

H.F. 1135

As amended by H1135DE2

Subject Future Weather Trends and Public Building Design

Authors Lee

Analyst Bob Eleff

Date February 7, 2023

Summary

House File 1135, as amended by the H1135DE2 amendment, appropriates money from the general fund to the University of Minnesota for a study by the university's Institute on the Environment to assess how projections of future weather conditions can be incorporated into the design of public buildings and infrastructure to reduce energy usage and minimize damage to buildings and the natural environment from extreme weather events.
