## 31.10 **ARTICLE 2**

### 31.11 **MISCELLANEOUS**

31.12 Section 1. Minnesota Statutes 2016, section 16A.967, subdivision 2, is amended to read:

31.13 Subd. 2. **Authorization to issue appropriation bonds.** (a) Subject to the limitations of  
 31.14 this subdivision, the commissioner may sell and issue appropriation bonds of the state under  
 31.15 this section for public purposes as provided by law, including, in particular, the financing  
 31.16 of the land acquisition, design, engineering, and construction of facilities and infrastructure  
 31.17 necessary to complete the next phase of the Lewis and Clark Regional Water System project,  
 31.18 including completion of the pipeline to Magnolia, extension of the project to the  
 31.19 Lincoln-Pipestone Rural Water System connection near Adrian, and engineering, design,  
 31.20 and easement acquisition for the final phase of the project to Worthington. No bonds shall  
 31.21 be sold until the commissioner determines that a nonstate match of at least \$9,000,000 is  
 31.22 committed to this project phase. Grant agreements entered into under this section must  
 31.23 provide for reimbursement to the state from any federal money provided for the project,  
 31.24 consistent with the Lewis and Clark Regional Water System, Inc., agreement.

31.25 (b) The appropriation bonds may be issued and sold only after the commissioner  
 31.26 determines that the construction and administration for work done on the project will comply  
 31.27 with (1) all federal requirements and regulations associated with the Lewis and Clark Rural  
 31.28 Water System Act of 2000, and (2) the cooperative agreement between the United States  
 31.29 Department of the Interior and the Lewis and Clark Regional Water System, Inc. Proceeds  
 31.30 of the appropriation bonds must be credited to a special appropriation Lewis and Clark bond  
 31.31 proceeds fund in the state treasury. All income from investment of the bond proceeds, as  
 31.32 estimated by the commissioner, is appropriated to the commissioner for the payment of  
 31.33 principal and interest on the appropriation bonds.

32.1 (c) Appropriation bonds may be sold and issued in amounts that, in the opinion of the  
32.2 commissioner, are necessary to provide sufficient money, not to exceed \$19,000,000 net of  
32.3 costs of issuance, for the purposes as provided under paragraph (a), and pay debt service  
32.4 including capitalized interest, costs of issuance, costs of credit enhancement, or make  
32.5 payments under other agreements entered into under paragraph (e).

32.6 (d) Appropriation bonds may be issued in one or more issues or series on the terms and  
32.7 conditions the commissioner determines to be in the best interests of the state, but the term  
32.8 on any series of appropriation bonds may not exceed 25 years. The appropriation bonds of  
32.9 each issue and series thereof shall be dated and bear interest, and may be includable in or  
32.10 excludable from the gross income of the owners for federal income tax purposes.

32.11 (e) At the time of, or in anticipation of, issuing the appropriation bonds, and at any time  
32.12 thereafter, so long as the appropriation bonds are outstanding, the commissioner may enter  
32.13 into agreements and ancillary arrangements relating to the appropriation bonds, including  
32.14 but not limited to trust indentures, grant agreements, lease or use agreements, operating  
32.15 agreements, management agreements, liquidity facilities, remarketing or dealer agreements,  
32.16 letter of credit agreements, insurance policies, guaranty agreements, reimbursement  
32.17 agreements, indexing agreements, or interest exchange agreements. Any payments made  
32.18 or received according to the agreement or ancillary arrangement shall be made from or  
32.19 deposited as provided in the agreement or ancillary arrangement. The determination of the  
32.20 commissioner included in an interest exchange agreement that the agreement relates to an  
32.21 appropriation bond shall be conclusive.

32.22 (f) The commissioner may enter into written agreements or contracts relating to the  
32.23 continuing disclosure of information necessary to comply with or facilitate the issuance of  
32.24 appropriation bonds in accordance with federal securities laws, rules, and regulations,  
32.25 including Securities and Exchange Commission rules and regulations in Code of Federal  
32.26 Regulations, title 17, section 240.15c 2-12. An agreement may be in the form of covenants  
32.27 with purchasers and holders of appropriation bonds set forth in the order or resolution  
32.28 authorizing the issuance of the appropriation bonds, or a separate document authorized by  
32.29 the order or resolution.

32.30 (g) The appropriation bonds are not subject to chapter 16C.

32.31 (h) Upon certification to the commissioner by the Lewis and Clark Joint Powers Board  
32.32 that the bond sale authorization provided in paragraph (c) has fully met the needs of the  
32.33 project described in paragraph (a), and to the extent there is additional authorization  
32.34 remaining, this authorization is also available for land acquisition, design, engineering, and

33.1 construction of facilities and infrastructure necessary for Phase 3 of the Lewis and Clark  
 33.2 Regional Water System project. Phase 3 includes extension of the project from the  
 33.3 Lincoln-Pipestone Rural Water System connection near Adrian to Worthington, construction  
 33.4 of a reservoir in Nobles County and a meter building in Worthington, and acquisition and  
 33.5 installation of a supervisory control and data acquisition system.

33.6 Sec. 2. Minnesota Statutes 2016, section 16A.967, subdivision 7, is amended to read:

33.7 Subd. 7. **Appropriation of proceeds.** The proceeds of appropriation bonds and interest  
 33.8 credited to the special appropriation Lewis and Clark bond proceeds fund are appropriated  
 33.9 as follows: (1) to the ~~commissioner~~ Public Facilities Authority for a grant or grants to the  
 33.10 Lewis and Clark Joint Powers Board for payment of capital expenses for the purposes  
 33.11 provided by subdivision 2, paragraph (a), and paragraph (h); and (2) to the commissioner  
 33.12 for debt service on the bonds including capitalized interest, nonsalary costs of issuance of  
 33.13 the bonds, costs of credit enhancement of the bonds and payments under any agreements  
 33.14 entered into under subdivision 2, paragraph (e), each as permitted by state and federal law;  
 33.15 ~~and such proceeds may be granted, loaned, or otherwise provided for the public purposes~~  
 33.16 ~~provided by subdivision 2, paragraph (a).~~

33.17 Sec. 3. **[16C.053] ACCOMMODATION FOR HARD-OF-HEARING IN**  
 33.18 **STATE-FUNDED CAPITAL PROJECTS.**

33.19 Subdivision 1. **Definition.** For purposes of this section, "public gathering space" means  
 33.20 a space that is constructed or renovated as part of the project: (1) that accommodates and  
 33.21 is intended to be used for gatherings of 15 or more people; and (2) in which audible  
 33.22 communications are integral to a use of the space.

33.23 Subd. 2. **Accommodation for hard-of-hearing in state-funded capital projects.** No  
 33.24 commissioner or agency head may approve a contract or grant state funds for a capital  
 33.25 improvement project to construct or renovate a public gathering space in a building unless:

33.26 (1) the project includes equipping the public gathering space, if the public gathering  
 33.27 space has or will have a permanent audio-amplification system, with audio-induction loops  
 33.28 to provide an electromagnetic signal for hearing aids and cochlear implants; and

33.29 (2) the project includes meeting the American National Standards Institute Acoustical  
 33.30 Performance Criteria, Design Requirements and Guidelines for Schools on maximum  
 33.31 background noise level and reverberation times in the public gathering space.

34.1 Subd. 3. **Exemption.** A commissioner or agency head may approve a contract or grant  
34.2 state funds for a capital improvement project to construct or renovate a building that does  
34.3 not meet a requirement of subdivision 2, when the commissioner or agency head determines  
34.4 that meeting that requirement is not feasible, is in conflict with other requirements in law,  
34.5 is in conflict with other project requirements, or that costs outweigh the benefits. The  
34.6 commissioner must consult with the Commission of Deaf, Deafblind, and Hard-of-Hearing  
34.7 Minnesotans before making the determination.

34.8 Subd. 4. **Exemption reports.** A commissioner or agency head who determines a contract  
34.9 is exempt under subdivision 3 must report the exemption to the Commission of Deaf,  
34.10 Deafblind, and Hard-of-Hearing Minnesotans within three months of making the  
34.11 determination. The chair of the Commission of Deaf, Deafblind, and Hard-of-Hearing  
34.12 Minnesotans shall submit a report to the chairs and ranking minority members of the  
34.13 committees in the house of representatives and senate with jurisdiction over state contracting  
34.14 by January 30 of even-numbered years beginning in 2020 identifying each exemption  
34.15 reported in the previous two calendar years.

34.16 **EFFECTIVE DATE.** (a) This section is effective the day following final enactment,  
34.17 and, except as provided in paragraph (b), applies to any project funded with an appropriation  
34.18 enacted after January 1, 2017.

34.19 (b) This section does not apply to a project that has completed schematic design on the  
34.20 effective date of this section, but the commissioner and agency heads are encouraged to  
34.21 comply with it.

34.22 Sec. 4. Minnesota Statutes 2016, section 84.946, subdivision 2, is amended to read:

34.23 Subd. 2. **Standards.** (a) An appropriation for asset preservation may be used only for a  
34.24 capital expenditure on a capital asset previously owned by the state, within the meaning of  
34.25 generally accepted accounting principles as applied to public expenditures. The commissioner  
34.26 of natural resources will consult with the commissioner of management and budget to the  
34.27 extent necessary to ensure this and will furnish the commissioner of management and budget  
34.28 a list of projects to be financed from the account in order of their priority. The legislature  
34.29 assumes that many projects for preservation and replacement of portions of existing capital  
34.30 assets will constitute betterments and capital improvements within the meaning of the  
34.31 Constitution and capital expenditures under generally accepted accounting principles, and  
34.32 will be financed more efficiently and economically under this section than by direct  
34.33 appropriations for specific projects.

35.1 (b) An appropriation for asset preservation must not be used to acquire land or to acquire  
35.2 or construct buildings or other facilities.

35.3 (c) Capital budget expenditures for natural resource asset preservation and replacement  
35.4 projects must be for one or more of the following types of capital projects that support the  
35.5 existing programmatic mission of the department: code compliance including health and  
35.6 safety, Americans with Disabilities Act requirements, hazardous material abatement, access  
35.7 improvement, or air quality improvement; building energy efficiency improvements using  
35.8 current best practices; building or infrastructure repairs necessary to preserve the interior  
35.9 and exterior of existing buildings; projects to remove life safety hazards such as building  
35.10 code violations or structural defects; or renovation of other existing improvements to land,  
35.11 including but not limited to trails and bridges.

35.12 (d) Up to ten percent of an appropriation awarded under this section may be used for  
35.13 design costs for projects eligible to be funded from this account in anticipation of future  
35.14 funding from the account.

35.15 Sec. 5. Minnesota Statutes 2016, section 85.34, subdivision 1, is amended to read:

35.16 Subdivision 1. **Upper bluff; lease terms.** The commissioner of natural resources with  
35.17 the approval of the Executive Council may lease for purposes of restoration, preservation,  
35.18 historical, recreational, educational, and commercial use and development, that portion of  
35.19 Fort Snelling State Park known as the upper bluff consisting of officer's row, area J, the  
35.20 polo grounds, the adjacent golf course, and all buildings and improvements located thereon,  
35.21 all lying within an area bounded by Minneapolis-St. Paul International Airport, Trunk  
35.22 Highways numbered 5 and 55, and Bloomington Road. The lease or leases shall be in a  
35.23 form approved by the attorney general and for a term of not to exceed 99 years. The lease  
35.24 or leases may provide for the provision of capital improvements or other performance by  
35.25 the tenant or tenants in lieu of all or some of the payments of rent that would otherwise be  
35.26 required. Notwithstanding the continuing ownership of the upper bluff by the state, any  
35.27 lease of one or more buildings improved with state general obligation bond proceeds that  
35.28 exceeds 50 years shall be treated as a sale of the buildings for purposes of section 16A.695,  
35.29 subdivision 3. Any disposition proceeds payable to the commissioner upon execution of a  
35.30 lease relating to state bond-financed buildings at the upper bluff shall be applied according  
35.31 to section 16A.695, subdivision 3, and used to pay, redeem, or defease state general obligation  
35.32 bonds issued for purposes of improving those buildings. Any lease revenues paid to the  
35.33 commissioner subsequent to the payment, redemption, or defeasance of state general  
35.34 obligation bonds shall be used by the commissioner as further described in this section.

36.1 Sec. 6. Minnesota Statutes 2016, section 174.50, subdivision 5, is amended to read:

36.2 Subd. 5. **Certification and disbursal for project of political subdivision.** Before  
36.3 disbursement of an appropriation made from the fund to the commissioner of transportation  
36.4 for grants to subdivisions of the state, the commissioner shall certify that:

36.5 (1) ~~that the project for which the grant is made has been reviewed as provided in~~  
36.6 ~~subdivision 4;~~

36.7 (2) ~~that~~ the project conforms to the program authorized by the appropriation law and  
36.8 rules adopted by the Department of Transportation consistent therewith; and

36.9 (3) ~~that~~ (2) the financing of any estimated cost of the project in excess of the amount of  
36.10 the grant is assured by the appropriation of the proceeds of bonds or other funds of the  
36.11 subdivision, or by a grant from an agency of the federal government, within the amount of  
36.12 funds then appropriated to that agency and allocated by it to projects within the state, and  
36.13 by an irrevocable undertaking, in a resolution of the governing body of the subdivision, to  
36.14 use all funds so made available exclusively for the project, and to pay any additional amount  
36.15 by which the cost exceeds the estimate through appropriation to the construction fund of  
36.16 additional funds or the proceeds of additional bonds to be issued by the subdivision.

36.17 Sec. 7. Minnesota Statutes 2016, section 174.50, subdivision 6b, is amended to read:

36.18 Subd. 6b. **Bridge costs in smaller cities.** (a) The commissioner may make grants from  
36.19 the state transportation fund to a home rule or statutory city with a population of 5,000 or  
36.20 less for design, engineering, and construction of bridges on city streets.

36.21 (b) ~~Grants under this subdivision are subject to the procedures and criteria established~~  
36.22 ~~under subdivisions 5, 6, and 7.~~

36.23 (e) (b) Grants may be used for:

36.24 (1) 100 percent of the design and engineering costs that are in excess of \$10,000;

36.25 (2) 100 percent of the bridge approach work costs that are in excess of \$10,000; and

36.26 (3) 100 percent of the bridge construction work costs.

36.27 Sec. 8. Minnesota Statutes 2016, section 174.50, subdivision 6c, is amended to read:

36.28 Subd. 6c. **Fracture-critical bridges.** (a) The commissioner may make a grant to any  
36.29 political subdivision for replacement or rehabilitation of a fracture-critical bridge. To be  
36.30 eligible for a grant under this subdivision, the project must produce a bridge structure:

- 37.1 (1) that is no longer classified as fracture critical, by having alternate load paths; and  
37.2 (2) whose failure of a main component will not result in the collapse of the bridge.

37.3 ~~(b) A grant under this subdivision is subject to the procedures and criteria established~~  
37.4 ~~under subdivisions 5 and 6.~~

37.5 Sec. 9. Minnesota Statutes 2016, section 174.50, subdivision 7, is amended to read:

37.6 Subd. 7. **Bridge grant program; rulemaking.** (a) The commissioner of transportation  
37.7 shall develop rules, procedures for application for grants, conditions of grant administration,  
37.8 standards, and criteria as provided under subdivision 6, including bridge specifications, in  
37.9 cooperation with road authorities of political subdivisions, for use in the administration of  
37.10 funds appropriated to the commissioner and for the administration of grants to subdivisions.  
37.11 Grants under this section are subject to the procedures and criteria established in this  
37.12 subdivision and in subdivisions 5 and 6.

37.13 (b) The maximum use of standardized bridges is encouraged. Regardless of the size of  
37.14 the existing bridge, a bridge or replacement bridge is eligible for assistance from the state  
37.15 transportation fund if a hydrological survey indicates that the bridge or replacement bridge  
37.16 must be ten feet or more in length.

37.17 (c) As part of the standards or rules, the commissioner shall, in consultation with local  
37.18 road authorities, establish a minimum distance between any two bridges that cross over the  
37.19 same river, stream, or waterway, so that only one of the bridges is eligible for a grant under  
37.20 this section. As appropriate, the commissioner may establish exceptions from the minimum  
37.21 distance requirement or procedures for obtaining a variance.

37.22 (d) Political subdivisions may use grants made under this section to construct or  
37.23 reconstruct bridges, including but not limited to:

37.24 (1) matching federal aid grants to construct or reconstruct key bridges;

37.25 (2) paying the costs to abandon an existing bridge that is deficient and in need of  
37.26 replacement but where no replacement will be made; and

37.27 (3) paying the costs to construct a road or street to facilitate the abandonment of an  
37.28 existing bridge if the commissioner determines that the bridge is deficient, and that  
37.29 construction of the road or street is more economical than replacement of the existing bridge.

37.30 (e) Funds appropriated to the commissioner from the Minnesota state transportation  
37.31 fund shall be segregated from the highway tax user distribution fund and other funds created  
37.32 by article XIV of the Minnesota Constitution.

38.1 (f) The maximum grant amount for a local bridge replacement or rehabilitation project  
38.2 under this section is \$7,000,000. If in any year, money appropriated for local bridge  
38.3 replacement or rehabilitation projects remains available after all projects on the  
38.4 commissioner's priority list for which the state share is \$7,000,000 or less have been funded,  
38.5 the commissioner may make grants for more than \$7,000,000.

38.6 Sec. 10. [219.016] CRUDE OIL AND HAZARDOUS MATERIALS RAIL SAFETY  
38.7 ACCOUNT.

38.8 Subdivision 1. Purpose. A hazardous materials rail safety program is established for  
38.9 the purpose of reducing the risks associated with the transportation of hazardous material  
38.10 by rail.

38.11 Subd. 2. Creation of account. A hazardous materials rail safety program account is  
38.12 established in the bond proceeds fund. Money in the account may only be used for capital  
38.13 costs associated with planning, engineering, administration, and construction of public  
38.14 highway-rail grade crossing improvements on rail corridors transporting crude oil and other  
38.15 hazardous materials. Improvements may include upgrades to existing protection systems,  
38.16 the closing of crossings and necessary roadwork, and reconstruction of at-grade crossings  
38.17 to full grade separations.

38.18 Subd. 3. Grants. The commissioner may approve grants for financial assistance to  
38.19 eligible applicants for capital costs associated with hazardous materials rail safety projects  
38.20 on public highway-rail grade crossings. Qualifying capital costs include, but are not limited  
38.21 to, upgrades to existing protection systems, the closing of crossings and necessary roadwork,  
38.22 and reconstruction of at-grade crossings to full grade separations.

38.23 Subd. 4. Eligible applicants. Counties, statutory or home rule charter cities, or towns  
38.24 that are responsible for establishing and maintaining public highway-rail grade crossings  
38.25 on rail corridors transporting crude oil and other hazardous materials may apply to the  
38.26 commissioner for financial assistance for the purposes in this section.

38.27 Subd. 5. Criteria for grant award. The commissioner shall consider the following  
38.28 criteria to evaluate applications for a grant award for a hazardous materials rail safety project:

38.29 (1) whether the crossing was identified as a potential candidate for grade separation in  
38.30 MnDOT's crude by rail grade crossing study (Improvements to Highway Grade Crossings  
38.31 and Rail Safety, December 2014);

38.32 (2) roadway traffic volumes and speeds;

38.33 (3) train volumes and speeds;

- 39.1 (4) adjacent land use;
- 39.2 (5) crash history;
- 39.3 (6) use of the crossing by emergency vehicles;
- 39.4 (7) use of the crossing by vehicles carrying hazardous materials; and
- 39.5 (8) local financial contributions to the project.

39.6 Sec. 11. Minnesota Statutes 2016, section 446A.072, is amended to read:

39.7 **446A.072 ~~WASTEWATER~~ WATER INFRASTRUCTURE FUNDING PROGRAM.**

39.8 Subdivision 1. **Establishment of program.** The authority will establish a ~~wastewater~~  
 39.9 water infrastructure funding program to provide supplemental assistance to governmental  
 39.10 units receiving funding through the clean water revolving fund program, the drinking water  
 39.11 revolving fund program, or the United States Department of Agriculture Rural Economic  
 39.12 and Community Development's (USDA/RECD) Water and Waste Disposal Loans and  
 39.13 Grants program for the predesign, design, and construction of municipal wastewater ~~treatment~~  
 39.14 and drinking water systems, including purchase of land and easements. The purpose of the  
 39.15 program is to assist governmental units demonstrating financial need to build cost-effective  
 39.16 projects to address existing environmental or public health problems. To implement the  
 39.17 program, the authority shall establish a ~~wastewater~~ water infrastructure fund to provide  
 39.18 grants ~~and loans~~ for the purposes authorized under title VI of the Federal Water Pollution  
 39.19 Control Act and the federal Safe Drinking Water Act. The fund shall be credited with all  
 39.20 investment income from the fund and all repayments of loans, grants, and penalties.

39.21 Subd. 3. **Program administration.** (a) The authority shall provide supplemental  
 39.22 assistance, as provided in subdivision 5a to governmental units:

39.23 (1) whose projects are listed on the Pollution Control Agency's project priority list or  
 39.24 the Department of Health's project priority list;

39.25 (2) that demonstrate their projects are a cost-effective solution to an existing  
 39.26 environmental or public health problem; and

39.27 (3) whose projects are approved by the USDA/RECD or certified by the commissioner  
 39.28 of the Pollution Control Agency or the Department of Health.

39.29 (b) For a governmental unit receiving grant funding from the USDA/RECD, applications  
 39.30 must be made to the USDA/RECD with additional information submitted to the authority  
 39.31 as required by the authority. Eligible project costs and affordability criteria shall be  
 39.32 determined by the USDA/RECD.

40.1 (c) For a governmental unit not receiving grant funding from the USDA/RECD,  
40.2 application must be made to the authority on forms prescribed by the authority for the clean  
40.3 water revolving fund program or the drinking water revolving fund program with additional  
40.4 information as required by the authority. In accordance with section 116.182, the Pollution  
40.5 Control Agency or Department of Health shall:

40.6 (1) calculate the essential project component percentage based on the portion of project  
40.7 costs necessary to convey or treat the existing wastewater flows and loadings or, for drinking  
40.8 water projects, to provide safe drinking water to meet existing needs, which must be  
40.9 multiplied by the total project cost to determine the eligible project cost for the program  
40.10 under this section; and

40.11 (2) review and certify approved projects to the authority.

40.12 (d) Each fiscal year the authority shall make funds available for projects based on their  
40.13 ranking on the Pollution Control Agency's project priority list or the Department of Health's  
40.14 project priority list. The authority shall reserve funds for a project when the applicant receives  
40.15 a funding commitment from the United States Department of Agriculture Rural Development  
40.16 (USDA/RECD) or ~~submits plans and specifications to~~ the project is certified by the Pollution  
40.17 Control Agency or Department of Health. Funds must be reserved in an amount based on  
40.18 the project cost estimate submitted to the authority ~~prior to the appropriation of the funds~~  
40.19 ~~and awarded based on the lesser of that amount or the as-bid cost~~ when the project is certified  
40.20 or the as-bid cost, whichever is less.

40.21 Subd. 5a. **Type and amount of assistance.** (a) For a governmental unit receiving grant  
40.22 funding from the USDA/RECD, the authority may provide assistance in the form of a grant  
40.23 of up to 65 percent of the eligible grant need determined by USDA/RECD. A governmental  
40.24 unit may not receive a grant under this paragraph for more than ~~\$4,000,000~~ \$5,000,000 per  
40.25 project or ~~\$15,000~~ \$20,000 per existing connection, whichever is less, unless specifically  
40.26 approved by law.

40.27 (b) For a governmental unit receiving a loan from the clean water revolving fund under  
40.28 section 446A.07, the authority may provide assistance under this section in the form of a  
40.29 grant if the average annual residential wastewater system cost after completion of the project  
40.30 would otherwise exceed 1.4 percent of the median household income of the project service  
40.31 area. In determining whether the average annual residential wastewater system cost would  
40.32 exceed 1.4 percent, the authority must consider the total costs associated with building,  
40.33 operating, and maintaining the wastewater system, including existing wastewater debt  
40.34 service, debt service on the eligible project cost, and operation and maintenance costs. Debt

41.1 service costs for the proposed project are calculated based on the maximum loan term  
41.2 permitted for the clean water revolving fund loan under section 446A.07, subdivision 7.  
41.3 The amount of the grant is equal to 80 percent of the amount needed to reduce the average  
41.4 annual residential wastewater system cost to 1.4 percent of median household income in  
41.5 the project service area, to a maximum of ~~\$4,000,000~~ \$5,000,000 per project or ~~\$15,000~~  
41.6 \$20,000 per existing connection, whichever is less, unless specifically approved by law.  
41.7 The eligible project cost is determined by multiplying the total project costs minus any other  
41.8 grants by the essential project component percentage calculated under subdivision 3,  
41.9 paragraph (c), clause (1). In no case may the amount of the grant exceed 80 percent of the  
41.10 eligible project cost.

41.11 (c) For a governmental unit receiving a loan from the drinking water revolving fund  
41.12 under section 446A.081, the authority may provide assistance under this section in the form  
41.13 of a grant if the average annual residential drinking water system cost after completion of  
41.14 the project would otherwise exceed 1.2 percent of the median household income of the  
41.15 project service area. In determining whether the average annual residential drinking water  
41.16 system cost would exceed 1.2 percent, the authority must consider the total costs associated  
41.17 with building, operating, and maintaining the drinking water system, including existing  
41.18 drinking water debt service, debt service on the eligible project cost, and operation and  
41.19 maintenance costs. Debt service costs for the proposed project are calculated based on the  
41.20 maximum loan term permitted for the drinking water revolving fund loan under section  
41.21 446A.081, subdivision 8, paragraph (c). The amount of the grant is equal to 80 percent of  
41.22 the amount needed to reduce the average annual residential drinking water system cost to  
41.23 1.2 percent of median household income in the project service area, to a maximum of  
41.24 \$5,000,000 per project or \$20,000 per existing connection, whichever is less, unless  
41.25 specifically approved by law. The eligible project cost is determined by multiplying the  
41.26 total project costs minus any other grants by the essential project component percentage  
41.27 calculated under subdivision 3, paragraph (c), clause (1). In no case may the amount of the  
41.28 grant exceed 80 percent of the eligible project cost.

41.29 (e) (d) Notwithstanding the limits in paragraphs (a) and (b), and (c), for a governmental  
41.30 unit receiving supplemental assistance under this section after January 1, 2002, if the authority  
41.31 determines that the governmental unit's construction and installation costs are significantly  
41.32 increased due to geological conditions of crystalline bedrock or karst areas and discharge  
41.33 limits that are more stringent than secondary treatment, the maximum award under this  
41.34 section shall not be more than \$25,000 per existing connection.

42.1 ~~Subd. 5b. **Special assessment deferral.** A governmental unit receiving a loan under~~  
42.2 ~~subdivision 5a that levies special assessments to repay the loan under subdivision 5a or~~  
42.3 ~~section 446A.07 may defer payment of such assessments under the provisions of sections~~  
42.4 ~~435.193 to 435.195.~~

42.5 Subd. 6. **Disbursements.** Disbursements of grants ~~or loans~~ awarded under this section  
42.6 by the authority to recipients must be made for eligible project costs as incurred by the  
42.7 recipients, and must be made by the authority in accordance with the project financing  
42.8 agreement and applicable state and federal laws and rules governing the payments.

42.9 ~~Subd. 7. **Loan repayments.** Notwithstanding the limitations set forth in section 475.54,~~  
42.10 ~~subdivision 1, this subdivision shall govern the maturities and mandatory sinking fund~~  
42.11 ~~redemptions of the loans under this section. A governmental unit receiving a loan under~~  
42.12 ~~this section shall repay the loan in semiannual payment amounts determined by the authority.~~  
42.13 ~~The payment amount must be based on the average payments on the governmental unit's~~  
42.14 ~~clean water revolving fund loan or, if greater, the minimum amount required to fully repay~~  
42.15 ~~the loan by the maturity date. Payments must begin within one year of the date of the~~  
42.16 ~~governmental unit's final payment on the clean water revolving fund loan. The final maturity~~  
42.17 ~~date of the loan under this section must be no later than 20 years from the date of the first~~  
42.18 ~~payment on the loan under this section and no later than 40 years from the date of the first~~  
42.19 ~~payment on the clean water revolving fund loan.~~

42.20 Subd. 8. **Eligibility.** A governmental unit is eligible for assistance under this section  
42.21 only after applying for grant funding from other sources and funding has been obtained,  
42.22 rejected, or the authority has determined that the potential funding is unlikely.

42.23 Subd. 9. **Funding limitation.** Supplemental assistance may not be used to reduce the  
42.24 sewer service charges of a significant wastewater contributor industrial user that has a  
42.25 separate service charge agreement with the recipient, or a single user that has caused the  
42.26 need for the project or whose current or projected flow and load exceed usage exceeds  
42.27 one-half of the current wastewater treatment plant's or drinking water system capacity.

42.28 Subd. 11. **Report on needs.** By February 1 of each even-numbered year, the authority,  
42.29 in conjunction with the Pollution Control Agency and the Department of Health, shall  
42.30 prepare a report to the Finance Division of the senate Environment and Natural Resources  
42.31 Committee and the house of representatives Environment and Natural Resources Finance  
42.32 Committee on wastewater and drinking water funding assistance needs of governmental  
42.33 units under this section.

43.1 Subd. 12. **System replacement fund.** Each governmental unit receiving a ~~loan or~~ grant  
 43.2 under this section shall establish a system replacement fund and shall annually deposit a  
 43.3 minimum of \$.50 per 1,000 gallons of flow for major rehabilitation ~~or~~ expansion, or  
 43.4 replacement of the ~~treatment~~ wastewater or drinking water system, ~~or replacement of the~~  
 43.5 ~~treatment system at the end of its useful life.~~ Money must remain in the account for the life  
 43.6 of the corresponding project loan from the authority or USDA/RECD, unless use of the  
 43.7 fund is approved in writing by the authority for major rehabilitation, expansion, or  
 43.8 replacement of the ~~treatment~~ wastewater or drinking water system. By March 1 each year  
 43.9 during the life of the loan, each recipient shall submit a report to the authority regarding the  
 43.10 amount deposited and the fund balance for the prior calendar year. A recipient is not required  
 43.11 to maintain a fund balance greater than the amount of the grant received. Failure to comply  
 43.12 with the requirements of this subdivision shall result in the authority assessing a penalty  
 43.13 fee to the recipient equal to one percent of the supplemental assistance amount for each  
 43.14 year of noncompliance. ~~Failure to make the required deposit or pay the penalty fee as~~  
 43.15 ~~required constitutes a default on the loan.~~

43.16 Subd. 14. **Consistency with land use plans.** A governmental unit applying for a project  
 43.17 in an unsewered area shall include in its application to the authority a certification from the  
 43.18 county in which the project is located that:

43.19 (1) the project is consistent with the county comprehensive land use plan, if the county  
 43.20 has adopted one;

43.21 (2) the project is consistent with the county water plan, if the county has adopted one;  
 43.22 and

43.23 (3) the county has adopted specific land use ordinances or controls so as to meet or  
 43.24 exceed the requirements of Minnesota Rules, part 7082.0050.

43.25 Sec. 12. Minnesota Statutes 2016, section 446A.073, is amended to read:

43.26 **446A.073 POINT SOURCE IMPLEMENTATION GRANTS.**

43.27 Subdivision 1. **Program established.** When money is appropriated for grants under this  
 43.28 program, the authority shall award grants up to a maximum of ~~\$3,000,000~~ \$7,000,000 to  
 43.29 governmental units to cover ~~up to one-half~~ 80 percent of the cost of water infrastructure  
 43.30 projects made necessary by:

43.31 (1) a wasteload reduction prescribed under a total maximum daily load plan required by  
 43.32 section 303(d) of the federal Clean Water Act, United States Code, title 33, section 1313(d);

44.1 (2) a phosphorus concentration or mass limit which requires discharging one milligram  
 44.2 per liter or less at permitted design flow which is incorporated into a permit issued by the  
 44.3 Pollution Control Agency;

44.4 (3) any other water quality-based effluent limit established under section 115.03,  
 44.5 subdivision 1, paragraph (e), clause (8), and incorporated into a permit issued by the Pollution  
 44.6 Control Agency that exceeds secondary treatment limits; or

44.7 (4) a total nitrogen concentration or mass limit of that requires discharging ten milligrams  
 44.8 per liter or less for a land-based treatment system at permitted design flow.

44.9 Subd. 2. **Grant application.** Application for a grant must be made to the authority on  
 44.10 forms prescribed by the authority ~~for the total maximum daily load grant program, with~~  
 44.11 ~~additional information as required by the authority,~~ including a project schedule and cost  
 44.12 estimate for the work necessary to comply with the ~~point source wasteload allocation~~  
 44.13 requirements listed in subdivision 1. The Pollution Control Agency shall:

44.14 ~~(1) in accordance with section 116.182, calculate the essential project component~~  
 44.15 ~~percentage, which must be multiplied by the total project cost to determine the eligible~~  
 44.16 ~~project cost; and~~

44.17 ~~(2)~~ review and certify to the authority those projects that have plans and specifications  
 44.18 approved under section 115.03, subdivision 1, paragraph (f).

44.19 Subd. 3. **Project priorities.** ~~When money is appropriated for grants under this program,~~  
 44.20 The authority shall accept applications under this program during the month of July ~~and.~~  
 44.21 When a project is certified by the Pollution Control Agency the authority shall reserve  
 44.22 ~~money for projects expected to proceed with construction by the end of the fiscal year~~ the  
 44.23 project in the order listed on the Pollution Control Agency's project priority list and in an  
 44.24 amount based on the cost estimate submitted to the authority ~~in the grant application~~ when  
 44.25 the project is certified or the as-bid costs, whichever is less. Notwithstanding Minnesota  
 44.26 Rules, chapter 7077, the Pollution Control Agency may rank a drinking water infrastructure  
 44.27 project on the agency's project priority list if the project is necessary to meet an applicable  
 44.28 requirement in subdivision 1.

44.29 Subd. 4. **Grant approval.** The authority must make a grant for an eligible project only  
 44.30 after:

44.31 (1) the applicant has submitted the as-bid cost for the water infrastructure project;

44.32 (2) the Pollution Control Agency has ~~approved the as-bid costs and~~ certified the grant  
 44.33 eligible portion of the project; and

45.1 (3) the authority has determined that the additional financing necessary to complete the  
45.2 project has been committed from other sources.

45.3 Subd. 5. **Grant disbursement.** Disbursement of a grant must be made for eligible project  
45.4 costs as incurred by the governmental unit and in accordance with a project financing  
45.5 agreement and applicable state and federal laws and rules governing the payments.

45.6 Sec. 13. Minnesota Statutes 2016, section 446A.081, subdivision 9, is amended to read:

45.7 Subd. 9. **Other uses of fund.** (a) The drinking water revolving loan fund may be used  
45.8 as provided in the act, including the following uses:

45.9 (1) to buy or refinance the debt obligations, at or below market rates, of public water  
45.10 systems for drinking water systems, where the debt was incurred after the date of enactment  
45.11 of the act, for the purposes of construction of the necessary improvements to comply with  
45.12 the national primary drinking water regulations under the federal Safe Drinking Water Act;

45.13 (2) to purchase or guarantee insurance for local obligations to improve credit market  
45.14 access or reduce interest rates;

45.15 (3) to provide a source of revenue or security for the payment of principal and interest  
45.16 on revenue or general obligation bonds issued by the authority if the bond proceeds are  
45.17 deposited in the fund;

45.18 (4) to provide loans or loan guarantees for similar revolving funds established by a  
45.19 governmental unit or state agency;

45.20 (5) to earn interest on fund accounts;

45.21 (6) to pay the reasonable costs incurred by the authority, the Department of Employment  
45.22 and Economic Development, and the Department of Health for conducting activities as  
45.23 authorized and required under the act up to the limits authorized under the act;

45.24 (7) to develop and administer programs for water system supervision, source water  
45.25 protection, and related programs required under the act;

45.26 (8) notwithstanding Minnesota Rules, part 7380.0280, to provide principal forgiveness  
45.27 or grants to the extent permitted under the federal Safe Drinking Water Act and other federal  
45.28 law, based on the criteria and requirements established for drinking water projects under  
45.29 the water infrastructure funding program under section 446A.072;

45.30 (9) to provide loans, principal forgiveness or grants to the extent permitted under the  
45.31 federal Safe Drinking Water Act and other federal law to address green infrastructure, water  
45.32 or energy efficiency improvements, or other environmentally innovative activities; and

46.1 (10) to provide principal forgiveness, or grants for 50 percent of the project cost up to  
46.2 a maximum of \$10,000 for projects needed to comply with national primary drinking water  
46.3 standards for an existing community or noncommunity public water system.

46.4 ~~(b) Principal forgiveness or grants under paragraph (a), clause (8), must only be provided~~  
46.5 ~~if the average annual residential drinking water system cost after completion of the project~~
