

1.1 ..... moves to amend H.F. No. 2751, the first engrossment, as follows:

1.2 Page 2, after line 17, insert:

1.3 "Subd. 2. **Electric vehicle stations.** (a) An electric vehicle station may only be installed  
1.4 at a parking space located at least 75 feet from the nearest building.

1.5 (b) If no parking space meeting the requirements of paragraph (a) is available to the  
1.6 owner or manager of the property, electric vehicle stations may only be installed at parking  
1.7 spaces located furthest from any buildings. If all parking spaces are located the same distance  
1.8 from a building, electric vehicle stations may only be installed at parking spaces located  
1.9 furthest from any building exits, hazardous materials, and infrastructure posing a substantial  
1.10 risk to health and safety due to fire.

1.11 (c) This subdivision does not apply for:

1.12 (1) an electric vehicle station installed prior to the effective date of this section;

1.13 (2) a parking structure that is principally designed for motor vehicle parking and contains  
1.14 no other structurally integrated facilities, including but not limited to space for business,  
1.15 retail, or residential purposes; and

1.16 (3) a disability parking space designated as provided under section 169.346."
