

1.1 moves to amend H.F. No. 2431, the delete everything amendment
1.2 (H2431DE4), as follows:

1.3 Page 3, line 17, delete "and no more than \$1,050,000"

1.4 Page 14, delete lines 23 to 33 and insert "a partnership between the University of
1.5 Minnesota Medical School and CentraCare to establish and operate new residency programs
1.6 and maintain existing residency programs based in CentraCare hospitals and clinics in St.
1.7 Cloud and Willmar. Eligible uses of this appropriation include, but are not limited to,
1.8 program administration, curriculum development, resident recruitment, training, and resident
1.9 stipends."

1.10 Page 19, after line 25, insert:

1.11	"Subd. 6. <u>Agriculture Sector; Extreme Weather</u>	<u>1,000,000</u>	<u>1,000,000</u>
1.12	<u>For a program in the University of Minnesota</u>		
1.13	<u>Extension Service that enhances the capacity</u>		
1.14	<u>of the state's agriculture sector, land and</u>		
1.15	<u>resource managers, and communities to plan</u>		
1.16	<u>for and adapt to weather extremes, including</u>		
1.17	<u>but not limited to droughts and floods. The</u>		
1.18	<u>base for this appropriation in fiscal year 2028</u>		
1.19	<u>and later is \$1,000,000. The appropriation</u>		
1.20	<u>under this section must be used to support</u>		
1.21	<u>existing extension service staff members and</u>		
1.22	<u>to hire additional staff members for a program</u>		
1.23	<u>with broad geographic reach throughout the</u>		
1.24	<u>state. The program must:</u>		

2.1 (1) identify, develop, implement, and evaluate
2.2 educational programs that increase the
2.3 capacity of Minnesota's agriculture sector,
2.4 land and resource managers, and communities
2.5 to be prepared for and adapt to projected
2.6 physical changes in temperature, precipitation,
2.7 and other weather parameters that affect crops,
2.8 lands, horticulture, pests, and wildlife in ways
2.9 that present challenges to the state's agriculture
2.10 sector and the communities that depend on the
2.11 agriculture sector; and

2.12 (2) communicate and interpret the latest
2.13 research on critical weather trends and the
2.14 scientific basis for critical weather trends to
2.15 further prepare extension service staff
2.16 throughout the state to educate and provide
2.17 technical assistance to the agriculture sector,
2.18 land and resource managers, and community
2.19 members at the local level regarding technical
2.20 information on water resource management,
2.21 agriculture and forestry, engineering and
2.22 infrastructure design, and emergency
2.23 management that is necessary to develop
2.24 strategies to mitigate the effects of extreme
2.25 weather change."

2.26 Page 57, line 15, delete the comma and insert "and" and delete ", and for-profit
2.27 organizations"
