Metropolitan Council Budget Overview SFY 2016-2017

House Transportation Committee February 4, 2015

Transit connects us to the places that matter

Transportation Needs Grow as the Region Grows

By 2040:

- 29% population growth (over 800,000 people)
- 36% employment growth (550,000 jobs)
- 62% of net new households will not have children
- 100%+ growth in seniors

Types of Transit

Regular Route Bus—base bus system.

Express Bus—bus service with limited stops. Routes are longer, typically designed for commuters.

Bus Rapid Transit—bus service similar to light rail on major road ways. METRO Red Line (highway BRT) opened 2013. Snelling A-BRT (arterial) opens in 2015.

Light Rail Transit—dedicated rail service. METRO Blue Line and METRO Green Line.

Commuter Rail—locomotive passenger service running on freight railroad tracks. Northstar.

Metro Mobility—ADA required dial-a-ride bus service for individuals with a certified disability

Today's regional transit system

97.5 million annual rides in the metro region

1800+ buses

220 bus routes

2 light rail lines (Green & Blue)

1 commuter rail line (Northstar)

1 bus rapid transit line (Red)

How Minnesota pays for transit

- Fares (operations)
- Motor Vehicle Sales Tax (MVST) (operations)
- State appropriations (operations)
- Federal funding (capital)
- Met Council regional property tax levy (capital)
- State bonding (capital)
- ¼ cent metro sales tax (transitway capital and operations)
- Local rail authorities (transitway capital)

State Funding in Recent Years

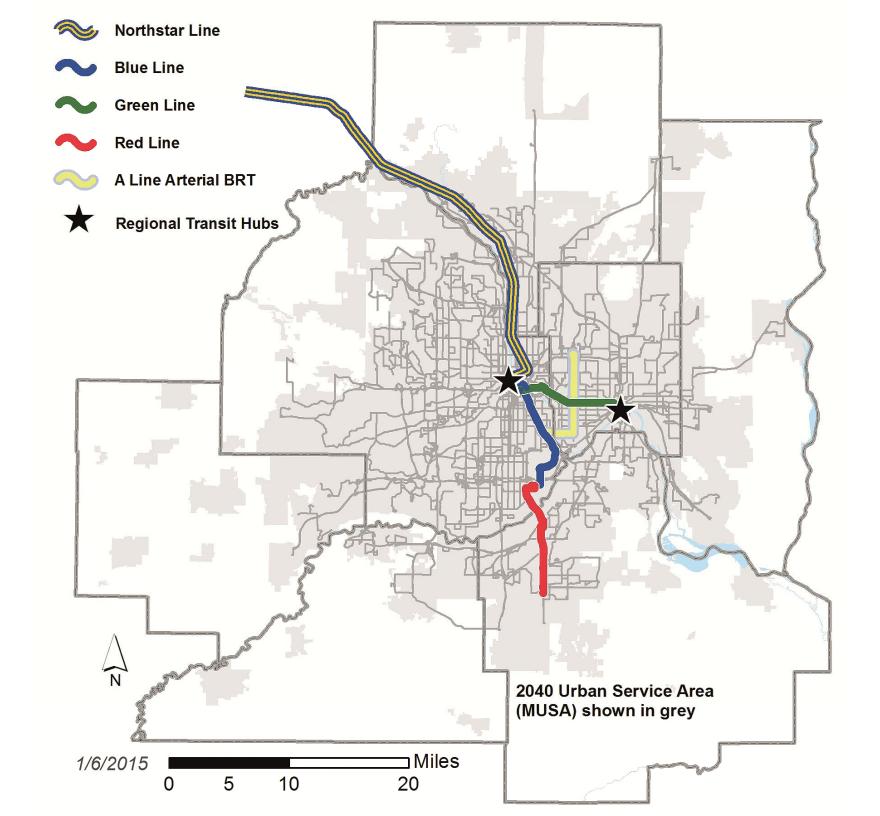

No Bus System Growth

- Past 10 years focused on overcoming bus funding shortfalls and maintaining the existing regular route system. Over this time:
 - Bus ridership has grown 14%
 - Recession resulted in significant declines in MVST revenues, recently stabilized
 - Bus General Fund appropriations spent to cover growing Metro Mobility demand and unfunded state share of rail operations

Next 10 yrs: No New Investment

- Transit system faces a significant deficit
- Transitway development will be limited and rely on local partners to contribute state shares
- Regular route bus system will deteriorate due to:
 - Growing population and demand
 - Aging of bus fleet, shelters and other facilities
 - Continued growth in Metro Mobility
 - Required funding of existing rail operations

SFY 2016-2017 Budget Proposal

Governor's Budget Proposal: increases transit funding

- 1/2 cent transit dedicates sales tax for the metro area raises \$2.8 billion over ten years
 - SFY 2016: \$163.1 million
 - SFY 2017: \$256.7 million
- Allows for accelerated expansion of the entire system
- Covers transit capital and operating costs

Governor's Budget Proposal: relieves pressure on state budget

- Relieves General Fund of operating costs for current and future transitways
 - \$270 million over 10 years for current transitways alone

 Relieves state's GO bonding share for future transit capital investments

Governor's Budget Proposal: provides stable & reliable funding

- Predictable funding source allows for longterm transit system investment
- Governor's budget would:
 - Keep the metro area highly competitive with other regions
 - Encourage private economic investment by bringing greater certainty to transit investment
 - Provide easy to administer collection source

Transit-dedicated sales tax is ongoing and stable

Next 10 yrs: \$2.8B stable investment keeps our region economically competitive with significant transitway expansion and bus system growth

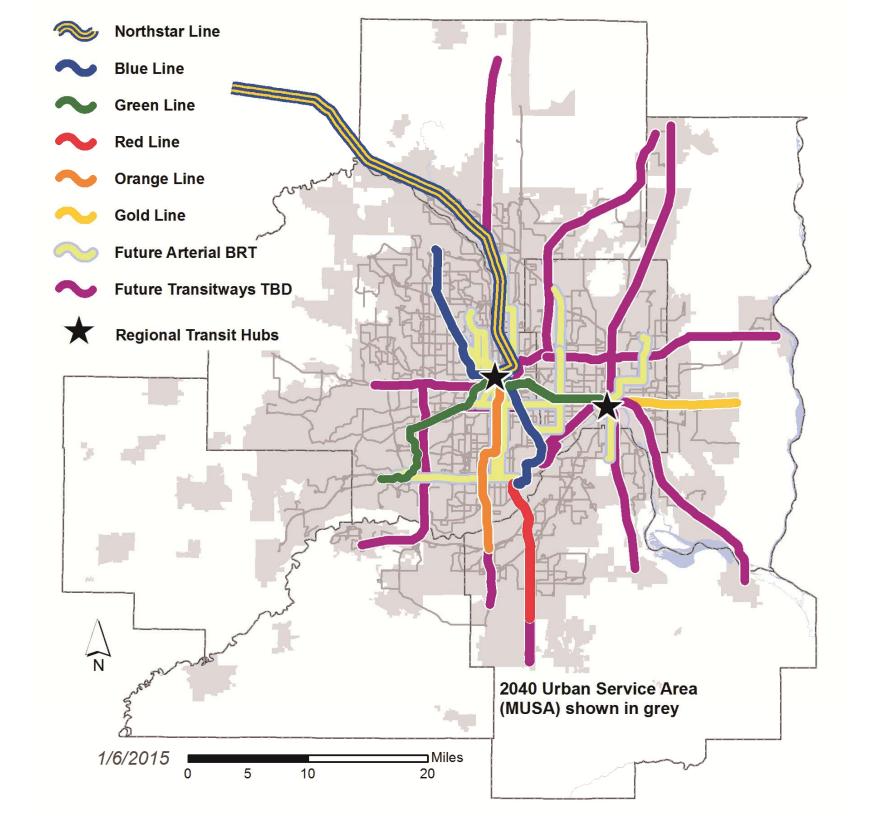

Next 10 yrs: \$2.8B investment

Allows our region to build:

- Southwest LRT (Green Line Extension)
- Bottineau LRT (Blue Line Extension)
- Red Line Extension
- Orange Line BRT (35W)
- Gold Line BRT (Gateway)
- 11 Arterial BRT lines
- Red Rock, Riverview, Robert Street
- Additional transitways under development

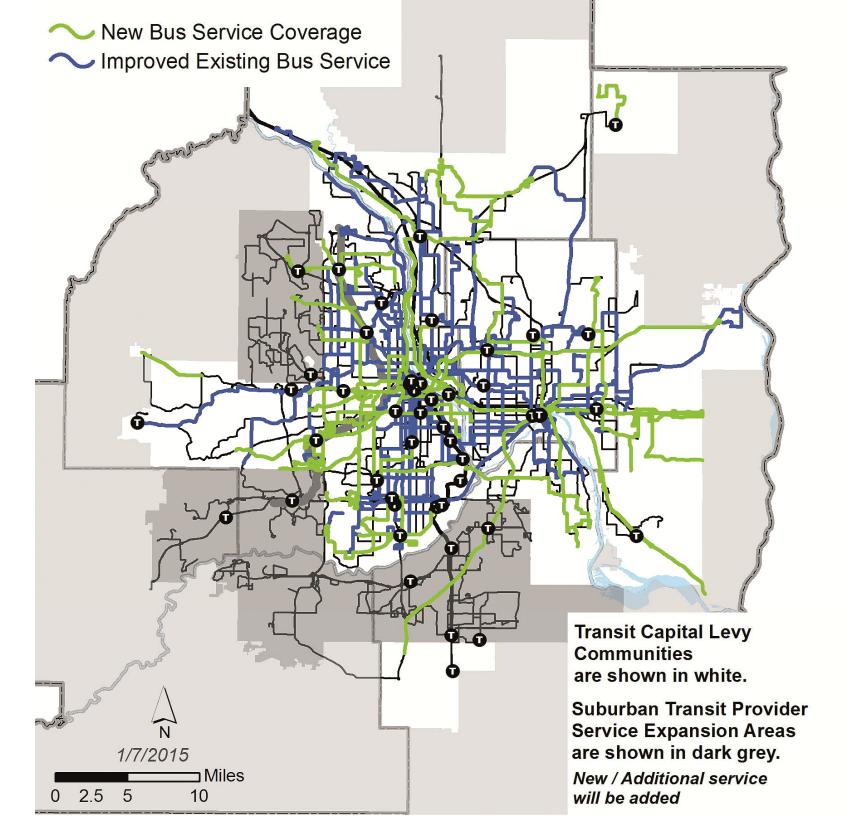

Next 10 yrs: \$2.8 B investment

- Expands regional bus system by almost 30% by 2025
- More routes, more frequent service, more coverage
- Modernized system using new technologies and real-time updates
- Adds 1000 more shelters, many with light and heat

Budget Proposal Outcomes

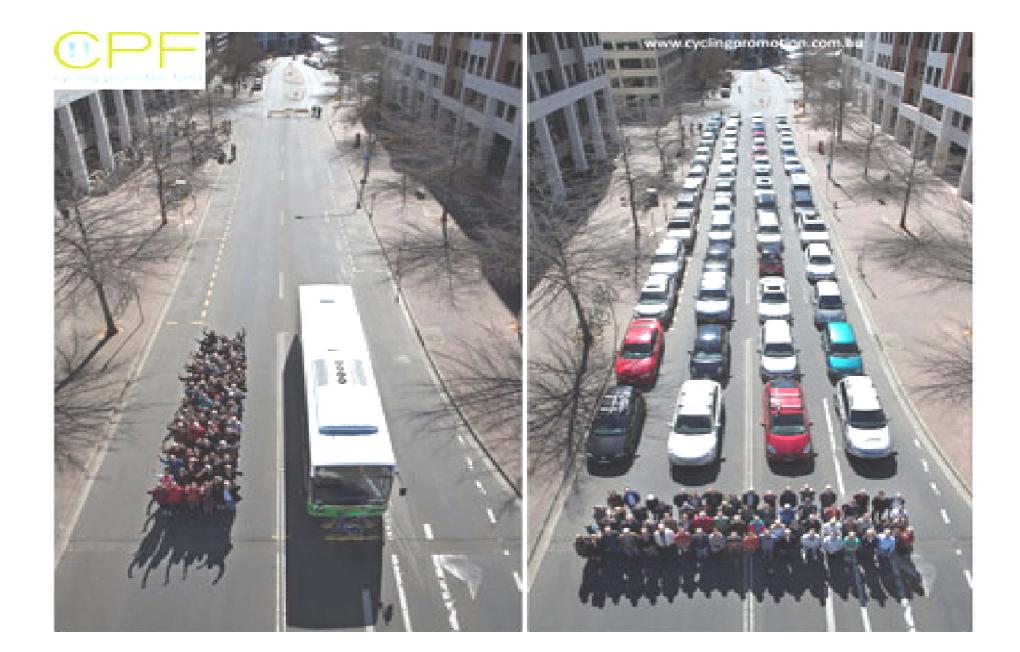

Outcomes

- Ridership increases to 170-180M riders by 2025
- Attracts new residents and jobs to the region
- Improves bus access to 1M jobs
- Gives regional employers access to an additional 500K people within a 30 minute commute
- More frequent service and more hours of service

Transit improves mobility

Transit investment spurs development

METRO Green Line (Central Corridor)
Over \$2.8 billion in development

METRO Blue Line (Hiawatha)
Over 15,000 new housing units

Transit investment creates jobs

(Central Corridor) approximately 5,500 jobs created
