

Dear Mr. Gelbmann:

I write to urge the MN House Finance Committee to seek the federal funds that will support the growth of voting by mail in Minnesota this year.

We need to start now in preparing for the fall election.

I want to be able to maintain my health and safety as well as prevent others from being exposed to COVID-19 and to protect poll workers and election judges.

I want to be able to vote by mail.

Thank you,
Colleen Sheehy
