Date April 11, 2024

Summary

This bill amends Minnesota Statutes, section 16A.86, subdivision 4, commonly referred to as the “capital project local match requirement.”

The bill applies the expectation of a local match to capital project grants to nonprofit organizations.

The bill also provides that the state share of a project includes state assistance in any manner, including direct appropriations, grant program awards, or a combination of state assistance appropriated and granted by multiple state entities.

Finally, the bill clarifies that the nonstate share of a project may be funded by federal, local, private, or other funds, or a combination thereof, from nonstate sources.

Effective the day following final enactment.
