Subject: Submitted Amendment for HF 100

Rep. Koznick,

After reviewing the amendments submitted for consideration this week, I've determined that several of them are not germane to the committee jurisdiction and will therefore not be taken up during the hearing for HF 100. Here is a list of all the amendments submitted by Republican members of the committee:

A59 – The Committee will take up for discussion and a vote

A60 – Not Germane to Committee Jurisdiction. Statutes 181 are under the jurisdiction of Labor committee

A61 – Not Germane to Committee Jurisdiction. Local government policy is under the jurisdiction of State and Local Government Finance and Policy

A62 – The Committee will take up for discussion and a vote

A63 – The Committee will take up for discussion and a vote

A67 – Not Germane. Includes provisions outside of the committee jurisdiction including Public Safety/Criminal penalties

A65 and A68 – Not Germane. Raising the age from 21 to 25 is not in the scope of this committee's jurisdiction

A66 – Not Germane. Licensing of businesses is Commerce related issue.

A64 – Not Germane. Licensing and local government policy is not in jurisdiction of committee

Sincerely,

Hodan Hassan
Chair, Economic Development Finance and Policy Committee
