

(iii) the development of future cost estimates and communication of projected cost increases for a light rail transit project; and

(5) any other areas of expertise that the Department of Transportation may offer.

(b) The council must provide the commissioner of transportation all relevant information required by this section.

(c) Staff from the Department of Transportation providing project assistance to the council must report to the commissioner of transportation. Staff assistance from the Department of Transportation must include at least one licensed professional engineer.

(d) If the commissioner of transportation provides the council with staff and project assistance for the development of a light rail transit project as provided under this section, the commissioner must submit and detail all recommendations made to the council to the chairs and ranking minority members of the legislative committees with jurisdiction over transportation policy and finance within 30 days of submitting its recommendations to the council.

(e) The council must give strong consideration to utilizing input or recommendations developed by the commissioner of transportation. If the council decides against utilizing input or recommendations from the department, the council must reconcile significant deviations to the extent practicable and that portion of the project cannot move forward from the critical path schedule's milestone until the recommendation is reconciled. If the council has sufficient reasoning to justify not utilizing input or recommendations from the department, the council must, within 30 business days, provide written notice and documentation of the decision to the department and the chairs and ranking minority members of the legislative committees with jurisdiction over transportation policy and finance. The notice and documentation must provide the reasons why the council is not utilizing the input or recommendations provided by the department.

**Subd. 3. Project costs.** The project budget is responsible for costs incurred by the commissioner of transportation for duties required in this section. The council must only use direct appropriations in law or federal sources to pay its portion of light rail transit capital construction costs.

**Subd. 4. Project manager; qualifications.** If the Metropolitan Council is the responsible authority, the council must select a qualified project manager and lead project engineer with at least ten years' transportation industry experience to lead the planning, design, acquisition, construction, or equipping of a new light rail transit project.
