Chair Lee and Members of the House Capital investment Committee

RE: Support for Western Lake Superior Sanitary District Secondary Clarifier Rehabilitation

To: Chair Lee and Members of the House Capital investment Committee:

We write to you today **to urge your support for funding for the WLSSD Secondary Clarifier Rehabilitation bonding request in 2023 (HF2448, SF2193).**

USG Interiors is served by the Western Lake Superior Sanitary District (WLSSD) regional wastewater treatment plant.

In the 2023 legislative session, WLSSD is requesting \$17.5 million to proceed with the structural and mechanical renovation of all four secondary clarifiers. This project is critical to the continuation of successfully treating wastewater and protecting public health. Bonding support will allow the District to make these necessary repairs while keeping rates stable and fostering continued economic growth.

Please support the inclusion of \$17.5 million in the 2023 Legislative Session for the WLSSD Secondary Clarifier Rehabilitation Project.

Sincerely,

A handwritten signature in black ink, appearing to read "Jenna Leger".
