RE: H.F. 1675 (Huot) / Agriculture special license plates established, and money appropriated.

Dear Chair Hornstein and Members of the Committee,

The Minnesota Farm Bureau Federation (MFBF) appreciates the opportunity to share written testimony on behalf of our nearly 30,000 members in support of H.F. 1675 authored by Representative Huot. The creation of an agricultural special license plate to support agricultural education, specifically the Minnesota FFA Foundation and 4-H programs, is an important resource for future generations of agriculture leaders.

The establishment of a special license plate would not only provide additional resources for the Minnesota FFA Foundation and 4-H to serve more students, but also creates the ability for Minnesotans to commemorate their commitment and involvement to agriculture.

If there are any questions from members of the committee, please do not hesitate to reach out.

Sincerely,

Kevin Paap
President
