(f) If a school contracts with a third party for its meal services, it must provide the vendor 47.6 with its school meals policy. Any contract between the school and a third-party provider 47.7 entered into or modified after July 1, 2021, must ensure that the third-party provider adheres 47.8 to the participant's school meals policy. 47.9 Subd. 1a. School lunch aid amounts. Each school year, the state must pay participants 47.10 in the national school lunch program the amount of 12.5 cents for each full paid and free 47.11 student lunch and 52.5 cents for each reduced-price lunch served to students. 47.12 Subd. 2. The posted criteria and information must inform interested nonprofit organizations 47.20 about: 47.21 (1) the criteria the commissioner uses to approve or disapprove an application, including 47.22 how an applicant demonstrates financial viability for the Minnesota program, among other 47.23 criteria; 47.24 47.25 (2) the commissioner's process and time line for notifying an applicant when its application is approved or disapproved and, if the application is disapproved, the explanation 47.26 the commissioner provides to the applicant; and 47.27 (3) any appeal or other recourse available to a disapproved applicant. 47.28 Subd. 3. School food service fund. (a) The expenses described in this subdivision must 47.29 be recorded as provided in this subdivision. 47.30 (b) In each district, the expenses for a school food service program for pupils must be 47.31

47.32

attributed to a school food service fund. Under a food service program, the school food

service may prepare or serve milk, meals, or snacks in connection with school or community service activities.

(c) Revenues and expenditures for food service activities must be recorded in the food service fund. The costs of processing applications, accounting for meals, preparing and serving food, providing kitchen custodial services, and other expenses involving the preparing of meals or the kitchen section of the lunchroom may be charged to the food service fund or to the general fund of the district. The costs of lunchroom supervision, lunchroom custodial services, lunchroom utilities, and other administrative costs of the food service program must be charged to the general fund.

That portion of superintendent and fiscal manager costs that can be documented as attributable to the food service program may be charged to the food service fund provided that the school district does not employ or contract with a food service director or other individual who manages the food service program, or food service management company. If the cost of the superintendent or fiscal manager is charged to the food service fund, the charge must be at a wage rate not to exceed the statewide average for food service directors as determined by the department.

- (d) Capital expenditures for the purchase of food service equipment must be made from the general fund and not the food service fund, unless the restricted balance in the food service fund at the end of the last fiscal year is greater than the cost of the equipment to be purchased.
- (e) If the condition set out in paragraph (d) applies, the equipment may be purchased from the food service fund.
- (f) If a deficit in the food service fund exists at the end of a fiscal year, and the deficit is not eliminated by revenues from food service operations in the next fiscal year, then the deficit must be eliminated by a permanent fund transfer from the general fund at the end of that second fiscal year. However, if a district contracts with a food service management company during the period in which the deficit has accrued, the deficit must be eliminated by a payment from the food service management company.
- (g) Notwithstanding paragraph (f), a district may incur a deficit in the food service fund for up to three years without making the permanent transfer if the district submits to the commissioner by January 1 of the second fiscal year a plan for eliminating that deficit at the end of the third fiscal year.
- (h) If a surplus in the food service fund exists at the end of a fiscal year for three successive years, a district may recode for that fiscal year the costs of lunchroom supervision,

Subd. 4. **No fees.** A participant that receives school lunch aid under this section must make lunch available without charge and must not deny a school lunch to all participating students who qualify for free or reduced-price meals, whether or not that student has an outstanding balance in the student's meals account attributable to a la carte purchases or for any other reason.

Subd. 5. Respectful treatment. (a) The participant must also provide meals to students in a respectful manner according to the policy adopted under subdivision 1. The participant must ensure that any reminders for payment of outstanding student meal balances do not demean or stigmatize any child participating in the school lunch program-, including but not limited to dumping meals, withdrawing a meal that has been served, announcing or listing students' names publicly, or affixing stickers, stamps, or pins. The participant must not impose any other restriction prohibited under section 123B.37 due to unpaid student meal balances. The participant must not limit a student's participation in any school activities, graduation ceremonies, field trips, athletics, activity clubs, or other extracurricular activities or access to materials, technology, or other items provided to students due to an unpaid student meal balance.

(b) If the commissioner or the commissioner's designee determines a participant has violated the requirement to provide meals to participating students in a respectful manner, the commissioner or the commissioner's designee must send a letter of noncompliance to the participant. The participant is required to respond and, if applicable, remedy the practice within 60 days.

49.30 in paragraph (b).

(b) On June 30, 2021, the commissioner must subtract the amount actually paid to participants for the 2020-2021 school year under Laws 2020, chapter 116, article 6, sections 20, 21, and 22, as amended by this act, from the total appropriations for each program.
