Re: 10K Brewing testimony on HF 1192 (Olson)

Dear Chair Stephenson and Members of the Committee:

As one of the smallest breweries in the State of Minnesota, 10K Brewing would greatly benefit from HF 1192. We do not distribute our product outside of our Taproom and the 750ml/64oz off-sale vessel size is a limiting factor in our business's growth. Customers are demanding smaller more manageable containers for our beer in the range of 12oz/16oz rather than a giant vessel that needs to be completed in one setting. HF 1192 is a safer option for off-sale and will promote the growth of breweries of all sizes across the State and help us stay competitive with neighboring States.

Sincerely,

Jesse Hauf
