Madame Chairwoman and Members of the Committee,

I'm writing today to tell you that the people of Minnesota are sick and tired of having their rights and freedoms stomped on by petty tyrants like you.

We're sick and tired of inner-city criminals being let off the hook by Democrat prosecutors who have no desire at all to stop crime but rather to tread on every-day gun owners.

But we will NOT be tread upon and there will be NO COMPROMISE!

We're sick and tired of you pretending that Background Checks stop criminals from getting guns, that Red Flag laws work or are Constitutional or that forcing us to lock our guns in safes will stop the rampant inner-city crime that plagues Minnesota!

So, we'll say only this.

Minnesota Gun Rights is massive, and our reach extends deep into every district in Minnesota that matters.

If you pass these bills, Minnesota Gun Rights will viciously expose EVERY politician in the weakest district in Minnesota in the 2024 elections and every election beyond. And we are well situated for it!

More than that, we will encourage peaceful, MASS non-compliance with any of these tyrannical and unconstitutional laws if they should become law.

You can't have our guns.

You can't take our Second Amendment away.

And we will not comply because we know that what's happening here is the attempted disarmament of YOUR political opposition.

The choice comes down to the most vulnerable members of your caucus.

Good luck.

For Freedom,

Ben Dorr, Director
