Notes:														
(1) Under federal law, 49% of IJJA/BIL funds dedicated to replacement of lead service lines (LSL) must be provided as principal forgiveness. Specific parameters for principal forgiveness grants for LSL projects will be determined by the Minnesota Legislature.														
(2) Under federal law, 100% of IJJA/BIL funds dedicated to addressing Emerging Contaminants (EC) must be provided as principal forgiveness. Specific parameters for principal forgiveness grants for EC projects will be determined by the Minnesota Legislature.														
(3) Under federal law, portions of federal DWSRF funds, including 49% of IJJA/BIL Supplemental funds, must be provided as principal forgiveness to disadvantaged communities. Principal forgiveness grants are authorized under Minnesota Statutes, Section 446A.081, Subdivision 9(a)(8) for disadvantaged communities based on affordability criteria established for the state Water Infrastructure Funding (WIF) grant program in Minnesota Statutes, Section 446A.072, Subdivision 5a(c).														
(4) Water Infrastructure Fund (WIF) grants are based on affordability criteria in Minnesota Statutes, Section 446A.072, Subdivision 5a(c). To the extent funds are available, estimated grant funds are reserved when an eligible project is certified by the Health Department. For new IUP projects, WIF eligibility will be determined during review of the DWRF loan application.														
(5) Other funds include state appropriations and funding commitments from other sources.														
----- Dotted lines indicate the estimated last project to be funded from available principal forgiveness and grant funds.
