

June 14, 2020

We are writing to ask you please pass HF49 to restore the vote to end felony disenfranchisement. Restoring the vote would positively impact 52,000 Minnesota citizens, who live in our communities, work, and pay taxes. We know MN has short incarceration times, but we also have some of the longest parole times. We should be using this time to integrate our citizens back into our communities. Please vote "yes" on HF49.

Thank you,

Melanie Hazelip
