AT A GLANCE

- The Bureau of Mediation Services (BMS) oversees the collective bargaining relationship between all public sector employers, charitable hospitals and nursing homes, some private sector employers and their unionized employees.
- Of the 310,600+ MN Public Employees; over 2/3 work under nearly 4,000 union contracts.
- In FY20 the BMS received 2,854 requests for service and during the same period there were two strikes, fifty-nine arbitrations (of which 12 were contract arbitrations) and six veterans' preference hearings.
- While the BMS did not have a chance to mediate every case presented to arbitration; including cases arbitrated but not mediated, a 97% success rate was achieved.
- The BMS conducted in FY20, 1,196 mediation meetings, 120 trainings and facilitations, 35 election tabulations and 30 representation hearings and pre-hearings.

PURPOSE

The BMS mission is to promote orderly and constructive labor-management relations and to advance the use of alternative dispute resolution and collaborative processes.

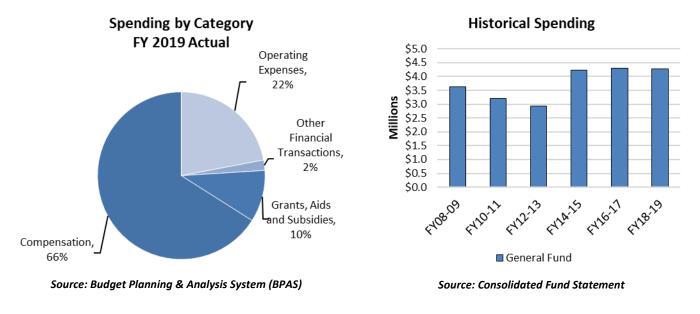

Labor-Management Relations

- 1. The BMS monitors collective bargaining disputes and works to prevent strikes and arbitration by directly mediating labor negotiations and grievances and by providing labor-management training.
- 2. Representation rights (employee's right to unionize or refrain from such) are regulated through a quasijudicial administrative process including administrative investigations, hearings and elections.
- 3. BMS clients are: employers, labor organizations, employees, elected officials, labor attorneys and other labor relations professionals.

Training and Facilitation

- 1. The BMS has absorbed regional labor -management committee training previously conducted by Area Labor Management Committee consortiums.
- 2. The BMS provides committee effectiveness and co-chair training, conflict resolution training, Interest Based Bargaining Training, training on the Minnesota Public Employment Labor Relations Act, and training for Contract and Grievance Mediation.
- 3. For established labor-management committees and interest based bargaining groups, the BMS will provide facilitation for difficult issues.

BUDGET

STRATEGIES

The BMS contributes to statewide outcomes by:

- Mediating collective bargaining and grievance disputes and promoting voluntary resolution of representation questions.
- Promoting cooperation among labor and management through worksite labor management committees.
- Administering a statewide labor-management grant program.
- Maintaining a roster of qualified neutral arbitrators to hear and decide contract and grievance disputes that cannot be resolved through mediation.
- Training labor and management representatives in the skills of negotiation, mediation, conflict resolution, relationship management and interest focused bargaining.
- Ensuring the sustainable resolution of matters of disputes by providing collaborative problem-solving services to state and local government.

RESULTS

In FY20 BMS resolved a total of 439 grievance and contract cases improving the efficiency and effectiveness of the public and private sector due to stable labor management relations. This resulted in dollars and work hours saved by the prevention of strikes, arbitration, and litigation, and contributed to improved productivity and higher employee morale.

Measures of BMS work are successful case settlement rates, timely resolution of representation petitions and the quantity of successful community mediations.

| Type of Measure | Name of Measure | Previous | Current | Dates |
|--------------------|--|----------|---------|---------------|
| Quality | Percentage of collective bargaining contract and grievance disputes successfully settled through mediation | 92% | 97% | FY19, FY20 |
| Quality | Percentage of representation elections successfully completed within 90 days | 92% | 91% | FY19, FY20 |

| Type of Measure | Name of Measure | Previous | Current | Dates |
|--------------------|---|----------|---------|-------|
| Quantity | Number of Interest Based and Labor Management | 101 | 138 | FY19, |
| | Cooperative Meetings Held | | | FY20 |

Change Item Title: Increased Funding for PERB

Recommendation:

The Governor recommends \$435,000 each year for the Public Employment Relations Board (PERB). The Board handles unfair labor practice complaints brought by public employees.

Rationale/Background:

PERB was established during the 2014 legislative session to receive, investigate, and resolve unfair labor practice charges for all public employers and their employees across the State of Minnesota. Unfair labor practices are defined as violations of the Minnesota Public Employment Labor Relations Act, which gives certain rights to public employees. The Board consists of three members, two of whom are appointed by the Governor, representing the public and public employers, and a final member that is appointed by the two gubernatorial appointees.

PERB's authority to hear unfair labor practice disputes was delayed, most recently in 2015, to 2020. The Board receives an annual appropriation of \$125,000 to perform its statutory functions, but the funding is not enough to perform its core responsibilities. This funding would allow PERB to hire full-time staff members and would provide additional resources for other operating expenditures.

Proposal:

The Governor recommends an increase in funding for PERB to support the Board's statutory responsibilities.

Results:

This proposal is intended to allow the Public Employment Relations Board to continue to provide current levels of service and information to the public.

FY 2022-23 Biennial Budget Change Item

| Net Fiscal Impact = | (102) | 80 | 125 | 125 | 125 |
| (Expenditures – Revenues) | | | | | |
| FTEs | 0 | 0 | 0 | 0 | 0 |

Change Item Title: Operating Adjustment

Recommendation:

The Governor recommends a reduction of \$102,000 to the FY 2021 general fund operating appropriation and additional funding of \$80,000 in FY 2022 and \$125,000 in each subsequent year from the general fund to maintain the current level of service delivery at the Bureau of Mediation Services (BMS).

This change represents a 3% increase in FY 2022 and a 5% increase each year thereafter.

Rationale/Background:

The FY 2021 operating reduction amount reflects the savings generated due to the state hiring freeze and other operating efficiencies in the current year. The agency collected savings by not operating an underutilized grant program. Additionally, retirements and redeployments have provided salary savings.

The operating increases recommended in FY 2022 and FY 2023 fund a portion of the projected cost increases in the upcoming biennium. Each year, the cost of doing business rises—including growing costs for employer-paid health care contributions and other salary and compensation-related costs. Other operating costs, like rent and lease, fuel and utilities, IT and legal services also grow. This cost growth puts pressure on agency operating budgets that remain flat from year to year without enacted increases.

Agencies face challenging decisions to manage these costs within existing budgets, while maintaining the services Minnesotans expect. To manage costs, most agencies find ways to become more efficient with existing resources. For BMS, efficiencies have already been implemented to produce savings in FY 2021 and these efficiencies will continue into FY 2022 and FY 2023 along with additional efficiencies including:

- Reducing travel expenses by conducting some lower level mediations virtually instead of in-person, and
- Providing, receiving and processing petitions and data electronically when possible.

Efficiencies will continue in the next biennium; however, cost growth will continue to put pressure on budgets and without additional resources, service delivery erodes. For BMS, this means: an inability to maintain the upgrading of facilities to provide remote hearings or meetings for stakeholders; reducing the number of cases in which can be processed; limiting the training and facilitations provided to stakeholders; creating delays in hearing and mediation meeting scheduling, and creating a need for delays in staff replacements.

Proposal:

The Governor recommends reducing the FY2021 general fund operating appropriation by \$102,000. In addition, the Governor recommends increasing agency operating budgets to support the delivery of current services. For BMS, this funding will cover expected and anticipated employee compensation growth, known cost increases in rent and IT services, increases in travel expenses, administrative hearing officer certification expenses, severance payments for four long term staff anticipated to retire during the biennium, and other operating expenditures.

Results:

This proposal is intended to allow the Bureau of Mediation Services to continue to provide current levels of service and information to the public.
