

Testimony for HF 3114

I declare you vote NO on this bill being presented in the House on February 9th. This bill proposes more medical encroachment and government overreach by the State. Here in Minnesota we already have public health programs doing most of the work this bill proposes. We, the people, do not need any more socialized medicine or welfare in our state. We pay a lot of money into a system that is already being mismanaged and our funds are going towards nefarious and illegal activities as it is. Please take notice that we, the people, are taking notice and taking names of who is voting for what these days. Our numbers of awakened individuals are growing and your agenda to push socialist and communist ideals into our society will not prevail. STAY OUT OF OUR SCHOOLS and LEAVE OUR CHILDREN ALONE. They are not your property to do with as you please.

The government and medical tyranny stops now. I declare that you all, EVERY SINGLE ONE OF YOU, do your job. And that means you take care of business and stay out of our lives. The primary function of a legislator is not formation of law, but rather, direction of **Spending** from the **Public Purse**. You have no business building medical centers in our schools. The medical system is completely broken as it is as well as the school system. Both have done nothing but indoctrinate the people and the children to believing lies. Doctors and nurses have been given protocols for COVID19 of Remdesivir and ventilators that are literally killing people and you want to be in charge of building a medical center in our schools? Hard no. You have allowed and probably promoted teachers brainwashing our children into thinking Marxist ideals are 'American' and are looking out for minorities, all the while they are teaching them how to be more racist and divisive.

Before you introduce any more radical socialist bills, please look at yourself and decide which side of history do you choose to be on. The one that is FOR the people or the one that is against us. Because the more government you build, the more you become an enemy to the people. Government was never meant to rule people lives. It was designed to take care of the business of the people. Per your oath of office you are servants to the people. I ask you, by what authority do you declare you have to make law of this nature? None. I, as one of the people, declare you to stay within the boundaries that you are bound by your oath.

Thank you and best regards,  
Tracey Schowalter
