(2) If the employee has allowable service after June 30, 2025, the employee's retirement annuity is equal to the employee's average salary multiplied by 1.2 percent per year of allowable service for the first ten years and 1.7 percent for each later year of allowable service through June 30, 2025, and 1.9 percent for each year of allowable service after June 30, 2025, and pro rata for completed months less than a full year.

(b) This paragraph applies to a person who has become at least 55 years old and first became a covered employee after June 30, 1989, and to any other covered employee who has become at least 55 years old and whose annuity amount, when calculated under this paragraph and in conjunction with section 352.116, subdivision 1a, is higher than it is when calculated under paragraph (a), in conjunction with section 352.116, subdivision 1.

41.31 applicable, must:

41.32 (1) submit the title change to the executive director of the Legislative Commission on

(2) notify each employee in the employment position no later than 30 days after the effective date of the title change that the title change will not affect the continued coverage of the employee by the correctional employees retirement plan and that the department or agency, as applicable, has submitted a request to the legislature to change the title in section 352.905.

(c) If the commissioner of management and budget determines that the responsibilities of the employment position have changed and the changes result in the employment position no longer being qualified for coverage by the correctional employees retirement plan, the employer must:

(2) notify each employee in the employment position no later than 30 days after the effective date of the title change that a determination was made by the commissioner of management and budget that, because the responsibilities of the employment position have changed, the employment position and all employees in the employment position are no longer eligible for coverage by the correctional employees retirement plan subject to confirmation by the correctional plan membership committee.

~~(e)~~ (b) If a member has fractional service as of December 31, the figure for service credit to be used for the determination of accrued liability pursuant to this section shall be rounded to the nearest full year of service credit. EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 8. Minnesota Statutes 2024, section 424A.092, subdivision 3, is amended to read:

Subd. 3. **Financial requirements of relief association; minimum obligation of municipality.** (a) During the month of July, the officers of the relief association shall determine the overall funding balance of the special fund for the current calendar year, the financial requirements of the special fund for the following calendar year and the minimum obligation of the municipality with respect to the special fund for the following calendar year in accordance with the requirements of this subdivision.

(b) The overall funding balance of the special fund for the current calendar year must be determined in the following manner:

(1) The total accrued liability of the special fund for all active and deferred members of the relief association as of December 31 of the current year must be calculated under subdivisions 2 and 2a, if applicable.

(2) The total present assets of the special fund projected to December 31 of the current year, including receipts by and disbursements from the special fund anticipated to occur on or before December 31, must be calculated. To the extent possible, for those assets for which a market value is readily ascertainable, the current market value as of the date of the calculation for those assets must be utilized in making this calculation. For any asset for

56.1 which no market value is readily ascertainable, the cost value or the book value, whichever
56.2 is applicable, must be utilized in making this calculation.

56.3 (3) The amount of the total present assets of the special fund calculated under clause (2)
56.4 must be subtracted from the amount of the total accrued liability of the special fund calculated
56.5 under clause (1). If the amount of total present assets exceeds the amount of the total accrued
56.6 liability, then the special fund is considered to have a surplus over full funding. If the amount
56.7 of the total present assets is less than the amount of the total accrued liability, then the
56.8 special fund is considered to have a deficit from full funding. If the amount of total present
56.9 assets is equal to the amount of the total accrued liability, then the special fund is considered
56.10 to be fully funded.

56.11 (c) The financial requirements of the special fund for the following calendar year must
56.12 be determined in the following manner:

56.13 (1) The total accrued liability of the special fund for all active and deferred members of
56.14 the relief association as of December 31 of the calendar year next following the current
56.15 calendar year must be calculated under subdivisions 2 and 2a, if applicable.

56.16 (2) The increase in the total accrued liability of the special fund for the following calendar
56.17 year over the total accrued liability of the special fund for the current year must be calculated.

56.18 (3) The amount of anticipated future administrative expenses of the special fund must
56.19 be calculated by multiplying the dollar amount of the administrative expenses of the special
56.20 fund for the most recent prior calendar year by the factor of 1.035.

56.21 (4) If the special fund is fully funded, the financial requirements of the special fund for
56.22 the following calendar year are the total of the amounts calculated under clauses (2) and
56.23 (3).

56.24 (5) If the special fund has a deficit from full funding, the financial requirements of the
56.25 special fund for the following calendar year are the financial requirements of the special
56.26 fund calculated as though the special fund were fully funded under clause (4) plus an amount
56.27 equal to one-tenth of the original amount of the deficit from full funding of the special fund
56.28 as determined under clause (2) resulting either from an increase in the amount of the service
56.29 pension occurring in the last ten years or from a net annual investment loss occurring during
56.30 the last ten years until each increase in the deficit from full funding is fully retired. The
56.31 annual amortization contribution under this clause may not exceed the amount of the deficit
56.32 from full funding.

(6) If the special fund has a surplus over full funding, the financial requirements of the special fund for the following calendar year are the financial requirements of the special fund calculated as though the special fund were fully funded under clause (4) reduced by an amount equal to one-tenth of the amount of the surplus over full funding of the special fund.

(d) The minimum obligation of the municipality with respect to the special fund is the financial requirements of the special fund reduced by the amount of any fire state aid and police and firefighter retirement supplemental state aid payable under chapter 477B and section 423A.022 reasonably anticipated to be received by the municipality for transmittal to the special fund during the following calendar year, and an amount of interest on the assets of the special fund projected to the beginning of the following calendar year calculated at the rate of five percent per annum, ~~and the amount of any contributions to the special fund required by the relief association bylaws from the active members of the relief association reasonably anticipated to be received during the following calendar year.~~ A reasonable amount of anticipated fire state aid is an amount that does not exceed the fire state aid actually received in the prior year multiplied by the factor 1.035.

EFFECTIVE DATE. This section is effective January 1, 2026.

Sec. 9. Minnesota Statutes 2024, section 424A.092, subdivision 4, is amended to read:

Subd. 4. **Certification of financial requirements and minimum municipal obligation; levy.** (a) The officers of the relief association shall certify the financial requirements of the special fund of the relief association and the minimum obligation of the municipality with respect to the special fund of the relief association as determined under subdivision 3 on or before August 1 of each year. The certification must be made to the entity that is responsible for satisfying the minimum obligation with respect to the special fund of the relief association. (c) The municipality shall provide for at least the minimum obligation of the municipality with respect to the special fund of the relief association by tax levy or from any other source of public revenue.

(d) The municipality may levy taxes for the payment of the minimum municipal obligation without any limitation as to rate or amount and irrespective of any limitations imposed by other provisions of law upon the rate or amount of taxation until the balance of the special fund or any fund of the relief association has attained a specified level. In addition, any taxes levied under this section must not cause the amount or rate of any other taxes levied in that year or to be levied in a subsequent year by the municipality which are subject to a limitation as to rate or amount to be reduced.

(e) If the municipality does not include the full amount of the minimum municipal obligations in its levy for any year, the officers of the relief association shall certify that amount to the county auditor, who shall spread a levy in the amount of the certified minimum municipal obligation on the taxable property of the municipality.

(f) If the state auditor determines that a municipal contribution actually made in a plan year was insufficient under section 424A.091, subdivision 3, paragraph (c), clause (5), the state auditor may request a copy of the certifications under this subdivision from the relief association or from the city. The relief association or the city, whichever applies, must provide the certifications within 14 days of the date of the request from the state auditor.

59.1 ~~the following calendar year.~~ A reasonable amount of anticipated fire state aid is an amount
59.2 that does not exceed the fire state aid actually received in the prior year multiplied by the
59.3 factor 1.035.

59.4 (c) The officers of the relief association shall certify the financial requirements of the
59.5 special fund of the relief association and the minimum obligation of the municipality with
59.6 respect to the special fund of the relief association as determined under subdivision 4 and
59.7 this subdivision by August 1 of each year. The certification must be made to the entity that
59.8 is responsible for satisfying the minimum obligation with respect to the special fund of the
59.9 relief association. If the responsible entity is a joint powers entity, the certification must be
59.10 made in the manner specified in the joint powers agreement, or if the joint powers agreement
59.11 is silent on this point, the certification must be made to the chair of the joint powers board.

59.12 (d) The financial requirements of the relief association and the minimum municipal

59.20 until the balance of the special fund or any fund of the relief association has attained a
59.21 specified level. In addition, any taxes levied under this section must not cause the amount
59.22 or rate of any other taxes levied in that year or to be levied in a subsequent year by the
59.23 municipality which are subject to a limitation as to rate or amount to be reduced.

59.24 (f) If the municipality does not include the full amount of the minimum municipal
59.25 obligation in its levy for any year, the officers of the relief association shall certify that
59.26 amount to the county auditor, who shall spread a levy in the amount of the minimum
59.27 municipal obligation on the taxable property of the municipality.

76.24 Sec. 5. Minnesota Statutes 2024, section 356.215, subdivision 11, is amended to read:

76.25 Subd. 11. **Amortization contributions.** (a) ~~In addition to the exhibit indicating the level~~

 76.28 Relief Association, and the local monthly benefit volunteer firefighter relief associations,
 76.29 must contain an exhibit ~~for financial reporting purposes~~ indicating the additional annual

 76.31 accrued liability ~~and must contain an exhibit indicating the additional contribution sufficient~~
 76.32 ~~to amortize the unfunded actuarial accrued liability. For the retirement plans listed in~~
 76.33 ~~subdivision 8, paragraph (a), but excluding the legislators retirement plan, the Bloomington~~

~~Fire Department Relief Association, and the local monthly benefit volunteer firefighter relief associations, the additional contribution must be calculated on a level percentage of covered payroll basis by the established date for full funding in effect when the valuation is prepared, assuming annual payroll growth at the applicable percentage rate set forth in the appendix described in subdivision 8, paragraph (c). For the legislators retirement plan, the additional annual contribution must be calculated on a level annual dollar amount basis, resulting from any of the following changes, over the period specified for that change, except that the pension plan's unfunded actuarial accrued liability as of July 1, 2024, must be amortized over a period that ends June 30, 2048:~~

(1) experience gain or loss: 15 years;

(2) assumption or method change: 20 years;

(3) benefit change for active members: 15 years;

(4) long-term benefit change for inactive members: 15 years;

(5) short-term benefit change for inactive members: the number of years during which the benefit change will be in effect; and

(6) an annual contribution that is more or less than the actuarially determined contribution: 15 years.

(b) The amortization periods specified in paragraph (a) apply:

(1) unless the standards for actuarial work state otherwise;

(2) except that, for the legislators retirement plan, the additional annual contribution sufficient to amortize the unfunded actuarial accrued liability must be calculated on a level dollar basis with an amortization period of one year; and

(3) except that, for the State Patrol retirement plan, the public employees police and fire retirement plan, and the Teachers Retirement Association, the unfunded actuarial accrued liability resulting from benefit increases enacted in 2025 must be amortized over a period that ends June 30, 2048.

~~(b) This paragraph applies only if the calculation under this paragraph for a retirement plan results in an established date for full funding that is earlier than the established date for full funding applicable to the retirement plan under paragraph (c). For any retirement plan, if there has been a change in any or all of the actuarial assumptions used for calculating the actuarial accrued liability of the fund, a change in the benefit plan governing annuities and benefits payable from the fund, a change in the actuarial cost method used in calculating~~

~~the actuarial accrued liability of all or a portion of the fund, or a combination of the three, and the change or changes, by itself or by themselves and without inclusion of any other items of increase or decrease, produce a net increase in the unfunded actuarial accrued liability in the fund, the established date for full funding must be determined using the following procedure:~~

~~(i) the unfunded actuarial accrued liability of the fund must be determined in accordance with the plan provisions governing annuities and retirement benefits and the actuarial assumptions in effect before an applicable change;~~

~~(ii) the level annual dollar contribution or level percentage, whichever is applicable, needed to amortize the unfunded actuarial accrued liability amount determined under item (i) by the established date for full funding in effect before the change must be calculated using the investment return assumption specified in subdivision 8 in effect before the change;~~

~~(iii) the unfunded actuarial accrued liability of the fund must be determined in accordance with any new plan provisions governing annuities and benefits payable from the fund and any new actuarial assumptions and the remaining plan provisions governing annuities and benefits payable from the fund and actuarial assumptions in effect before the change;~~

~~(iv) the level annual dollar contribution or level percentage, whichever is applicable, needed to amortize the difference between the unfunded actuarial accrued liability amount calculated under item (i) and the unfunded actuarial accrued liability amount calculated under item (iii) over a period of 30 years from the end of the plan year in which the applicable change is effective must be calculated using the applicable investment return assumption specified in subdivision 8 in effect after any applicable change;~~

~~(v) the level annual dollar or level percentage amortization contribution under item (iv) must be added to the level annual dollar amortization contribution or level percentage calculated under item (ii);~~

~~(vi) the period in which the unfunded actuarial accrued liability amount determined in item (iii) is amortized by the total level annual dollar or level percentage amortization contribution computed under item (v) must be calculated using the investment return assumption specified in subdivision 8 in effect after any applicable change, rounded to the nearest integral number of years, but not to exceed 30 years from the end of the plan year in which the determination of the established date for full funding using the procedure set forth in this clause is made and not to be less than the period of years beginning in the plan year in which the determination of the established date for full funding using the procedure~~

79.1 ~~set forth in this clause is made and ending by the date for full funding in effect before the~~
79.2 ~~change; and~~

79.3 ~~(vii) the period determined under item (vi) must be added to the date as of which the~~

79.14 ~~30, 2048;~~

79.15 ~~(iv) for the judges retirement plan, the established date for full funding is June 30, 2048;~~

79.20 ~~(vii) for the general state employees retirement plan of the Minnesota State Retirement~~
79.21 ~~System, the established date for full funding is June 30, 2048.~~

79.22 ~~(d) For the retirement plans for which the annual actuarial valuation indicates an excess~~

EFFECTIVE DATE. This section is effective June 30, 2025.

Sec. 3. Minnesota Statutes 2024, section 354.44, subdivision 6, is amended to read:

Subd. 6. **Computation of formula program retirement annuity.** (a) The formula retirement annuity must be computed in accordance with the applicable provisions of the formulas stated in paragraph (b) or (d) on the basis of each member's average salary under section 354.05, subdivision 13a, for the period of the member's formula service credit.

(b) This paragraph, in conjunction with paragraph (c), applies to a person who first became a member of the association or a member of a pension fund listed in section 356.30, subdivision 3, before July 1, 1989, unless paragraph (d), in conjunction with paragraph (e), produces a higher annuity amount, in which case paragraph (d) applies. The average salary as defined in section 354.05, subdivision 13a, multiplied by the following percentages per year of formula service credit shall determine the amount of the annuity to which the member qualifying therefor is entitled for service rendered before July 1, 2006:

Period	Coordinated Member	Basic Member
Each year of service during first ten	1.2 percent per year	2.2 percent per year
Each year of service thereafter	1.7 percent per year	2.7 percent per year

For service rendered on or after July 1, 2006, by a member other than a member who was a member of the former Duluth Teachers Retirement Fund Association between January 1, 2006, and June 30, 2015, and for service rendered on or after July 1, 2013, by a member who was a member of the former Duluth Teachers Retirement Fund Association between January 1, 2013, and June 30, 2015, the average salary as defined in section 354.05, subdivision 13a, multiplied by the following percentages per year of service credit, determines the amount the annuity to which the member qualifying therefor is entitled:

Period	Coordinated Member	Basic Member
Each year of service during first ten	1.4 percent per year	2.2 percent per year
Each year of service after ten years of service	1.9 percent per year	2.7 percent per year

(c)(1) This paragraph applies only to a person who first became a member of the association or a member of a pension fund listed in section 356.30, subdivision 3, before July 1, 1989, and whose annuity is higher when calculated under paragraph (b), in conjunction with this paragraph than when calculated under paragraph (d), in conjunction with paragraph (e).

(2) Where any member retires prior to normal retirement age under a formula annuity, the member shall be paid a retirement annuity in an amount equal to the normal annuity provided in paragraph (b) reduced by one-quarter of one percent for each month that the member is under normal retirement age at the time of retirement except that for any member who has 30 or more years of allowable service credit, the reduction shall be applied only for each month that the member is under age 62.

(3) Any member whose attained age plus credited allowable service totals 90 years is entitled, upon application, to a retirement annuity in an amount equal to the normal annuity provided in paragraph (b), without any reduction by reason of early retirement.

(d) This paragraph applies to a member who has become at least 55 years old and first became a member of the association after June 30, 1989, and to any other member who has become at least 55 years old and whose annuity amount when calculated under this paragraph and in conjunction with paragraph (e), is higher than it is when calculated under paragraph (b), in conjunction with paragraph (c).

(1) For a basic member, the average salary, as defined in section 354.05, subdivision 13a, multiplied by 2.7 percent for each year of service for a basic member determines the amount of the retirement annuity to which the basic member is entitled. The annuity of a basic member who was a member of the former Minneapolis Teachers Retirement Fund Association as of June 30, 2006, must be determined according to the annuity formula under the articles of incorporation of the former Minneapolis Teachers Retirement Fund Association in effect as of that date.

(2) For a coordinated member, the average salary, as defined in section 354.05, subdivision 13a, multiplied by 1.7 percent for each year of service rendered before July 1, 2006, and by 1.9 percent for each year of service rendered on or after July 1, 2006, for a member other than a member who was a member of the former Duluth Teachers Retirement Fund Association between January 1, 2006, and June 30, 2015, and by 1.9 percent for each year of service rendered on or after July 1, 2013, for a member of the former Duluth Teachers Retirement Fund Association between January 1, 2013, and June 30, 2015, determines the amount of the retirement annuity to which the coordinated member is entitled.

(e) This paragraph applies to a person who has become at least 55 years old and first becomes a member of the association after June 30, 1989, and to any other member who has become at least 55 years old and whose annuity is higher when calculated under paragraph (d) in conjunction with this paragraph than when calculated under paragraph (b) in conjunction with paragraph (c). An employee who retires under the formula annuity

88.1 before the normal retirement age is entitled to receive ~~the normal~~ an annuity ~~provided in~~
88.2 ~~paragraph (d), reduced as described in~~ under clause (1) or (2), as applicable.

88.3 (1) For a member who is at least age ~~62~~ 60 and has at least 30 years of service, the
88.4 annuity ~~shall be~~ is the normal annuity provided in paragraph (d) reduced by an early reduction
88.5 factor of ~~six~~ five percent for each year that the member's age of retirement precedes the
88.6 normal retirement age. The resulting reduced annuity shall be further adjusted to take into
88.7 account the increase in the monthly amount that would have occurred had the member
88.8 retired early and deferred receipt of the annuity until normal retirement age and the annuity
88.9 was augmented during the deferral period at 2.5 percent, if the member commenced
88.10 employment after June 30, 2006, or at three percent, if the member commenced employment
88.11 before July 1, 2006, compounded annually.

88.12 (2) For a member who has not attained age ~~62~~ 60 or has fewer than 30 years of service,
88.13 the annuity ~~shall be~~ is the normal annuity provided in paragraph (d) reduced for each year
88.14 that the member's age of retirement precedes normal retirement age by the following early
88.15 reduction factors:

88.16 (i) for the period during which the member is age 55 through age 58, the factor is four
88.17 percent; and

88.18 (ii) for the period during which the member is at least age 59 but not yet normal retirement
88.19 age, the factor is seven percent.

88.20 The resulting annuity shall be further adjusted to take into account the increase in the
88.21 monthly amount that would have occurred had the member retired early and deferred receipt
88.22 of the annuity until normal retirement age and the annuity was augmented during the deferral
88.23 period at the applicable annual rate, compounded annually. The applicable annual rate is
88.24 the rate in effect for the month that includes the member's effective date of retirement and
88.25 ~~shall~~ must be considered as fixed for the member for the period until the member reaches
88.26 normal retirement age. The applicable annual rate for June 2019 is 2.5 percent, if the member
88.27 commenced employment after June 30, 2006, or three percent, if the member commenced
88.28 employment before July 1, 2006, compounded annually, and decreases each month beginning
88.29 July 2019 in equal monthly increments over the five-year period that begins July 1, 2019,
88.30 and ends June 30, 2024, to zero percent effective for July 2024 and thereafter.

88.31 After June 30, 2024, the reduced annuity commencing before normal retirement age
88.32 under this clause shall not take into account any augmentation.

88.33 (f) No retirement annuity is payable to a former employee with a salary that exceeds 95
88.34 percent of the governor's salary unless and until the salary figures used in computing the

highest five successive years average salary under paragraph (a) have been audited by the Teachers Retirement Association and determined by the executive director to comply with the requirements and limitations of section 354.05, subdivisions 35 and 35a.

EFFECTIVE DATE. This section is effective June 30, 2025.

90.13 (c) The retirement annuity payable to a person who retires before becoming eligible for

Subd. 4. **Treatment required.** (a) Except as provided in paragraph (f), beginning when
the application is received by the executive director, an employee who receives approval
under subdivision 3 shall complete up to 24 consecutive weeks of active treatment modalities
for the employee's diagnosed mental illness, as provided under this subdivision, before a
final confirmation can be made under subdivision 6. Treatment shall be at the direction of
a mental health professional using treatment modalities indicated for the treatment of the
diagnosed mental illness. An employee shall not be penalized for an interruption in active,
consecutive treatment that is not initiated by or resulting from an intentional action of the
employee. Subject to the limit under subdivision 9, the employer shall pay for the treatment
costs to the extent not paid for by the employee's health insurance and may seek
reimbursement.

(b) The employee's mental health professional must assess the employee's progress in
treatment monthly and at the end of the 24 weeks or earlier, including any change to the
employee's ability to return to the position held by the employee on the date of the injury,
event, or onset of the mental illness, or to another position with the employer which provides
salary and employer-provided benefits, including pension benefits, that are equal to or
greater than those for the position held by the employee on the date of the injury, event, or
onset of the mental illness. A final confirmation under subdivision 6 must be supported by
a report from the employee's mental health professional containing an opinion about the
employee's prognosis, the duration of the disability, and the expectations for improvement
following the treatment. A report that does not contain and support a finding that the
employee's disability as a result of a psychological condition will last for at least 12 months
must not be relied upon to support approval of duty disability benefits.

(c) The employee may ~~return to work~~ return to work full-time or part-time ~~work~~ prior to the completion
of the 24 weeks of treatment if the employee's mental health professional determines that
they are medically able to do so.

(d) The employee may return to light duty assignments, subject to availability of a position, prior to the completion of the 24 weeks of treatment, if deemed medically appropriate by the employee's mental health professional and with the employer's approval.

(e) A fitness for duty presumption shall apply to an employee who is cleared to return to work or light duty under paragraph (c) or (d), except as provided under subdivision 10.

(f) No employee shall be required to complete treatment under this subdivision more than three times in ten years.

Sec. 4. Minnesota Statutes 2024, section 353.032, subdivision 5, is amended to read:

Subd. 5. Continuation of salary and benefits. (a) Subject to subdivision 9, for the period that an employee is seeking psychological condition treatment approval under subdivision 3 or 6, beginning when the application is received by the executive director, appealing a determination thereof, or receiving treatment under subdivision 4 or 7, the employer shall continue:

(1) to pay, for a current employee only, the employee's full salary and employer-provided benefits, including any employer contribution to health care and retirement benefits. The employer must not require the employee to use accrued vacation, sick, holiday, personal time off or any leave benefits while the employee is receiving treatment under subdivision 4. The employer must proportionally reduce the salary paid to an employee who is otherwise receiving benefits for the disability that provide compensation for all or a portion of the employee's salary for the same time period. Nothing in this paragraph requires an employer to pay more than 100 percent of the employee's salary;

(2) to provide health insurance benefits to the employee and to the employee's dependents, if the employee was receiving dependent coverage at the time of the injury, event, or onset of the mental illness under the employer's group health plan; and

(3) to provide any other employment benefits provided to the employee under the employee's currently applicable collective bargaining agreement.

(b) An employee shall obtain service credit for the treatment period required under subdivision 4 or 7.

(c) Nothing prevents an employer from providing benefits in addition to those required by this section or otherwise affects an employee's rights with respect to any other employment benefit.

98.1 (d) If an employee is unable to receive treatment through the prescribed treatment
98.2 program due to circumstances beyond the employee's control, which includes but is not
98.3 limited to a lack of availability of a mental health facility or a mental health professional,
98.4 the employee shall continue to receive their regular compensation, benefits, and retirement
98.5 service credits, until such mental health facility or mental health professional becomes
98.6 available to the employee for their treatment program. The employer must not require the
98.7 employee to use sick or vacation leave during this period. The continuation of salary and
98.8 benefits allowed under this paragraph must not exceed 30 days beyond the day treatment
98.9 is prescribed, except that continuation of benefits and salary may be extended beyond 30
98.10 days if written documentation from the mental health facility or mental health professional
98.11 providing the treatment start date is submitted by the employee to the executive director
98.12 and the employer.

98.13 Sec. 5. Minnesota Statutes 2024, section 353.032, subdivision 6, is amended to read:

98.14 Subd. 6. **Termination or continuation of psychological condition treatment.** (a)
98.15 Following completion of treatment under subdivision 4, the association shall confirm the
98.16 treatment requirements are satisfied, and make one of the following determinations based
98.17 on the report of the employee's mental health professional:

98.18 (1) continue the approval for an additional eight weeks for the employee to complete
98.19 additional treatment, as provided under subdivision 7;

98.20 (2) terminate the psychological condition treatment because the employee is:

98.21 (i) able to return to or continue full-time or part-time work in the position held by the
98.22 employee on the date of the injury, event, or onset of the mental illness; or

98.23 (ii) able to return to another vacant full-time position with the employer which provides
98.24 salary and employer-provided benefits, including pension benefits, that are equal to or
98.25 greater than those for the position held by the employee on the date of the injury, event, or
98.26 onset of the mental illness, as certified by the employer in the form and manner specified
98.27 by the executive director; or

98.28 (3) confirm the employee has met the requirements under section 353.032, after which
98.29 the employee may apply for a duty disability benefit based on a psychological condition
98.30 under section 353.031.

98.31 (b) The association must notify the employee and the employer electronically and by
98.32 mail of its determination under paragraph (a).

99.1 ~~(b)~~ (c) After confirmation and application under paragraph (a), clause (3), the association
99.2 must approve the employee's application for disability benefits if the employee is eligible
99.3 under section 353.031, at which time the employee is entitled to receive disability benefits
99.4 as provided under this section and any related benefits. The disability benefit begins to
99.5 accrue the day following the day on which the employer ceases to continue salary and
99.6 benefits under subdivision 5 and section 353.656, subdivision 4, paragraph (a).

99.7 ~~(e)~~ (d) Following completion of the additional treatment requirements under subdivision
99.8 7, if applicable, the association shall confirm the additional treatment requirements are
99.9 satisfied, after which, the employee may apply for disability benefits because the employee
99.10 is eligible under section 353.031, at which time the employee is entitled to receive disability
99.11 benefits as provided under this section and any related benefits. The disability benefit begins
99.12 to accrue the day following the day on which the employer ceases to continue salary and
99.13 benefits under subdivision 5 and section 353.656, subdivision 4, paragraph (a).

99.14 (e) Treatment requirements that remain incomplete 60 days past the 24 weeks of treatment
99.15 under subdivision 4 or the additional eight weeks of treatment under subdivision 7 terminate.

99.16 ~~(d)~~ (f) A fitness for duty presumption shall apply to an employee who is determined able
99.17 to return to work as provided under paragraph (a), clause (2), except as provided under
99.18 subdivision 10.

99.19 Sec. 6. Minnesota Statutes 2024, section 353.032, subdivision 7, is amended to read:

99.20 Subd. 7. **Additional treatment.** (a) Except as provided in paragraph (g), if, after
99.21 completing the treatment required under subdivision 4, the employee's mental health
99.22 professional's report determines that the employee is making progress in treatment, and the
99.23 employee's prognosis is expected to further improve with additional treatment, the association
99.24 shall continue the employee's initial approval under subdivision 6, paragraph (a), clause
99.25 (1), and the employee shall complete up to an additional eight consecutive weeks of active
99.26 treatment modalities as provided under this subdivision. The association must notify the
99.27 employer electronically and by mail that the initial approval has been continued within six
99.28 business days after the executive director receives the mental health professional's report.

99.29 (b) Treatment shall be at the direction of a mental health professional using treatment
99.30 modalities indicated for the treatment of the employee's diagnosed mental illness. An
99.31 employee shall not be penalized for an interruption in active, consecutive treatment that is
99.32 not initiated by or resulting from an intentional action of the employee. Subject to subdivision
99.33 9, the employer shall pay for the treatment costs to the extent not paid for by the employee's
99.34 health insurance and may seek reimbursement.

(c) The employee's mental health professional must assess the employee's progress in treatment at the end of eight weeks, including any change to the employee's ability to return to the position held by the employee on the date of the injury, event, or onset of the mental illness, or to another position with the employer which provides salary and employer-provided benefits, including pension benefits, that are equal to or greater than those for the position held by the employee on the date of the injury, event, or onset of the mental illness. A final confirmation under subdivision 6, paragraph ~~(b)~~ (c), must be supported by an updated report from the employee's mental health professional containing an opinion about the employee's prognosis, the duration of the disability, and the expectations for improvement following the additional treatment. An updated report that does not contain and support a finding that the employee's disability as a result of a psychological condition will last for at least 12 months must not be relied upon to support approval of duty disability benefits.

(d) The employee may return to full-time or part-time work ~~prior to the completion of~~ for the employer or continue to work full-time or part-time for the employer during the eight weeks of treatment if the employee's mental health professional determines that they are medically able to do so and with the employer's approval.

(e) The employee may return to light duty assignments, subject to availability of a position, prior to the completion of the eight weeks of treatment, if deemed medically appropriate by the employee's mental health professional and with the employer's approval.

(f) A fitness for duty presumption shall apply to an employee who is cleared to return to work or light duty under paragraph (d) or (e), except as provided under subdivision 10.

(g) No employee shall be required to complete treatment under this subdivision more than three times in ten years.

Subd. 10. Fitness for duty presumption. (a) An employee who is cleared or determined able to work full-time or part-time while receiving treatment under subdivision 3, paragraph (c); or return to work or light duty under subdivision 4, paragraph (e); 6, paragraph (e) (f); or 7, paragraph (f), is presumed fit for duty, except as follows:

(2) an employee found unfit for duty by an independent medical provider under clause (1):

(i) is presumed eligible for a duty disability, as provided under subdivision 6, paragraph (a), clause (3), if the employee otherwise meets the eligibility requirements under section 353.031; or

(ii) may appeal the independent medical provider's determination by requesting an examination under paragraph (c); and

126.12 financial report with the municipality, then, regardless of whether an aid allocation agreement
126.13 is in effect, the treasurer of the municipality must delay transmission of the fire state aid to
126.14 the relief association until the complete financial report is filed.

126.15 (c) The treasurer of the municipality must deposit the fire state aid money in the municipal

126.30 the commissioner must reduce the aid a municipality or independent nonprofit firefighting
126.31 corporation is to receive by the amount overpaid over a period of no more than three years.
126.32 If an overpayment equals or is less than ten percent of the most recently paid aid amount,
126.33 the commissioner must reduce the next aid payment occurring in 30 days or more by the
126.34 amount overpaid.

127.1 (c) In the event of an underpayment, the commissioner must distribute the amount of
127.2 underpaid funds to the municipality or independent nonprofit firefighting corporation over
127.3 a period of no more than three years. An additional distribution to a municipality or
