**EXPLANATION OF THE BILL**

The proposal would make a number of changes to tax increment financing (TIF) laws. These changes include:

- Updating the definition of administrative expenses
- Adding a definition for a pay-as-you-go contract and note
- Clarifying the limitation on administrative expenses
- Clarifying the calculation of minimum percentage of expenditures for activities in the district and maximum percentage of expenditures allowed on activities outside the district for pooling limits
- Clarifying which expenditures are considered activity within the district for the five-year rule
- Updating the use of revenues for decertification
- Clarifying the calculation of a deficit of a district with respect to pooling permitted for deficits
- Expanding the definition of increment collected due to violations
- Clarifying the increment held by the county auditor due to violations
- Expanding the sources of permitted purposes of TIF expenditures

The proposal is effective the day following final enactment. However, some proposed changes only apply to districts whose request for certification was after certain dates.

**REVENUE ANALYSIS DETAIL**

- The proposed changes to the general TIF provisions would have no impact on the state general fund.
