does not have at least 30 years of
 26.12 service, the annuity would be reduced by an early reduction factor of four percent per year
 26.13 for ages 55 through 59 and seven percent per year of the annuity that would be payable
 26.14 to the employee if the employee deferred receipt of the annuity and the annuity amount
 26.15 were augmented at an annual rate of three percent compounded annually from the day
 26.16 the annuity begins to accrue until the normal retirement age if the employee became an
 26.17 employee before July 1, 2006, and at 2.5 percent compounded annually if the employee
 26.18 became an employee after June 30, 2006.

26.19 (g) After June 30, 2015, and before July 1, 2020, for a person who would have
 26.20 a reduced retirement annuity under either paragraph (e) or (f) if they were applicable,
 26.21 the employee is entitled to receive a reduced annuity which must be calculated using
 26.22 a blended reduction factor augmented monthly by 1/60 of the difference between the
 26.23 reduction required under paragraph (e) and the reduction required under paragraph (f).

26.24 (f) (h) No retirement annuity is payable to a former employee with a salary that
 26.25 exceeds 95 percent of the governor's salary unless and until the salary figures used in
 26.26 computing the highest five successive years average salary under paragraph (a) have been
 26.27 audited by the Teachers Retirement Association and determined by the executive director
 26.28 to comply with the requirements and limitations of section 354.05, subdivisions 35 and 35a.

33.3 if subdivision 6 6a has expired.

33.17 rounded to the nearest one-tenth of one percent.

33.19 to be applied as a permanent increase to the regular payment of each eligible member
33.20 on January 1 of the next calendar year. For any eligible member whose effective date
33.21 of benefit commencement occurred during the calendar year before the cost-of-living
33.22 adjustment is applied, the full increase amount must be prorated on the basis of whole
33.23 calendar quarters in benefit payment status in the calendar year prior to the January 1 on
33.24 which the cost-of-living adjustment is applied, calculated to the third decimal place.

33.25 (e) The adjustment must not be less than zero nor greater than five percent.

33.26 (f) If the funding ratio of the plan as determined in the most recent actuarial
33.27 valuation using the actuarial value of assets is less than 80 percent there will be no
33.28 postretirement adjustment the following January 1.

33.29 **EFFECTIVE DATE.** This section is effective July 1, 2013.

37.33 **EFFECTIVE DATE.** This section is effective July 1, 2013.

37.34 Sec. 16. Minnesota Statutes 2012, section 354A.35, subdivision 2, is amended to read:

37.35 Subd. 2. **Death while eligible to retire; surviving spouse optional annuity.** (a)
 37.36 The surviving spouse of a vested coordinated member who dies prior to retirement may
 37.37 elect to receive, instead of a refund with interest under subdivision 1, an annuity equal

38.1 to the 100 percent joint and survivor annuity the member could have qualified for had
38.2 the member terminated service on the date of death. The surviving spouse eligible for
38.3 a surviving spouse benefit under this paragraph may apply for the annuity at any time
38.4 after the date on which the deceased employee would have attained the required age for
38.5 retirement based on the employee's allowable service. A surviving spouse eligible for
38.6 surviving spouse benefits under paragraph (b) or (c) may apply for an annuity at any time
38.7 after the member's death. The member's surviving spouse shall be paid a joint and survivor
38.8 annuity under section 354A.32 and computed under section 354A.31.

38.9 (b) If the member was under age 55 and has credit for at least 30 years of allowable
38.10 service on the date of death, the surviving spouse may elect to receive a 100 percent joint
38.11 and survivor annuity based on the age of the member and surviving spouse on the date
38.12 of death. The annuity is payable using the full early retirement reduction under section
38.13 354A.31, subdivision 6, paragraph (a), to age 55 and one-half of the early retirement
38.14 reduction from age 55 to the age payment begins.

38.15 (c) If a vested member of the Duluth Teachers Retirement Fund Association was
38.16 under age 55 on the date of death but did not yet qualify for retirement, the surviving
38.17 spouse may elect to receive the 100 percent joint and survivor annuity based on the age
38.18 of the member and the survivor at the time of death. The annuity is payable using the
38.19 full early retirement reduction under section 354A.31, subdivision 6 or 7, to age 55 and
38.20 one-half of the early retirement reduction from age 55 to the date payment begins.

38.21 (d) If a vested member of the St. Paul Teachers Retirement Fund Association was
38.22 under age 55 on the date of death but did not yet qualify for retirement, the surviving
38.23 spouse may elect to receive the 100 percent joint and survivor annuity based on the age
38.24 of the member and the survivor at the time of death. The annuity is payable using the
38.25 full early retirement reduction under section 354A.31, subdivision 6 or 7, to age 55 and
38.26 one-half of the actuarial equivalent reduction from age 55 to the date payment begins.
38.27 The actuarial equivalent reduction is calculated so that the reduced annuity is the actuarial
38.28 equivalent of the annuity that would be payable to the member if the member deferred
38.29 receipt of the annuity and the annuity amount were augmented at an annual rate of 2.5
38.30 percent compounded annually from the day the annuity begins to accrue until the normal
38.31 retirement age.

38.32 (d) (e) Sections 354A.37, subdivision 2, and 354A.39 apply to a deferred annuity
38.33 or surviving spouse benefit payable under this section. The benefits are payable for the
38.34 life of the surviving spouse, or upon expiration of the term certain benefit payment under
38.35 subdivision 2b.

38.36 **EFFECTIVE DATE.** This section is effective the day following final enactment.

40.14 St. Paul teachers retirement plan	assumption B

40.16 For plans other than the Duluth teachers

 40.18 is: during the designated select period, a
 40.19 designated percentage rate is multiplied by
 40.20 the result of the designated integer minus T,
 40.21 where T is the number of completed years
 40.22 of service, and is added to the applicable
 40.23 future salary increase assumption. The
 40.24 designated select period is ten years and the
 40.25 designated integer is ten for ~~all retirement~~
 40.26 ~~plans covered by this clause~~ the Duluth
 40.27 Teachers Retirement Fund Association
 40.28 and for the local government correctional
 40.29 service retirement plan and 15 for the St.
