

Honorable Jamie Long
Chairman, House Climate and Energy Finance and Policy Committee
Minnesota House of Representatives
517 State Office Building
100 Rev. Dr. Martin Luther King Jr. Blvd
St. Paul, MN 55155

Dear Chair Long,

I am writing to you on behalf of Biomass Solution regarding the Future Fuels Act.

The Future Fuels Act was developed by a strong coalition of organizations and demonstrates broad support of a technology-neutral portfolio approach to decarbonize transportation fuels in Minnesota. Beyond lowering the carbon emissions in transportation fuels, it will boost the state's economy and improve public health, especially for historically disadvantaged populations such as low-income and people of color. This policy is a win-win-win for the economy, the environment, and the people of Minnesota.

Specifically, my organization supports the Future Fuels Act bill because:

1. It has potential to accelerate clean technology and project implementation in Minnesota
2. It will accelerate the awareness of the importance of decarbonization
3. It will make Minnesota a leader in transition to the low carbon economy in the Midwest

Sincerely,

Jacek Chmielewski
